Washington, D. C., Jan. 15 .- The House Rules Committee to-day resumed its efforts to get Thomas W. While the committee was deliberating behind closed doors a message was received from Lawson saying he could not reach Washington at the time specified for his appearance but would arrive later in the day.

Chairman Henry then directed the sergeant-at-arms to get immediate service on Lawson to bring him before the committee. A recess was then taken pending his arrival.

The committee voted to recommend to the House the adoption of another resolution which would broaden the scope of the inquiry still further and extend the time in which the committee might report to ninety days. Later Chairman Henry received a telegram from Lawson saying he would arrive at 2 p. m. Henry then set the time for the hearing to resume at three.

It developed during the recess that Chairman Henry received a letter from Lawson yesterday laying down certain conditions under which he would testify. His principal contention, it is understood, was that a special congressional committee beformed to interrogate him. The rules formed will not heed the condition.

James Reilly, news manager of the Wall Street Journal, and Donald McDonald, head of a Boston financial bureau, to whom Lawson is said to have given the name of the congressman and a broker who were involved in stock market operations were waiting to testify.

West Pays Final Tribute to Memory of Buffalo Bill

Denver, Colo., Jan. 15. — The West yesterday paid honor to the memory of Colonel William F. Cody (Buffalo Bill), while the body of the man who had done so much to make her cities possible, lay in state beneath the huge dome of the Capitol, from the flagpole of which the Stars and Stripes floated at half-mast. Troopers from Fort Logan formed lines in the rotunda of the Capitol, through which passed the Governors of two States, delegations from the Legislatures of those States, officers of the United States army, members of fraternal organizations of which the famous scout and plainsman was a member, veterans of the Grand Army of the Republic, women and thousands of children, as they moved slowly and misty-eyed by the bronze casket that held all that was mortal of him whose name and the West are one. Not the least conspicuous among the mourners were a handful of old Indians and former scouts—those who had been youths in the famous Wild West Show which bore Colonel Cody's pseudonym.

BLOOD AS A NERVE TONIC

BLOOD AS A NERVE TONIC

"If people would only attend to their blood, instead of worrying themselves ill," said an eminent nerve specialist, "we doctors should not see our consulting rooms crowded with nervous wrecks, More people suffer from worry than from anything else."

The sort of thing which the specialist spoke of is the nervous run-down condition caused by overwork and the many anxieties of today. Sufferers find themselves tired, morose, low-spirited, unable to keep their mind on anything. Any sudden noise hurts like a blow. They are full of groundless fears and cannot sleep at night.

Doctoring the nerves with poisonous sedatives is a terrible mistake. The only real nerve tonic is a good supply of rich blood. Therefore the treatment for neurasthenia, nervousness, and rundown health is the new rich blood which Dr. Williams' Pink Pills are able to make. The revived appetite, improved spirits and new strength which come after a few days' use of the pills will delight every sufferer.

The free booklet, "Diseases of the Nervous System" will interest you. Write for it today to the Dr. Williams', Pink Pills. Price 50 cents per box.

The Bid For Battle Cruisers
"The Bethlehem Steel Corporation controls shipbuilding companies which build perhaps 40 per cent. of the tonnage of the United States. Knowing the purpose of the government to enlarge its navy, we deliberately reserved a large part of our facilities—at the sacrifice of merchant contracts carrying with them very large profits—that it might be available to aid in carrying out the naval program.

"We bid on the new battle cruisers sums which Navy department experts, safter examination of our books and records, found would yield a profit of less than 10 per cent. Indeed wagreed to assume risks for increased costs of materials and labor that made it possible that these contracts might yield no profit whatever.

THE MOTHER OF THESE FOUR CHILDREN ALWAYS GIVES THEM FATHER JOHN'S MEDICINE WHEN THEY HAVE A COLD OR GET RUN DOWN.

"Last winter my oldest boy got se bad with a cold that I thought it would settle on his lungs as he was not very strong. He took a very bad cough, coughed all night long; could not sleep at night and began to lose flesh, I gave him Father John's Medicine and he began to mend so I gave it to him until he got well and strong. I think it is the best medicine there is for colds and run down people, I give it to all my children when they take a cold. I will not be without it in my house in the winter time," (Signed) Mrs. Effic Finn, 830 South Senate Ave., Indianapolis, Ind.

Many mothers agree that for celds and coughs there is nothing that can possibly equal Father John's Medicine, which has had over 60 years of success, because it is pure and wholesome—a food tonic.
