

Keeps Her Children In Perfect Health

Dr. Caldwell's Syrup Pepsin the Family Laxative For Many Years.

Mrs. Aug. Doellefeld, of Carlyle, Ill., recently wrote to Dr. Caldwell, at Monticello, Ill., that she has used Dr. Caldwell's Syrup Pepsin in her home for a number of years, and would not be without it, as with it she has been able to keep her children in perfect health. Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that acts on the bowels in an easy, natural way, and regulates the action of this most important function. Nearly all the sickness to which children are subject is traceable to bowel inaction, and a reliable laxative, such as Dr. Caldwell's Syrup Pepsin, should have a place in every family medicine chest. It is pleasant to the taste and children like it, and take it readily, while it is equally effective for adults.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a fac simile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington street, Monticello, Illinois.

SAYS CITY SHOULD BE "TWO-NIGHTER"

Al. G. Field Declares Harrisburg Booking Should Be Changed

"Very nearly every other State capital in the country is known in theatrical parlance as more than a one nighter, except Harrisburg," declared Al. G. Field, the minstrel man this morning. "We are trying to put this city on the amusement map as a two night stand, and from all indications I guess we will succeed. My home town, Columbus, Ohio, is a capital and attractions stay there three days and even a week is a common engagement. There is no reason why Harrisburg should not be in the list and not classed as a one night stand, but as a rule producers are afraid to chance anything that might not pan out."

"If we are successful you will find that other attractions will be booked in here for more than one night." Al. G. Field has been coming to this city for the past forty years, thirty-one of which has been at the head of his own company of minstrels.

partment. In the general appropriation to the Highway Department there was one item covering the construction and maintenance of State Highways, and an entirely separate item covering the construction and maintenance of State-aid highways. State-aid highways are such as are defined and described in the Sprout act. State-aid highways are main traveling highways, not forming part of the State highways, which are improved by the aid or assistance of the State in connection with the local authorities. By the act of June 13, 1916, all the boroughs are authorized to contribute to the construction of State highways within their limits, and under that act about twenty or twenty-five boroughs including Camp Hill and Penbrook, made application for the reconstruction of certain roads within their limits which formed parts of State highways.

Money Exhausted

"The State Highway Commissioner had exhausted in other work all of the appropriation for the construction and maintenance of State highways and proposed making these improvements out of the funds appropriated for the construction and maintenance of State-aid highways. Our Department ruled that unapproved actions of the act of May 31, 1911, he could not use moneys appropriated for the construction and maintenance of State-aid highways for the improvement of State highways, and as the appropriation for the State highways had been exhausted by previous contracts, the work of improvement in these boroughs could not be continued until the Legislature appropriated more moneys for the improvement and maintenance of State highways.

To Ask Brokers For Books

A resolution offered by Mr. Campbell to ask the New York Stock Exchange to preserve all its books and papers from December 10 to the present date, and another by Representative Harrison, of Mississippi, to make the same request of W. B. Hibbs and Company, and any other brokers in Washington, were approved by the committee.

to make his statement in secret session which the committee denied. At the conclusion of today's session Chairman Henry asked Secretary Tumulty would appear with out subpoena and that subpoena were ordered for Curtis and Baruch. Representative Gardner of Massachusetts who had joined the committee of investigation, will be heard to-morrow and Thomas W. Lawson will be heard Monday.

The names of Joseph P. Tumulty, secretary to President Wilson, and Bernard Baruch a New York stock market operator, were linked at the House Rules Committee hearing today by Representative Wood.

Representative Wood declared that a Washington brokerage firm, F. H. Connolly and Company, of which "Mr. Bolling," brother of President Wilson's wife is a member, had profited by stock transactions during the market flurry. Their deals were transacted by the New York firm of E. F. Hutton and Company, Wood said.

"I am informed," Mr. Wood testified, "that Barney Baruch had been informed about the note to the European billholders two or three days before it was sent and that on two or three occasions at about that time he was in consultation with Mr. Tumulty at the Biltmore Hotel."

Representative Bennett of New York, a member of the committee, said on the House floor Wednesday that Baruch was reported in New York to have sold \$1,000,000 worth of steel on a rising market shortly before the note was made public.

At the outset of the hearing Representative Chaperfield of Kansas, moved to subpoena Secretary Lansing, Secretary Tumulty, Baruch and Thomas W. Lawson. He was prevailed upon by other members to withdraw his motion but he said he would make it again later.

Representative Wood objected strenuously to testifying in public. Representative Wood said most of the statements he made were based on information in a letter to him from A. Curtis, a Wall street broker. He did not have the letter with him but said he would produce it.

