Shepherd's Fate Is Now in Hands of Governor Brumbaugh

Within the next thirty days Cornelius Shepherd, the first man to be sentenced from Dauphin county to the electric chair, will probably be told definitely when he will have to pay the law's penalty for the murder of Henry Wacker.

DON'T BE BALD

Here's a Good Way to Stop Loss of Hair and Start New Hair Growth. If the hair root is absolutely dead, permanent baldness will be your lot, and you might as well cheer up as to bemoan your fate.

If your hair is falling or thinning out, don't wait another day but go to H. C. Kennedy and get a bottle of Parisian Sage, the truly efficient hair grower.

Don't say, "It's the same old story; I've heard it before," but try a bottle of their risk. They guarantee Parisian Sage, to grow hair, to stop falling hair, to cure dandruff and stop scalpitch, or money back.

Parisian Sage contains just the elements needed to properly invigorate and nourish the hair roots. It's a prime favorite with discriminating ladies because it makes the hair soft, bright, and appear twice as abundant. It is antiseptic, killing the odors that are bound to arise from excretions of the scalp and, as everyone knows, sage is excellent for the hair and scalp.

Parisian Sage is inexpensive and easily obtainable at drug and toilet counters everywhere.

ADAMSON LAW ARGUMENT ENDS

Supreme Court Justices Will Make Their Decision Soon

Washington, D. C., Jan. 11.—Final arrangements were heard by the Supreme Court yesterday in the case testing the constitutionality of the Adamson act, with members of the court concurring to display their extraordinary interest by frequent questioning of counsel.

A decision is expected within a few weeks, although summary action on the important issues is not deemed probable, February 26 has been mentioned as the possible date for the decision, as the court reconvenes that day after recess of three weeks to prepare opinions.

Meanwhile, the effectiveness of the eight-hour standard day and all litigation is suspended by agreement between the railroad and the Department of Justice, with accounts being kept of additional wages due under the new law.

REAL ESTATE

J. Hervey Patton Buys Kelker-Front St. Plot From W. Paul Starkey

In the absence of J. Hervey Patton, a former official of the Harrisburg Pipe and Pipe Bending Company, the financial consideration in the purchase by Mr. Patton of the property of W. Paul Starkey at Front and Kelker street could not be definitely confirmed.

REALTY TRANSFERS TO-DAY Realty transfers recorded to-day included the following:

Barbara S. Kellering to John Gordon, Derry township, \$35; Aaron N. Craft's executor to D. P. Jerrault, Derry street, \$1,232; David B. Traver to John W. Conrad, Steiell, \$400.

SIDING REQUEST REFUSED

Interesting Ruling Made Today by Public Service Commissioner Brecht

Public Service Commissioner Milton J. Brecht in an opinion handed down to-day has refused to grant the petition of the Main Line Stone Company, a foreign corporation, for a siding on the railroad company's ground for the use of the stone company when the latter offers to pay a portion of the cost.

While it was proposed that the siding be extended to a public highway used by other shippers the opinion says "The evidence does not show any public demand or demand from any one except complainant for such facilities on the line of respondent, no doors in this territory any freight is originating in that territory for shipment outside of the plant of the complainant."

Offers by farmers for farm laborers for work during the spring and summer seasons made to the State Employment Bureau indicate the extent of the scarcity of farm labor in the State say people at the bureau. One farmer has offered a house rent free and places for keeping cows and chickens with \$1 per month for a married laborer as well as offering protection against accident in an insurance company.

Plans are being considered for presentation of a bill to the next Legislature authorizing the State to let contracts for paper for shorter periods than two years as has been the rule for some time. It is contended at the Capitol that in the present condition of the paper market that the State should be authorized to let contracts for a year or six months.

Mr. Hassler III—Gilbert H. Hassler, commission clerk of the State Department and the court of last resort on Monday morning was confined to his room by a severe cold.

Expected No Trouble.—Steps were taken this morning which it is believed will prevent any trouble in the payroll of the Department of Public Printing and Binding before night. The question raised was whether the chief clerk, who was authorized to give orders for printing, should be paid in dollars, had authority to approve a payroll of \$500 when there is no superintendent. The Attorney General's department is expected to rule that he can approve the payroll as well as give orders for much more during a vacancy.

