Women Are Skilled Workers in Chalmers Factory

With American illustrated weeklies reproducing photographs of women at work in the munitions plants of Great Britain, it has probably never occurred to the average reader that women have for some time past occupied much the same position in many of Uncle Sam's factories.

At the plant of the Chalmers Motor Co., in Detroit, women are employed at many tasks heretofore delegated exclusively to male employes. And they are not merely earning men's wages. They have proven to the satisfaction of the factory heads that they are more painstaking and efficient in every way.

"While the small increase in the
pay of the men provided by the act
of 1911 helped at that time to keep
experienced men on the force; says
in the last five years and the large, increase in wages of all classes of laborhas not only made it difficult to secure desirable recruits but has influenced members of the force to resign so as to accept much better paying propositions.

Penn's Strong Man Is

Easy Mark For Sword Fish

Palm Beach, Jan. 6. — Mike Dorizas, the former Penn strong man, has
ittle trouble throwing his rivals on
the mat, but when Mike met a swordshift during his recent trip to Palm
Beach, Pla., the latter proved that the
fish, quick as a flash, fastened
teeth into Mike's right hand.

Dorizas, while in Greece, was an
adept at harpooning, and this
art proved to be a life-saver for him,
seizing a good-sized stick which was
nearby, Mike plunged it through the

STOCK TRANSFER TAX YIELDS BIG

Commonwealth Receives \$190,-304.20 in First Calendar Year of Operation

Pennsylvania's stock transfer tax law of 1915 yielded the Common-wealth \$190,304.20 in the first calen-dar year of its operation, according to the records of the Auditor General's Department, and as this year was marked by the greatest activity in stocks, it is believed this figure is a good test of what it will produce. The month of December was one of the

good test of what it will produce. The month of December was one of the largest in the way of receipts, bringing in \$24,304.18. The receipts reported by the Auditor General for the eleven months preceding December, which constituted the part of the fiscal year in which the act was in force, was \$165,950.02.

Including the receipts to the close of January 4 the revenue of the State Highway Department for automobile licenses for 1917 amounted to Just about half of the total received for licenses for 1916. The revenue for the calendar year 1916 amounted to \$2,-235,057.50, which established a highwater mark for automobile revenue and placed Pennsylvania near the leader in the United States in that respect. The revenue received to the close of January 4 for 1917 licenses amounts to \$1,169,700.

Demand for oleomargerine licenses sent the revenue of the State dairy and food commissienr's division to a record point, a total of \$303,000 for 1916 being reported. The best previous year was \$279,000.

Alien's Claim Despite Bar in Workmen's Law

Whether or not an alien may recover damages for the death of a relative killed while at work despite the fact that the workmen's compensation act exempts this feature, will be tested out for the first time in Dauphin county and probably for the first time in the State when the trespass action of Pasquale and Anna Maria Capone Liberato against S. A. Royer and Albert Herr for \$5,000 damages is tried out in the Dauphin county courts. The Liberatos are not naturalized.

The suit on behalf of the Liberatos was begun yesterday by Attorney John C. Nissley, their counsel, and while the exact sum has not been specified as vet by a statement, it is understood that \$5,000 will be the figure.

The action is brought for the death of their son Joseph, a youth who was killed in quarries of Royer and Herr, seast of Hummelstown, when tons of earth caved in on several quarrymen.

Denies Knowledge of Mexican Rifle Shipments

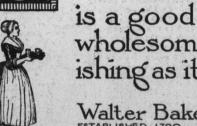

Tokio, Jan. 6 .- The foreign office announces that it has no knowledge of any consignment of rifles being shipped to Mexico by the Kotchira Maru

Queretaro, Mex., Jan. 6.— General Carranza last night sent a message to the Mexican commissioners attending the Mexican-American conference informing them that it was impossible for him to ratify the proposed protocol as it limited the conditions regarding the withdrawal of American troops from Mexico.

The message says that only the immediate recall of the American forces can be accepted and that as soon as their withdrawal is begun the final ratification of the protocol can be proceeded with.
