

Knocks Obstinate Coughs in a Hurry

A Simple Home-Made Remedy that Gets at the Cause.

Thousands of people normally healthy every other respect, are annoyed with persistent hanging-on bronchial cough after year, disturbing their sleep and making life disagreeable. It's so distressing—there's an old home-made remedy that will end such a cough quickly and safely.

Get from any druggist "2 1/2 ounces of Pinex" (50 cents worth), pour it into a bottle and fill the bottle with plain unadulterated sugar syrup. Begin taking at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, combined with gusiacol and is used by millions of people every year for throat and chest colds with splendid results.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction and money promptly refunded with this preparation. The Pinex Co., Wayne, Ind.

TANLAC BENEFITED HIM

"When I had finished my first bottle of Tanlac," says W. D. Boughter, West Fairview, Pa., "I felt so good at I went around bragging about it to all my friends, but I didn't realize that an entire change this wonderful medicine was going to make in me."

"Why to-day I'd never recognize myself as the worn-out, tired, run-down specimen of humanity that I was such a short time ago. I've been rehauled, rebuilt and made over from my head to my heels."

"I can look back as late this Fall and remember when I never took the time off my dinner basket for days at a time and I didn't eat enough to keep me alive but now I can't get enough to eat."

"I put away eight slices of bread every day with my dinner and at that time I was as hungry as a bear long before it was time to go home for supper."

"I'm plumb full of life, energy and ambition and I can pitch in and do the biggest kind of a day's work any day at all and come up smiling at the end of it."

"That's what Tanlac has done for me and I'd like to let other sufferers know about it so that they can get rid of their misery the same way I did." Tanlac, the famous reconstructive medicine, so highly praised by so many Harrisburgers is now being introduced here at Gorgas' Drug Store where the Tanlac man is meeting the people and explaining the merits of this master medicine.