Going to Washington.—Governor Brumbaugh will leave to-day for Washington where he will appear tomorrow before the Fine Arts Commission relative to the work on the State seal.

Greenburg Named.—Gilbert Greenburg, Washington fireman, was last night announced as appointed a deputy State fire marshal.

Dr. Surface to Lecture.—Dr. H. A. Surface, the State zoologist, will lecture before the students, faculty and visitors of the Grantham school to-morrow morning at 9 o'clock on "The Meaning and Uses of Agriculture."

Graz Charter Issued.—The charter for the new Graz Electric Company has been sent out by the State Department to the city with offices at Tower City, H. T. Bressler is at the head of it.

List Is Complicated.—The directory of public service companies prepared by the Public Service Commission has been highly complimented because of its completeness and arrangement. The list is the first of its kind in a condensed form and is in much demand.

Adopt an "N. A. Kid."—The attaches of the State Department of Labor and Industry will raise the welfare of a youngster in the "N. A." Sanatorium in Atlantic City. Last year attaches of the State Treasury were engaged in providing funds for the care and treatment of an unfortunate, crippled youngster.

News Shows Results.—The latest issue of the State Highway News shows that the department has been getting in the way of systematic repairs. The News contains several special articles with illustrations showing roads before and after treatment together with considerable other data.

To Attend Conference.—Chairman Ainey, of the Public Service Commission will attend the conference on construction of the big bridge at the Bethlehem which will be held shortly. He will represent the State.

Highway Commissioner Black has recovered from a severe cold which kept him housed up for a few days.

Speaks at Reading.—Commissioner Brecht will read his opinion on the siding request before a meeting on the work of his department.

To Address Club.—W. J. D. Hall, chairman of the State Highway Department, will address the Butts County Automobile Club at Newtown to-night.

Congressman Here.—Congressman Daniel P. Lafaen, of York, was at the State Capitol to-day.

STEELTON CONSUMERS HOLD OFF PURCHASES

Nothing Encouraging to Buyers; Contract Cancellations Misleading

A great alertness is evident for signs of transition to a different condition in iron and steel. Consumers of finished steel apart from plate and rails hold off, finding little in the events to help them decide about purchases for the second half, and such deliveries are as a rule the earliest large producers can give them.

In summarizing the situation the Iron Age of to-day says: "Reports of cancellations of British shell contracts in this country and their transfer to Canada, are misleading. Canadian works all along have been given all of this business they could handle. Little new steel capacity has been provided there, though the ministry of munitions is making every effort to increase output. While more American machinery has been bought to increase Canadian munitions output, there is no reason to believe from this side is practically the same."

The failure of the Allies to exercise some options with munitions works in this country for the second half of this year does not change the steel works situation. It is known that one or two steel companies have been urged to take on more shell steel for delivery after July 1. In the Chicago district 20,000 tons of rounds has just been placed for France.

The Steel Corporation's increase in unfilled orders was 485,744 tons in December, indicating that the cutting down of production and the limiting of mill shipments, on the one hand, and on the other a considerably larger increase in orders for new business, than was true of independent companies. The showing argues strongly for the continued maintenance of heavy machinery.

Operating conditions are loosening in the Pittsburgh and Valley districts. The Steel Corporation started five of its blast furnaces last week and has started seven in the Valley. Blast furnace companies that were forced to pay \$4 two months ago for 1917 coke are now getting at \$7, and \$6 appears to be minimum on first half contracts.

Foreign buyers who have looked for a relaxing of prices under peace talk have been disappointed. Increasing difficulties with ocean freights and the asking of as high as \$5 a ton for French and Italian ports have not changed the attitude of the mills. Yet it was demonstrated one year ago that freights can go high enough to cut down even what is called imperative buying."

HOLD WEINBERG FUNERAL. Funeral services for Mrs. Rosa Weinberg, aged 82, who died at the home of her daughter, Mrs. Max Nitzel, 601 North Second street, Tuesday afternoon, were held this afternoon. Burial was made in the Penbrook Cemetery.

