RAILROAD RUMBLES

WHY PENNSY IS SEEKING HELP

Establish Employment Clearing House; Agents Receive Applications

Clearing House; Agents

Receive Applications

Under a new plan for handling applications for work, which is new being put into effect by the Pennsylvania hallboad, everyone of the 1,500 station agents on the lines east of Pittsburgh and Erie will become an employment agent. In connection with this change, what will virtually be an employment agent. In connection with this change, what will virtually be an employment at Broad street station, Philadelphia. This is the latest explanation of the recent system-wide advertisements.

From Philadelphia comes information that the purpose of the new plants is to encourage the entrance into the service of the Pennsylvania raliroad, as far as possible, to offer the first opportunities for work to people who are its neighbors. It is the belief of the management that a number of men in the towns, villages and cities through which its lines pass, would welcome the chance to make railroading their career, but in many cases do not know were to apply. The new employment arrangements will make it easy for anyone to make an application and to ascertain what lines of service are open and in what localities work for which he is fitted may be obtained.

Clearing House Plan

Notices posted conspicuously at various points along the railroad, directs all persons seeking employment to apply to the Station agent or superintendent. The agent will interview each applicant, learn his capabilities as fully as possible and direct him to the nearest shop foreman, supervisor, trainmaster or road foreman of engines, who may have vacancies at their disposal. If there are no vacancies on the division where the application is made, it will be forwarded to the effice of the general manager in Broad street station where it will be handled through the clearing house plan which is to be established.

Under the clearing house plan which is to be established.

Heavy Christmas Traffic Ties Up Trains on Pennsy

Passenger, express and mail traffic is causing daily delays to trains. This morning as a result of the heavy business at the Petunsylvania Railroad station there was a string of passenger trains reaching from Market street to Maclay street. Trains from the heart had west were from one to two hears late.

Express and mail are now being hauled on special trains and extra sections of regular trains. Notwithstanding the large force of mail and express men at work at the station, passenger trains are held up while the express and mail cars are being unloaded. This also is causing congestions in railroad yards.

Abolition of Handcar Plan of Lehigh Valley Railroad

New York, Dec. 20.—Abolition of the handcar from the entire system of the Lehigh Valley Railroad was said to be signalized when it became known that an order for 140 motor-driven cars, each to carry ten men at a speed of twenty-live miles an hour, had been placed by officials of the company.

company, company, engineers recommended discontinuance of the handcar, as its use, they reported, "winded" the section hands and prevented them from doing their work properly.

WESTERN OFFICIAL HERE General Superintendent R. C. Lytle, of Duluth, Minn., general superintendent of the Duluth, South Shore and Atlantic Railroad is in Harrisburg. He came east in his private Marquette car and will remain in Harrisburg and vicinity until after the holidays.

Court on Murder Charge
At a hearing before Justice of the
Peace Stees, last night, Warren Gladen
on was held for court on a charge of
murder. He was put in jail in default of bail.

Gladen, who has just been discharged from the Harrisburg Hospital
where he was recuperating from gunshot wounds received in a shooting Calfray in West End Republican Club,
November 25, is held for shooting Calvin Stewart. Stewart was found dead
he next morning in a yard near the
club rooms.
