HEALS RUNNING SORES AND CONQUORS PILES

Also Stops Itching of Eczema in Few Days "I feel it my duty to write you a letter of thanks for your wonderful Peterson's Ointment. I had a running sore on my left leg for one year. The bazaar to use Peterson's Ointment three weeks ago and now it is healed."—A. C. Gilbrath, 702 Reed St., Erie, Pa. I'd rather get a letter like that, says Peterson, than have John A. Rockefeller feller give me a thousand dollars. It does me a lot of good to be able to be of use to my fellow man. For years I have been selling through druggists a large box of PETERSON'S OINTMENT for 25 cents. The healing power of this ointment is marvelous. Eczema goes in a few days. Old sores heal up like magic; piles that other remedies do not seem to even relieve are speedily conquered.—Advertisement.

VETERAN CLERK HOLDS RECORDS

Efficiency Feature of Twenty-Five Year Service For Edson B. Luigard

EDSON B. LUIGARD The Philadelphia and Reading Railway Company has another veteran employee. His name is Edson B. Luigard, who has resided 517 South Fifteenth street, this city. On January 4, Mr. Luigard entered his twenty-fifth year as an employee of the company. He has a record which has received much favorable comment. During his career Chief Clerk Luigard has frequently received special mention from officials higher up for his efficiency. He held records as a time keeper, being able to tell the full name of each of the 2,000 employees at the Reading car shops. During the twenty-five years' service he was known to have made few errors in compilation of time due to the employees. Mr. Luigard was born at Delaware, Ohio, June 6, 1872. He attended school there until January 1887, when he went to work with his father on a farm of 267 acres during vacation. He studied at nights and advanced rapidly in his studies. While on a visit to his uncle at Reading during December 1891 he was persuaded by an uncle to accept a position as laborer in the Reading car shops receiving 12 cents per hour for his work. During May, 1893 he was promoted to car recorder and held that position until July 8, 1897 when he made timekeeper. On August 1, 1906 Mr. Luigard was made clerk, and on March 1, 1909 he was transferred to Rutherford, Pa., where he was made chief clerk, which position he now holds. Mr. Luigard is married. He is a member of the board of directors, treasurer and chairman of several committees of the Reading R. Y. M. C. A., also member of the Y. M. C. A., also a member of Stevens Memorial M. E. male chorus and an active member of St. Paul's church.

RAILROAD NOTES

Ten cars on a freight train leaving Rutherford yards yesterday morning, were wrecked at Gibraltar near Reading. Traffic was tied up for several hours. The wreck was caused by a broken flange. The Pennsylvania Railroad Company's plans for increasing its Broad street terminal facilities and rebuilding Broad Street Station with a handsome frontage on the Parkway, it was stated yesterday, were practically completed. Estimated the money to be obtained by the Pennsylvania railroad through a proposed increase of the company's indebtedness to \$75,000,000, will be used in completion of the new terminal station at Philadelphia. Unless the New York Central Railroad Company issues an order within a week entirely prohibiting the sale of territory, the Anti-Saloon League of New York will ask for the arrest of Alfred H. Smith, President of the company, and restricting it to work by William H. Anderson, State Superintendent of the Anti-Saloon League.

MAY MARSH IN "THE BIRTH OF A NATION"

D. W. Griffith's gigantic spectacle is coming to the Orpheum for three days, next Monday, Tuesday and Wednesday, with daily matinees. The seat sale is now open for all performances. The Battle of Petersburg, the assassination of President Lincoln and the awe-inspiring rides of the Ku Klux Klan are but a few of the many tremendous incidents brought upon the screen and the skill of the master hand that intermingled the tragic elements of romance and comedy is sure to command the highest respect and admiration. Incidental to the showing of the picture is a musical score which is a marvel of synchronization, for each melody is illustrative of the shifting scene and the whole field of musical composition has been searched with the soul of a true artist. This score, played as a symphony orchestra of thirty, accentuates the dramatic effect so skillfully contrived by Producer Griffith. Then, too, the play has been splendidly cast with such eminent artists as Henry B. Walthall, Mae Marsh, Lillian Gish, Miriam Cooper, Mary Alden, to mention only a few, in the leading roles. As a matter of fact, there is not a person in the production who is not a person of character, and as there were required 18,000 persons to give verity to this historic and romantic play, the task which Griffith set himself and which he so successfully completed seems the more astounding. Pictorial spectacles like "The Birth of a Nation" are inspirational and truly educational. All over the country many large classes from the public schools have attended in a body.

