Are You Intoxicated? The question is not as impertinent as it sounds. You may be a real teetotaler and yet be "intoxicated"-that is, poisoned by the gases that come from imperfect digestion. The products of food putrefaction are taken up by the blood and often poison the entire system. Cut out meats and starchy foods for a while. Eat Shredded Wheat with milk or cream for breakfast; eat it with stewed fruits and green vegetables for dinner or supper. It will cure autointoxication and make a new

The soothing, healing Resinoi medication in Resinol Soap, combined with its freedom from harsh, irritating alkali, gives to red, rough and pimply com-plexions that whiteness and velvety softness which women crave. A skin washed only with Resinol Soap

s usually a skin to be proud of. When the skin is in really bad condition, spread a just a little Resinol Ointment for ten minutes fore using Resinol Soap. Resinol Soap and Res-ol Ointment are sold by all druggists. J. HARRIS BELL

Serious Financial Condition Is Shown in Annual Report

J. Harris Bell was elected president of the Harrisburg Society For the Prevention of Cruelty to Animals, to succeed John T. Olmsted who last night at the annual meeting of the society refused renomination for election to

that office.

Mr. Olmsted, who was president for tow years, explained that other business matters require his attention and keep him from devoting enough time to the affairs of the society. He was then elected to the board of directors to serve until 1920. Other officers who were chosen last night follow: Vice-president, Miss Mary H. Pearson; secretary, E. A. Miller; treasurer, Robert McCormick; five directors to serve until 1920, Miss Hannah A. Durbin, Mrs. Charles A. Kunkel, Miss Helen B. Wallace, V. Grant Forrer and John T. Olmsted.

A serious financial condition was shown in President Olmsted's annual report. As the number of prosecutions of the state of t intoxication and make a new man of you. All the meat of the whole wheat in a digestible form. A perfect meal at lowest cost. Made at Niagara Falls, N. Y.

RETURN TO BORDER
Captain Edward H. Schell, quartermaster, and Captain Harry Nelson Bassler, chaplain, of the Eighth Pennsylvania Infantry, who were home on furloush, left at 2.30 o'clock this afternoon to report for duty again at Camp Stewart, near El Paso, Texas. Captain John T. Bretz, of Company D, Eighth Regiment, will return to-morow.

To the affairs of the society. He was stended to the board of directors to serve until 1920. Other officers who were chosen last night follow: Vice-president, Miss Mary H. Pearson; secretary, E. A. Miller; treasurer, Robert McCormick; five directors to serve until 1920, Miss Hannah A. Durbin, Mrs. Charles A. Kunkel, Miss Helen B. Wallace, V. Grant Forrer and John T. Oimsted.

A serious financial condition was shown in President Oimsted's annual report. As the number of prosecutions decreased greatly during the fall of 1916, causing a drop in the revenue of the society. An increase from 141 to 276 in the membership was reported during the year.

Included in the program given last night in the Technical High School auditorium was an address on "Birds and Their Habits," by William S. Essick. Miss Wallace spoke on "The History of the Humane Movement," giving an account of the work of the society.

society.

Need of a permanent meeting place for the societl, and some sort of shelter for small animals were pointed out in the addresses last night, but are both impossible because of the present financial situation.

#### Will Not Act on Poor Board's Request For Fund Until Wednesday

Definite action on the Poor Board's request for \$75,000 for the maintenance of the county's poor during the year will probably not be taken by the County Commissioners until

the County Commissioners until Wednesday, as the commissioners want to get some legal advice from Solicitor Phil. S. Moyer as to whether or not they can provide money for improvements such as the contemplated new peggeries, cold storage plant, etc., at the almshouse.

The commissioners have decided to allow two physicians for a coroner's autopsy, one to be selected by the district attorney, the ather by the coroner. Ten dollars each will be allowed the two physicians and an additional \$10\$ will be allowed for each if they appear in court. No other regular witness fees, however, will be paid. The rule, however, will apply only to murder cases.

#### All Railroads May Soon Be Using Flawless Rails

New York, Jan. 5. — All of the rail-oads of the United States may before

roads of the United States may before the end of the year be using the flaw-less rails for which they have been searching for half a century. Dr. P. H. Dudley, the rail expert of the New York Central railroad, whose discoveries are to be made available for the use of all carriers, has submitted to the American Railway Engineering Association a supplement report embodying his final technical recommendations for the guidance of manufacturers and users of rails.

The first announcement of Dr. Dudley's discoveries were made in a report to A. E. Smith, president of the New York Central, last September. He took issue at that time with the theory that railways had and always would have flaws in rails. All rails for the New York Central railroad since 1880 have been made under his supervision and in a stretch of rails he made and laid five years ago from New York to Buffalo there has been but one break or failure. His process deals with the cooling of the rails and the avoidance through his methods of interior fissures.

MILK PRODUCERS DON'T WANT TO GOUGE PUBLIC

Want to Be Fair Says Strock
"We want to be fair, too." President
Strock said, "and are not asking too
much. Personally I agree with some
of the Harrisburg retail men; that we
should adopt a changing scale. I am
sure that the majority of the farmers
will favor a plan to charge 20 cents a
gallon for six months; and 18 cents a
gallon for the other half year.

"It is not our intention to
prices beyond what they should be,"
"During the last year the cost of feed does not
of Men's Clothing.

"During the last year the cost of
my producing milk has increased at least
30 per cent. and yet at 20 cents a gallon we are not asking that much of an
increase from the retailer. Then, too,
many people think that it is much
cheaper to care for cows in the summer than in the winter.

"Thuring the last year the cost of
my producing milk has increased at least
30 per cent. and yet at 20 cents a galincreasing cost of cows per head and
how we are not asking that much of an
increase from the retailer. Then, too,
many people think that it is much
cheaper to care for cows in the summer than in the winter.

"Thuring the last year the cost of
how are not asking that much of an
increase from the retailer. Then, too,
many people think that it is
much
cheaper to care for cows in the summer than in the winter.

"Thuring the last year the cost of
how are not asking that much of an
increase from the retailer. Then, too,
many people think that it is
much
cheaper to care for cows in the summer than in the winter.

"Thuring the last year the cost of
how a renot asking that much of an
increase from the retailer.

"President Strock said that with a
siliding scale of 18 to 20 cents per gallon, he knew of no reason why the
retail price should be advanced.