HUMMELSTOWN MAN HELD AS MURDERER. (Continued From First Page)

of six other children, five of whom are living at home. Physicians reported that Young Miller had not received enough nutritious food, after examining the stomach. Think It Case of Neglect. The authorities said this afternoon that they do not believe that the starvation was intentional, but the result of neglect, as no physician had been in attendance for some time. This was admitted by the father, when he was taken into custody this morning at his home. He did not know at the time, it was explained, that he was to be held for his son's death. An inquest will probably be held next week, when complete details of the case will be presented. Miller will be given a hearing before Alderman James B. DeShong after the inquest.

Only Successful Remedy for Treating Gall Stones

MR. W. C. DILLEHAY

Fruitola and Traxo Brought Relief After Doctor Said Nothing but Operation Would Help.

In the opinion of Mr. W. C. Dillehay, 513 Morton St., Nashville, Tenn., Fruitola and Traxo is the only successful remedy for gall stone trouble. In a letter to the Pinus laboratories Mr. Dillehay says, "After a leading Nashville physician had failed to relieve my wife, and we were told an operation was necessary, I heard of Fruitola and Traxo and we decided to at least give a trial. I gave her this medicine a direct and after four doses she was relieved of nearly a quart of gall stones, conclusive evidence that an operation was by no means necessary."

A booklet of special interest to those who suffer from stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

Spink; Ned O'Hare, William Starasnick; Ebenzer, C. Wren. The principals will be assisted by Miss Corn Anderson, Miss Anna Davis, Miss Edna Galbraith, Miss Edna Grimes, Miss Frances Hocker, Miss Myra Sheesley, Elwood Buck, Ohmer Grove, Lloyd Heicher, Ralph Proud and Lewis Sharosky.

Steelton Snapshots. Loses Finger.—Paul Keim, employed in the electrical department of the local steel plant, had a finger of his right hand severed when placing a plate in a motor while at work last night.

Croatian Sokol Meeting.—The regular meeting of the Croatian Sokol will be held in the sokol rooms, Second and Mayberry streets, this evening.

Assistant Postmaster Ill.—Assistant Postmaster Edward C. Attek is ill at his home, 22 Chestnut street. Theodore Schelmsan, a carrier on the local force, is off duty suffering from an infected hand. It is believed the carrier secured the infection from printers' ink off foreign newspapers.

Guill Meeting.—About seventy-five persons attended a meeting and reception of the Altar Guild of St. James' Catholic Church in the T. A. B. rooms in Front street last night. During the business session arrangements for the church bazaar to be held in Frey's Hall, February 7 to 14, were made.

Lodge Meeting.—A meeting of Steelton Council, No. 22, Order of Independent Americans, will be held this evening at Front and Locust streets at 7 o'clock. Arrangements will be made to-night for a visit to Robert Tippet Council, No. 738, 304 North Second street, Harrisburg.

DECIDE ON PLOT FOR NEW HIGHSPICE CHURCH. The site on which the new St. Peter's Lutheran Church, Highspire, will be erected is the Lehman property, at the corner of Paxton and Broad streets.

This site was decided upon at a meeting of the congregation last night. The new plot faces 170 feet on Paxton street, 150 feet on Broad street and 210 feet on Penn street.

A meeting of the congregation will be held next week to decide on plans for the building.

TELL SCHOOL CHILDREN WHAT THEY SHOULD READ. "What to Read" is the title of the second of a course of lectures to be given to students in the borough schools by the good citizenship league of the local Civic Club. The lecture will be given by the Hon. S. M. H. Johnson, at 19, under the direction of Mrs. John Bethel, chairman of the committee.

The schedule for the members of the committee is as follows: Mrs. J. M. Heagy, Hygienic; Mrs. John Bethel, Fothergill and East End; Mrs. Hoppenstein, West Side; Mrs. W. Miller, Felton; Mrs. G. P. Vanier and Mrs. Charles Davis, Highspire building; Mrs. E. Evans, Major Beth.

Members of the committee will explain to students what literature is available for them. They will recommend books in each grade suitable for the scholars of that age.
