NEWS OF STEELTON

ESTABLISH NEW RECORDS IN P. O.

Business in Postal Saving Sys- tem Triples That of Last Year

New Records in borough post office business were established during the year just closed, according to figures submitted for publication by Postmas- ter Cusack to-day. Figures in each department surpassed those of pre- vious years.

About \$46,000 was deposited to the credit of postal saving system deposi- tors. This department made unpre- cedented strides over those of last year. Only \$15,000 was put on deposit in this department last year. Much of this business is due to foreigners. Postmaster Cusack stated to-day that the foreigners would much sooner put their money on interest with the govern- ment at 2 per cent, where they know it is in safe keeping, than in a bank for more profits where they are not so sure what will become of it.

The postal funds, realized from the sale of post cards, stamps, etc., this year amounted to \$23,000, a gain of about \$2,000 over that of last year.

The money order business netted about \$200,000. This department was on a par with the business of last year. On account of the foreign busi- ness in this department being closed, many of the foreigners in this country are unable to send their money to their native lands, as was their custom prior to the war.

FAVOR LICENSE FOR FISHERMEN

fishing and also the classification of game, food and bait fish.

During the afternoon other pro- visions of the code will be discussed.

Shorter seasons for small game and a smaller bag limit will be recom- mended by the State Game Commission in a codified game bill to be presented to the Legislature.

The proposed changes were dis- cussed last night and yesterday after- noon at a conference called by the State Game Commission which was attended by sportsmen from all over the state. Sessions held in the caucus room of the House of Representatives were presided over by William B. McCaleb, of this city, a member of the Game Commission.

Copies of the proposed new law were sent out some time ago by the Game Commission with a request for suggestions for changes. Many sports- men disagreed with parts of the new bill. Some suggestions were inserted. Other changes offered yesterday brought a lively fight between the rep- resentatives of the organized state sportsmen's bodies and the independ- ent game sportsmen.

Truce was declared when a resolu- tion was offered and adopted to refer all amendments to a legislative com- mittee representing all bodies present. Subsequently with Dr. Joseph Kallifus, secretary of the State Game Com- mission, presiding, this committee met in the office of the Secretary of the Commonwealth.

Adopt Recommendations
At the opening of the session last night the legislative committee re- ported the following, which were adopted.

Season for pheasants, quail, woodcock, ring-necked pheasants, Hungarian quail, gray, black and fox squirrel, from October 15 to Novem- ber 25. The original bill made the late date November 30, but it was ar- gued that bird hunters would remain in the woods on November 30 with their dogs and get after the deer at once on December 1, and an interval of five days was decided upon.

Wild rabbit and wild hare, Novem- ber 1 to December 31.

Wild turkey, November 10 to Novem- ber 25.

Squirrels, October 15 to Novem- ber 25.

Bees, October 15 to December 15.

Upland plover, August 1 to Novem- ber 25.

Shore birds, excepting woodcock, September 1 to January 1.

The original bill made the deer on the black list and will not be protected.

Jack snipe, September 1 to Novem- ber 25.

Wild water fowl, September 1 to December 15.

In connection with this it was de- cided by resolution to request the Bi- ological Survey at Washington to make the Pennsylvania open season for wild fowl as suggested and put Pennsylvania in a class with neighboring states.

Bag Limits Decrease

Lengthy discussions followed amend- ments to lessen the bag limits and permit only a daily and season limit. Some sportsmen wanted an increase, arguing that reports from hunters last season showed that only 10 per cent. of the game in the state was killed. The following recommendations were agreed to:

Daily limit—Four ruffed grouse, eight Virginia partridges, one wild tur- key, ten woodcock, four ring-necked pheasants, four Hungarian quail, one bear, six squirrels, eight wild rabbits and three hare.

Season limit—One wild turkey, twenty ruffed grouse, twenty-five Vir- ginia partridges, commonly called "wild turkeys," twenty woodcock, ten ring-necked pheasants, ten Hungarian quail, one bear, twenty combined kinds of squirrels, forty wild rabbits, fifteen hares, and three owls.

