

# Safe or Sorry WHICH?

Will you take chances with a cold, and risk catarrhal trouble? Or will you take Peruna and rid yourself of catarrh?

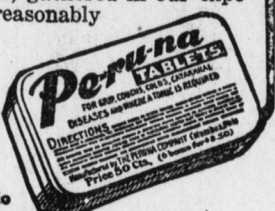

That's a question you must answer often this winter. Just remember, every cold that "gets well" of itself leaves traces of its visit. Sometimes these get to be serious. Often they manifest themselves in catarrh of the stomach and intestines.

## PERUNA Conquers Catarrh

Every cold is a possible start; every attack of indigestion may leave catarrh. The medicine that overcomes the cold and sets the digestion to rights may also overcome the catarrh—if it is Peruna. This threefold usefulness distinguishes this remedy above all others. Its effectiveness is proved by the evidence of thousands, gathered in our experience of forty-five years, and it has helped so many you may reasonably expect it to help you.

In either liquid or tablet form, whichever fits your needs.

Manalin, the ideal laxative and liver tonic, can be taken with Peruna. In its tablet form it is delicious to the taste, convenient, and without unpleasant effect. 10c and 25c.

#### Reconstruction Scenes in "The Birth of a Nation"

The scenes of Reconstruction days in the South shown in D. W. Griffith's spectacle, "The Birth of a Nation," are of a great historical value. Some of the most interesting are those showing the sessions of the South Carolina legislature when that body was controlled by negroes. In the House there were seventy-eight colored members with only forty-six whites, and of those thirty-two were carpetbaggers and scalawags. As if society was turned upside down. In place of the control of the old aristocratic statesmen, was the rule of the ignorant democracy that mankind ever witnessed. For a time barbarism had overcome civilization by the force of numbers. The slave was rioting in the halls of his former masters.

#### LILLIAN GISH

James S. Pike, a prominent abolitionist, and therefore an unprejudiced eye-witness, wrote of those days in his valuable work, "The Prostrate State; South Carolina Under Negro Government."

The Governor is a South Carolina white man. The Lieutenant-Governor, the president of the Senate, the speaker of the House, the Chief Justice, are all of the sable tint. The civilized and educated white race was underfoot, prostrate and powerless, and the black barbarian reigned in its stead.

At some of the desks sat colored men, whose type it would be hard to find outside of Congo; whose costumes, visages, attitudes and expressions only belied the force of the situation.

The result was the organization of the Ku Klux Klan and the redemption of the South from the horrors of misrule. This picture of history is one of the most vivid in "The Birth of a Nation."

About the same time General Ulysses S. Grant, who had made an official visit to South Carolina, wrote in his report to President Johnson:

"The presence of black troops, lately slaves, denuded of their arms, and the slave seemed imbued with the idea that the property of his late master belongs to him, or at least should have no protection from the colored soldier."

thrilling moments. A new comedy will be on the same program, Thursday, Friday and Saturday, Douglas Fairbanks, in his greatest production, "The Matrimanic." A love story with the usual "pep" and personality found in Fairbanks plays. There will be no advance for this attraction.

Full of quaint little sidelights is "A Son of Erin," now being shown at the Regent. It contains the essence of old Ireland and the adorned reality of American politics. A delightful touch is where "Katie O'Grady," played by the talented Winifred Kingston, has a "grand little pig" to sell, and her business dealings and battle of wits over the affair are deliciously funny. Dustin Farnum, in the starring part of "Denise O'Hara," gives a remarkable portrayal of an Irish policeman. Never has a role held so much of pathetic humor. It is a screen story that draws with an unusual charm and fascination.

Mae Murray, the charming Lasky star, will be seen with Theodore Roberts to-morrow and Thursday in "The Plow Girl." The fortunes of a family drudge sold to a saloonkeeper, rescued by the family solicitor, made into a beautiful society woman and finally coming into her own in a vivid and spectacular manner, is told with unusual interest.
