PLAN CABARET AS TREE IS LIGHTED

Real Actor Folks to Sing and Sell Christmas Seals Saturday Evening

When you go down town Saturday evening with the wife and the children or the girl to see the Municipal Christmas tree suddenly sparkle into a thousand gay lights and hear the big choir sing as it can only of a Birthday Eve--take a few extra pennies along and stick around after the show. Or, better yet, go early and take in some of the pre-celebration show. Of course, there's to be a big reason.

For an hour or so before the Christmas tree program gets going, a real street cabaret from the miniature stage of a big flat-wagon will entertain the thousands who will crush and jam good-naturedly through the central business streets. And the singing, the dancing, and violin-playing, which will comprise the program, will not be done by folks who don't know how, either. Some thirty or forty of the prettiest and the finest fellows of the "When Dreams Come True" company have volunteered to put on the informal cabaret. The company's due to hold forth at the Orpheum during the holiday days, but the players will get in early so they can help Harrisburg folks enjoy Christmas Eve. All of which is the reason why you should bring an appreciative eye and an appreciative ear to the street show, Christmas Eve--or Saturday evening, the city's official celebration evening. Here's the reason you should bring along an appreciative purse: The pretty girls of the cabaret company will step down from their movable stage and go about among the ad-

mirring hundreds and--sell Red Cross Christmas seals.

There, in less than five lines, you have the reason for this whole tale. Through the co-operation of Manager C. Floyd Hopkins, of the local theater, the theatrical company's assistance in making Saturday Eve SOME all-around Yuletide evening has been obtained for the benefit of the Red Cross Christmas seal sale fund. So bring along the extra pennies that may be still sticking in the Christmas bank.

REPAIR CENTRAL PLANT

Repairs at the mills of the Central Iron and Steel Company plant which were damaged by fire yesterday morning, were continued to-day in an effort to resume operations in the entire plant before this evening. Much of the electrical apparatus in the universal mill was put in service again and it is believed by officials that work will be started again in that department within the next twelve hours. Most of the repair work at Mill No. 2 and at the boilerhouse was completed to-day.

IDA M. TARBELL TO BE ON TARIFF BODY

Author Chosen by President For the Board Because of Ability

Washington, Dec. 19. -- In the next few days, the White House announces, the Shipping and Tariff Commission, authorized by the last Congress, as well as the three commissioners to carry out the provisions of the Federal workingmen's compensation act will be appointed. The President only awaits the consent of one man to accept a place on the tariff board and of another on the shipping board before making the names public. It developed that President Wilson, who is very appreciative of the ability of Ida M. Tarbell, the author, has offered her one of the five places on the Tariff Commission. Miss Tarbell has impressed the President because of her inquiry into the Standard Oil affairs and into other business matters. He is disposed to name her not solely as a recognition to woman, but chiefly because of her fitness for the place.

Dr. Frank W. Taussig of Harvard, Daniel C. Rooper, former first assistant postmaster general, and Robert M. Woolley, who resigned from Director of the Mint are also mentioned. Representatives John J. Casey, of Wilkes-Barre and David J. Lewis of Maryland, are being considered for Workmen's Compensation Commission.

BIG LOCOMOTIVE ORDER

Philadelphia, Pa., Dec. 19. -- An order for 100 large freight locomotives from the Paris, Lyons and Mediterranean Railway, in France, estimated at close to \$3,500,000, has been placed by the Baldwin Locomotive Works. This contract brings the re-

cent orders of the concern to about \$1,000,000. The locomotives will be delivered next summer.

LOSES \$15,000, THEN CHICKENS

Allentown, Pa., Dec. 19. -- Last night the chicken coop of Harris Sofranscy was raided. Last week he was robbed of \$15,067. Sofranscy wonders if there is any connection between the two robberies. He accuses two boarders who went under the names of Goldslee and Rosenstein, of worming themselves into his domicile on the score that they preferred Kosher food to that of a hotel. They disappeared at the same time as did bills, sixteen \$500 bills, forty-seven \$100 bills, 200 tens and sixty-seven ones.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
