There is no more fashionable trimming chan soutache applied over a stamped design and it is exceedingly handsome on the serge illustrated and on all similar materials, but the frock could of course be made of silk and treated in different ways, or of poplin or of a washable material. It is laid in plaits below the yoke and these plaits can be held by the crossed-over straps or by a straight belt. Plaid tafleta would be very pretty trimmed with bands of velvet ribbon for a dressy frock. For a school dress, linen would be handsome either braided with cotton soutache or banded with color or trimmed with washable braid or treated in some such way. White would be pretty with bands of color or color would be pretty with bands of white. Cotton poplin makes good frocks of this sort, too, and the soft finished piqués are charming this season. taught in county schools during the new year by means of a clever system of blue print drawings and instructions that has been devised by Assistant County School Superintendent W. R. Zimmerman. R. Prof. Zimmerman has sent out drawings and instruction in serial in the making of a birdhouse, a camp stool, a clotles rack, a sled, a farm gate, a chicken coop and a wagon "jack." By this means the school teacher can show the boys how to put these articles together. The boys will furnish the tools and storebox wood or other material wherever possible. Courses in domestic science will be taught the girls by a similar system.

STUBBORN COLDS

Cause Weak Lungs, Harrisburg Druggist Suggests a Reliable Remedy.

Remedy.

We have a constitutional remedy for hard colds and weak lungs which we guarantee. Such letters as this prove its efficiency:

Wickatunk, N. J. "I suffered from weak lungs, pains in my chest and very short of breath. I am an agent for the C. R. R. of New Jersey. I had a very bad cough and lost fifteen pounds in weight and my trouble interfered with my occupation so that I had to stop work last July. I had doctored for sometime without benefit, but when I learned of Vinol through a friend I decided to try it, and soon commenced to improve. My cough has gone, the soreness from my chest disappeared, I am working again, and have regained the fifteen pounds in flesh which I lost." Victor Walden, Wickatunk, N. J.

The reason Vinol is superior to any other remedy is because it contains in deliciously palatable form the healing, body-building and strengthening elements of beef and cod liver peptones, iron and manganese peptonates and glycerophosphates — the oldest and most famous tonics known to medicine. Try it on our guarantee.
