APPENDIX AND TOE CUT AWAY AT SAME TIME

To have one's appendix removed by the application of local anesthesia has become quite a commonplace operation, but to have not only the appendix, but a toe also, cut away from one's anatomy at the same time was the unusual experience of Henry Menier, an orderly at the Harrisburg Hospital.

ten days ago for appendicitis and after the operation calmly directed the doctors in the amputation of an offending "hammer" toe.

## **Cadomene Tablets Lift You**

Physician Says Weak, Nervous People Gain by Leaps and Bounds When Cadomene Takes Hold.

Tablets Contain Vital Elements for Nerves, Brain and Body.

A nationally known physician, in speaking of the benefits to be expected from Cadomene, the iron, phosphorous, vegetable tonic, said:

"When the structures and functions of the body are in perfect health, they work without attracting attention. The moment that any part of the system becomes inefficient in functioning, the cry of pain, or distress, tells us all too quickly that we are being attacked by nerve and cellular weakness.

Proper tonic and reconstructive means must then be resorted to as an aid to nature, and it is well known that iron, phosphorous and certain vegetable extracts yield prompt and permanent aid." And when Cadomene Tablets are directed to the nervous system, the origin of disturbance is reached, so that the grievous symptoms and distress may be quickly vanquished.

When you become conscious of an unnatural condition, these symptoms are usually manifested. Extreme nervous less, irritability, despondency, sick-nervous-headache, with pains at the base of the brain and along the spinal column, sleeplessness, a coldness of extremities, with a listless, unambitious attitude toward life and its successes, and an ever-present but natural desire that all things desirable should be yours.

Over The Wall to Happiness careiess, industrient, or thoughness expenditure of your vital forces may be the cause, or prolonged lliness, or overwork, with dissipation and excesses, but whatever the cause, you are like an engine with insufficient fuel—your full supply of nervous energy and strength is not forthcoming and therefore the tonic, alternative and nutritive action of Cadomene Tablets, on the nerves and cells of every muscle and structure of the sys-

Cadomene Tablets are prepared in convenient form and may accompany you anywhere in pocket or purse, and taken with due regularity to produce satisfactory and happy results. They are sold by all wide-awake druggists in sealed tubes with full directions for self-administration. They also bear a guarantee of satisfaction or money back,