Amendments were made to the deer section providing that when venison is found in possession of hunters they must swear that it was legally killed, and that when a buck deer is killed it must be tagged with the name of the hunter who killed it, which is to pre- vent the crack shots from killing more than one buck deer in the killing for the entire camping party.

The recommendation of the Game Commission, which met to-day, that the killing of elk in Pennsylvania be punishable by the imposition of a \$500 fine and six months in jail was fully discussed and then referred back to the commission with the request that it obtain a legal opinion on the ques- tion.

Other Recommendations

The new bill will also include recom- mendations prohibiting Sunday shoot- ing, providing for the confiscation of property of hunters convicted of game law violations, requiring a full and complete report of birds killed for scientific purposes under a license, making it compulsory for a certificate from the Department of Agriculture before game from other states is brought to Pennsylvania for propaga- tion purposes, and permitting the killing of hawks and owls.

A resolution presented by Repre- sentative Joseph Phillips, of Clearfield, and passed recommends to the Legis- lature the purchase of a certain tract of pine timber land in Jefferson and Indiana counties. It is said to be the only original pine tract in Pennsylv- ania.

At the opening of the session yester- day afternoon William B. McCaleb, of the State Game Commission, who presided, called attention to the large amount of cash in the State Treasury received from hunters' licenses. He said, in part:

"It is the duty of the commissioners to see that this fund is not appro- priated for any other purpose except for the propagation of game or ad- vancing interest of sportsmen in Penn- sylvania. As sportsmen you have earned your right to say how this money must be used. I warn you to keep a close watch and take a hand in the enactment of such laws as will advance your interests as hunters and give the Game Commission what they need for the protection and prop- agation of game."

Governor Martin G. Brumbaugh wel- comed the sportsmen and expressed his belief that the meeting would ac- complish a whole lot of good. He voiced the sentiments of Mr. McCaleb and said in part:

"There is much interest in hunt- ing, and Pennsylvania with its limit- less forests should be a great hunting ground. The large fund received from hunters' licenses is used for bounties on noxious animals and the replacing of wild life in our woods, has resulted in a renewed interest in life in the open."

Replenish Forests
The Governor advocated the re- forestation of the barren lands in the 1,200,000 acres of State forests and said there should be some way by which the diversity of altitude of the northern tier counties should not work to the disadvantage of those hunters

living farther south. The State, he said, was too large to permit a limited season that will fit all parts.

The legislative committees of the various organizations present included the following:

Pennsylvania State Sportsmen's As- sociation—Frank M. Eames, Philadel- phia; F. A. Godcharles, Milton; J. G. Martin, Harrisburg; E. D. Henline, Bradford; E. W. Kelley, Dubois.

Wild Life League of Pennsylvania—James B. Sansom, Pittsburgh; G. Neine, Pittsburgh; J. E. Bryan, New Castle; J. H. Winters, Altoona; J. T. Davis, Pottsville.

United Sportsmen of Pennsylvania—

S. C. Gernon, Scranton; A. W. Rich- ards, Warren; C. J. Miller, Oil City; J. E. Creveling, Philadelphia; J. E. Gable, Johnstown.

Independent Association—J. C. Vo- gel, Doylestown; E. S. Welmer, Leba- non; E. F. Markley, Easton; J. P. Reiff, Norristown; P. J. Dever, Free- land.

LITERARY PROGRAM
The literary branch of the Young Men's Hebrew Association will have charge of the program Sunday night at the association rooms, Sixth and Sayford streets.

CARPENTERS WANT INCREASE
Union carpenters of this city at a meeting of Local No. 287, United Brotherhood of Carpenters and Join- ers of America, to be held to-morrow afternoon, will consider plans to de- mand higher wages May 1. The call for the meeting was issued by J. A. Barnes, recording secretary of the local. Two proposals will be consid- ered. One calls for an increase from 40 to 45 cents an hour; the other from 40 to 50 cents an hour. According to Secretary Barnes, there are almost 300 members in the organization.
