PONTIFF PLANS CHRISTIAN UNITY

Will Renew Movement Abandoned by Pope Pius X

Washington, Jan. 5.—Private letters from the Vatican received by Dr. A. Palmieri, of the Library of Congress, a recognized writer on ecclesiastical subjects, announce that Pope Benedict XV is about to appoint a commission of four cardinals to renew a movement begun by Pope Leo XIII and abandoned by Pope Pius X, looking to a reunion of Christianity and the cultivation of friendly relations with the Anglican Church. A public announcement on the subject from Rome is expected shortly. Dr. Palmieri said last night that the new movement, as outlined in his advice, would be directed particularly toward the establishment of a reunion of the Russian Church and the Papacy and to a thorough re-examination into the validity of Anglican or Episcopal ordinations, which was set forth in the negative in a Papal bull "apostolical sedes" by Pope Leo X.

The honor of presiding over the commission of cardinals, Dr. Palmieri has been informed, will be bestowed upon Cardinal Nicola Meini, one of the new cardinals created in the last consistory. "The new Pope," said Dr. Palmieri, "has taken a considerable part in the efforts of neutral nations to establish peace, and the Vatican's efforts have been suggested not only by a humanitarian spirit but by a longing for Christian unity and a desire to end the conflict which long ago divided Christian churches. Efforts for carrying out the reunion of Christianity were abruptly stopped by Pius X, who aimed at an inner reform of the Catholic clergy and turned all his energies to the crushing of modernism."

Olmsted and Stamm Now Olmsted, Snyder & Miller, but No Change in Firm

Olmsted and Stamm have sent out announcements of a change in the name of the firm to Olmsted, Snyder & Miller. There is no change in the personnel of the firm, the members of which are W. S. Snyder, R. S. Miller, J. T. Olmsted and W. Milhouse. The business of this firm has had a continuous existence for about forty years, during which time it has had occasion to try out before the Dauphin county court and the Supreme Court of Pennsylvania, as well as the Supreme Court of the United States, almost every possible question dealing with State taxes, and has made more tax law through the decisions of the courts than any other lawyer or firm of lawyers in the State of Pennsylvania. There has been practically no important question of State taxation decided during the last thirty-five years in which the members of this firm have not played an active part. One of the more recent important tax cases in which this firm has been interested was that in which the anthracite coal tax imposed by the act of 1913 was declared unconstitutional. William S. Snyder, who has for many years been connected with the firm of Olmsted and Stamm, after the death of Mr. Olmsted assumed charge of the trial of cases before the various courts.
