DENTAL "EXAMS" ARE PASSED BY 25

Names of Those Who Were Successful in the Recent State Tests

The State Dental Examining Board to-day announced names of those who had passed the recent examination held by the board and would be given State licenses to practice within Pennsylvania. The list is largely made up of Philadelphians. There were comparatively few failures.

The list is as follows: Harry E. Bouden, Philadelphia; Hyman M. Bronstein, Philadelphia; Alexander F. Burton, Philadelphia; William J. Carroll, Philadelphia; David E. Cooper, Philadelphia; Frank C. Diefenderfer, Allentown; John E. Dugan, Plains, Pa.; Harold L. Fazzart, Philadelphia; Francis J. Gibbons, Scranton; Martin K. Glassman, Philadelphia; Augustus T. Granger, Philadelphia; Daniel E. Holland, Lebanon; Walter S. Kutz, Easton; Edward F. Lafitte, Philadelphia; Raul Leite, Philadelphia; Edgar Hollis May, Pittsburgh; Francis M. Nealon, Pittsburgh; E. L. Nef, Nesquehoning; Thomas D. Penza, Philadelphia; Leonard E. Powell, Philadelphia; Samuel James Snyder, Philadelphia; Eugene E. Stout, Philadelphia; Walter L. Williams, Philadelphia; Seishin, Yoshizaki, Philadelphia; and Carl S. Ziesel, Philadelphia.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Hurry, Mother! Remove poisons from little stomach, liver, bowels.

Give "California Syrup of Figs" if cross, bilious or feverish.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit ng syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

plans of the Public Service Commission for holding hearings are likely to be made during the coming winter and spring and will probably result in hearings being held later in the week than has been the rule.

Mondays and Tuesdays are to be devoted to executive sessions and hearing of arguments and applications, the cases held over from the previous week to be cleared up as far as possible and on Wednesdays and Thursdays and probably Fridays hearings will be held.

The commission will adjourn to-day until next Monday when a long list of applications for approval of contracts will be taken up.

To Place Paintings. — Erection of scaffolding for the placing of the mural decorations executed for the Senate by Miss Violet Oakley was begun to-day and in all probability the first of the paintings will be placed in position early in the week under the personal supervision of the artist. Miss Oakley will place the finishing touches on the canvasses when they are in place. The plan is to complete everything before the return of the senators on January 22.

Must Give Terms. — Councilmen who have been appealing to State authorities because of questions over terms will not get very far under a decision of Judge Stephens, of the Cambria county courts. The judge ousted four councilmen of Franklin who held that they were elected for four-year terms, and would not give up on January 1. The point in the case is that the terms must be specified after the facts are ascertained.

State Takes Action. — The State Health Department last night took vigorous steps to stamp out smallpox, which has been making sporadic appearances in Allegheny county. Dr. H. L. Hull, associate chief medical inspector, left last night for Pittsburgh and the department issued hundreds of warnings to employers and municipal authorities so that the chances of any outbreak among laborers in congested districts could be headed off.

Mr. Nason Here. — W. R. Nason, formerly one of the clerks of the Senate and now a publisher and county official of Erie, was a Hill visitor.

To Discuss Inspection. — Conference to discuss dairy inspection will take place in the Department of Agriculture in the next few weeks and the suggestions on the bill will then go to the Governor.

Spoke at Patton. — W. R. D. Hall, statistician of the State Highway Department, spoke at Patton on the work of the State Highway Department last night.

To Meet Next Week. — The State Board of Pardons meeting to dispose of hold-over cases will be held the middle of next week, as announced.

Sell Houses To-morrow. — The next sale of buildings on properties of the Capitol Park extension district will be held to-morrow, and it is expected to get good prices for the material in the thirty-two buildings.

To Ask Commissions. — Plans have been made to ask commissions in January to be named by the State Board of Pardons in the Wyoming and Northampton county cases. This action will be taken this month and the board will probably act.

New Policemen. — The new State policemen enlisted this week were James I. Gardner, Harrisburg, formerly a city policeman; John Bock, Jeannette; Allin E. Cook, Wilkes-Barre; Jacob H. James, Shippenburg, formerly in the marine corps; John S. Risell, formerly in the United States cavalry.

SHOOTING FISH IN GUIANA

Although the Guiana Indians all use guns for hunting game, they still adhere to bows and arrows for killing fish and employ blow-guns and wourall — poisonous darts for securing birds and small animals. The bows are usually of letter-wood, about five feet in length, and very powerful. The arrows vary according to the purpose for which they are designed, but all are long—from five to six feet—with shafts of arrow-cane and a shank of hardwood fitted at one end. This piece is tipped by a steel point or head which is fixed immovably if the arrow is for shooting birds or small fish; or, if used for killing turtle and large fish, is equipped with a socketed head, attached to a long, strong, cotton line. When a large fish is struck, the shaft floats free from the socketed head, which acts as a toggle, and turns at right angles when a strain is put on the line. By means of this harpoon-like arrangement the fish or turtle is hauled in. Neither fish nor turtle arrows are feathered, but those used in hunting birds are provided with two feathers which seem far too small to serve any useful purpose. With these simple weapons the Indians creep along the rocky edges of the streams and eddies and with marvelous dexterity shoot the fish which only their hawklike eyes can discern deep beneath the surface. Naked, save for a lap or loin-cloth, the hunter stands motionless as a statue, with drawn bow and poised arrow, and, if no fish are visible within range, he "calls them" by a peculiar beckoning motion of his hand and a low whistle. Whether or not the fish actually respond to his command I cannot say, but the Indians affirm that they do, and, when this method fails, the savages resort to attracting the fish within range by throwing certain pods and seeds into the water. — A. Hyatt Verrill in Harper's Magazine for January.

Confidence

Business to-day is a big game and can only be played in a big and broad-minded way.

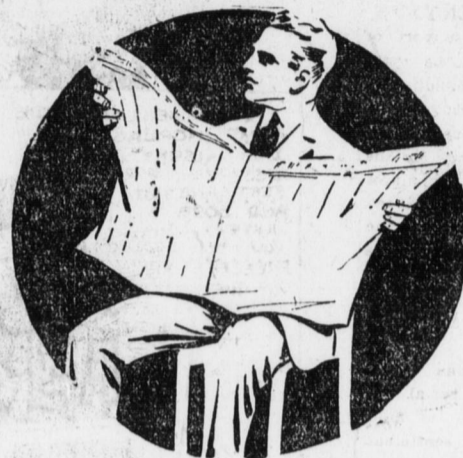

Selfishness is not a part of good service.

Humans do not begin by walking neither do they succeed by just talking.

It takes time to develop a big business along successful lines, just the same as it takes time to grow in character.

As an organization, we are willing to take plenty of time to win your confidence. It is doubtful if there is a more patient or painstaking organization anywhere than this one. We want you to make this Live Store — "Your Store."
