THEY WERE RUNDOWN

How often we hear it said of a man or woman that "they were rundown in health" which accounts for their present sickness. For that reason it is important that when you find you tire easily, when your nerves are troublesome or your work is irksome, you should strengthen your system immediately with the blood-enriching, tissue-building food in Scott's Emulsion which contains pure Norwegian cod liver oil and is free from alcohol.

The value is given at \$1,350,000 and the production is made at the State Department of Agriculture, which collected the figures, that the present year will show a still larger yield because of several thousand sheep which have been placed on farms in the State through efforts of the Department of Agriculture, wool merchants, textile manufacturers and bankers.

There were 630,500 fleeces clipped on Pennsylvania farms during the year, yielding 3,972,150 pounds, the average weight of each fleece being given at 6.3 pounds and the price per pound averaged 34 cents against 24 cents a year ago.