Text of Note Will Be Published in Newspapers of Allies Tomorrow

Paris, Jan. 10.—Premier Briand today received Ambassador Sharp and handed him in the name of all the allied governments, the answer to President Wilson's note of December 19. The reply will be published on Friday morning, the allies desiring to be sure that the President has the text in hand before publication in the press. Premier Briand at the same time gave Ambassador Sharp a note from the Belgian government. This note, while declaring entire adherence to the general answer of the allies, says that the Belgian government desires to show its feeling of gratitude to the American government for the generous services rendered the unfortunate Belgian population and for the sympathy shown by the American nation on every occasion. Baron Beyens, the Belgian foreign minister, was present when the notes were presented. The reply of the allies is said to be a long and detailed document, in this respect presenting a strong contrast to the answer of the central powers. Commenting on yesterday's ceremony, which it says was a historic scene, the Marquis says: "The most important joint statement ever drawn up by any governments was delivered without comment by the representative of the French republic to the delegates of the great transatlantic democracy. In the same capital which has witnessed great revolutions Premier Briand addressed the ambassador of the vast confederation of states which were assisted by French volunteers to conquer their independence 150 years ago. A witness to this act, by which the old world confided its claims and desires to the new, was the minister of little Belgium, a country that was stabbed in the back and would have been wiped out but for the help of powerful neighbors. The grandeur of this ceremony cannot escape the high conscience of the United States of America."

Wants Guarantee That Swiss Ships Under Swiss Flag Are Not Fired Upon

Geneva, via Paris, Jan. 10.—The Neue Zurichische Zeitung, which is supported by several other leading Swiss newspapers, demands that the government open negotiations with Germany in order to secure a guarantee that German submarines will not attack vessels under the Swiss flag, Switzerland at the same time to give a guarantee that the vessels shall carry only foodstuffs, especially cereals for use in Switzerland. This step is desired, the newspaper says, because the problem of feeding not only the Swiss people, but a large number of interned prisoners and refugees from all nations, daily is becoming more acute. The premier said the allies were of the opinion that war was preferable to Prussian domination over Europe. The allies had made that clear, he said in their reply to Germany, and clearer still in their reply to America. The Rome conference was under no delusions, Mr. Lloyd George continued, as to the magnitude of the task of the allies, but felt no doubts as to the results. The whole situation was probed, the difficulties were faced and arrangements were made to deal with them. All the allies felt, he declared, that if victory was difficult, defeat was impossible. This step is desired, the newspaper said that the grim resolution of the entente allies at the

London, Jan. 11.—Premier Lloyd George, speaking in the Guild hall this afternoon, said Emperor William had told his people that the entente allies had rejected his peace offer. Restitution, Reparation and Securities Demanded, Forecast of Reply

London, Jan. 11.—The Manchester Guardian's London correspondent, forecasting the terms of the entente allies' reply to President Wilson, says: "Restitution, reparation and securities are demanded and the note gives some indications of the extreme of the allies in redrawing the map of Europe. The principle governing this must be the question of nationalities. 'Certain formulae are mentioned. 'Belgium must regain her independence and be indemnified for her losses. 'The boundaries of France must be redrawn in a spirit of restitution. 'Italy must redeem her provinces, and the boundaries of the Balkans must be redrawn in conformity of nationality and history. 'Russia must have access to a warm sea. Great Britain is not mentioned, nor is the question of colonies, cited. 'The reply also deals with the American proposals for a league to enforce peace, which it approves in principle, but questions how such a league could be brought about without machinery by which peace can be enforced. 'The striking things to the world is that while the President directed the note to each of the allies, the allies' reply is one. 'London, Jan. 11.—The Times' Amsterdam correspondent sends what he describes as an inspired Berlin telegram printed in the Frankfurter Zeitung in which Ambassador Gerard's references to the German leaders in his speech at the banquet of the American Association of Commerce and Trade are declared to have been a compliment and in which pan-German criticism is condemned. The telegram says: 'Pan-Germans see ghosts when they display such anxiety about the understanding pending with the United States by which ruthless submarine warfare may be avoided. It is declared that a majority of Germans wish for good relations with the United States and would rejoice if an agreement were reached on armed merchantmen.' There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and a general treatment is required. Dr. F. J. Cheney & Co., Toledo, Ohio, is the only Constitutionally Correct Remedy. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, Etc. Take Hall's Family Pills for constipation.