Information Only Hearsay

What information he had regarding the so-called leak, he said, was only hearsay and he feared that a public statement would interfere with the work of the committee in obtaining witnesses.

Representative Chaperfield, of Illinois, Foster, of Illinois, and Harrison, of Mississippi, protested so vigorously against any "star chamber proceedings" that Representative Garrett, of Tennessee, who had moved that the sessions be made executive, withdrew his motion.

Chaperfield insisted that as a witness sworn to tell the truth Wood should give the committee the advantage of all the information in his possession. Wood testified he had been informed that on Wednesday, December 20, which was prior to publication of the note, confidential telegram had been sent by R. W. McKinnon, of Thompson and McKinnon, brokers, of Chicago, to Ralph H. Hartley, manager of their branch in Oshkosh, Wis., advising him that the President would

DROPSY TREATED FREE

By Dr. Miles, the Great Specialist, Who Sends a \$3.75 Trial Treatment Free

Many Report Cured After Others Failed

At first no disease is apparently more harmless than dropsy; a little swelling of the eyelids, hands, feet, ankles or abdomen. Finally there is great shortness of breath, cough, faint spells, sometimes nausea and vomiting, even bursting of the limbs and a lingering and wretched death if the dropsy is not removed.

Dr. Miles has been known as a leading specialist in these diseases for 30 years. His liberal offer of a \$3.75 treatment free to all sufferers, is certainly worthy of serious consideration. You may never have such an opportunity again.

The Grand Dropsy Treatment consists of four dropsy remedies: Dr. Miles' Tonic Tablets and Pura-Laxa for removing the water. This treatment is especially prescribed for each patient and is three times as successful as that of most physicians. It usually relieves the first day, and removes swelling in six days in most cases. Delay is dangerous.

EX-TAX COLLECTOR CONSCIENCE HIT

Sends Four Dollars to the State Treasury to Ease Up His Mind

Frank Mowry, formerly tax collector of Meshoppen, Wyoming county today, paid \$4 to the State Treasury to satisfy his conscience. He sent the money in a registered letter to the Treasurer of Pennsylvania and set forth that "three years ago I gave my heart to God and feel that what belongs to the State and I must obey the Spirit." Mowry in his letter stated that six years ago a man moved from a township into the borough adjoining and he was exonerated from the collection of the tax, but a few years later he paid the money. Mowry said that he felt that it was all right to keep it until lately when he says his conscience began troubling him and he felt that it belonged to the State.

State Treasurer Young put the money into the conscience fund.

The attorney general's department was to-day asked by the governor's office for information as to authority to order printing during a vacancy in the office of superintendent of public printing and binding. No one has been named to succeed A. Nevin Pomroy, whose resignation took effect on January 1, and the State printer has declined to honor orders until the question as to who has authority to make requisitions for printing during a vacancy in the office is determined. Meantime printing for State departments has been held up.

Complaint was filed to-day by the Chamber of Commerce and citizens of Doylestown against the Pennsylvania and New Jersey Power and Light company, which furnishes power from a plant at Yardley. It is claimed that since the company passed into non-resident control the Doylestown plant has not been operated and the service is poor and irregular.

J. E. Donlevy, of Chester, has filed a complaint with the Public Service commission against the Pennsylvania, alleging that the distribution of cars to carry slag has been discriminatory.

Governor Brumbaugh leaves late this afternoon for Philadelphia, where he will remain until Monday when he will return to greet the members of the electoral college. The Governor has been here except when he attended his father's funeral since the Monday before Christmas.

There were no developments to-day in the matter of the Smith resignation and possible appointments and the governor refused to discuss them. It is said that a Philadelphia man with experience in handling large buildings is in line for the \$5,000 place of superintendent of public grounds and a vacant place vacant by the resignation of Samuel B. Tambo.

To-day was the birthday of William H. Ball, private secretary to the Governor and he received a number of congratulatory messages. He was born in Philadelphia in 1869.

Attorney General Brown paid a flying visit to Harrisburg to attend a meeting yesterday. He was in our midst one hour.

Officially announced that the note had been transmitted to Europe on the cables in the early morning hours of December 19.

How Baruch got it, I am not prepared to say, but a gentleman of my acquaintance makes the positive statement that he saw Mr. Tumulty and Mr. Baruch breakfasting together at the Biltmore hotel in the city on two or three occasions coincident with the opening of the note and its secret dispatch.

"That Baruch at this juncture smashed the market heavily and in all
