

There is But One Genuine Aspirin

Counterfeits and substitutes may be ineffective, and even harmful. Refuse them. Protect yourself by demanding Bayer-Tablets of Aspirin.

The genuine have "The Bayer Cross" on every package and on every tablet.

"The Bayer Cross—Your Guarantee of Purity"

Pocket Boxes of 12, Bottles of 24 and Bottles of 100

The trade-mark "Aspirin" (Reg. U. S. Pat. Office) is a guarantee that the monosodium salt of salicylic acid in these tablets is of the reliable Bayer manufacture.

HEAVY COUNTER DRIVES LAUNCHED

(Continued From First Page)

along the main Sereth line between the mountains and the Danube in the vicinity of Fudendi. Russian troops in mass formation were thrown into a storm attack yesterday afternoon and evening after violent artillery preparation. Here too, the Teutonic lines were reached, during the second effort but could not be held by the attacking forces. Deadly Austro-German curtain of fire broke up the main Russian attack, Berlin declares.

Greek Situation Serious Elsewhere there has been little fighting, so far as the current official statements reveal. There are signs of possible impending activities of an important nature, however, along the front in Macedonia. In this connection it attaches to news agency reports of the presence in Greece of General Von Falkenhayn, former chief of the German general staff and latterly in command of important forces in the Rumanian campaign. He is said to have reached Larissa after having traveled in a submarine from Kavala.

A report sent from Saloniki by the correspondent of a Paris agency says the Greek government is in constant communication with Berlin by means of a wireless plant hastily constructed at Larissa. Another report from a correspondent with General Sarrail's army declares the entente forces in Macedonia are to be augmented preliminary to an offensive which will have for its object the cutting of the Berlin-Constantinople railroad running through Serbia, Bulgaria and Turkey.

Volunteers For Germany's Home Army Are Pouring Forth in Great Crowds

Berlin, Jan. 15, via London, Jan. 15.—Volunteers for Germany's "home army" are many in number and are volunteering so steadily and so fast that compulsion under the terms of the civil service law of November will

not have to be resorted to in the near future and may never be necessary, according to Dr. Kurt Sorge, civil chief of staff in the war bureau. The volume of volunteering has come frankly as a pleasant surprise to the officials. The country has gradually realized that the war bureau intends to enroll civilian workers only by slow degrees so as to disturb legitimate business as little as possible.

Women, though unaffected by the civil service law, have volunteered in droves and the bureau has even had to exert a strict check on the youthful population so large have been the number wanting to leave school in order to work in some way for the fatherland. Only a small percentage of volunteers has been definitely accepted so far but the aggregate is already large enough to release several thousand soldiers weekly, who have been engaged in interior garrison duty, bridge watching service and on posts. These soldiers have been sent into administration districts close behind the front and in turn relieve many more thousands for actual service on the battle line.

To Reinforce Allied Army Preliminary to Effort to Cut R. R. to Constantinople

London, Jan. 16.—The allied army on the Saloniki front will be reinforced as a preliminary to an effort to cut the Berlin-Constantinople railroad, according to a dispatch from a British correspondent with General Sarrail's forces.

The writer lays it down as the most urgent task of the Saloniki army to cut the railroad and shut off Germany from the supplies of foodstuffs and men which she is drawing from Asia minor. He describes Asiatic Turkey as a granary which Germany is developing on scientific lines which is also the home of 2,000,000 magnificent fighters who, he says, are being trained and drilled under German instruction.

Gen. Von Falkenhayn Is Landed in Greece by U-Boat

London, Jan. 16.—The presence in

Greece of General von Falkenhayn, former German chief of staff and of late in command of part of the forces engaged in the campaign against Rumania, is reported in French official quarters at Salonki, according to a Reuter dispatch from that point. General von Falkenhayn is said to have embarked on a submarine at the Greek port of Kavala, now in the hands of the Germans, and to have landed at a point on the Greek coast, whence he made his way to Larissa. The absence of his name from the official Berlin war reports has been noted for some days.

Previous messages from Salonki said it was General von Falkenhayn, a member of the German military commission which went to Greece in 1915, who made the trip in the submarine.

PUBLIC COMFORT STATION REVIVIFIED

Riverside annexation question again, and discuss the plans at further meetings.

Roat Wanted on Three Charges In bringing up the discussion of the appointment of Abe Roat, Jr., to the city police force, the council action was read from James McCracken, clerk of the Green county court, showing that Roat was still wanted there on three indictments, having "skipped" his bail bond.

Mayor Meals assured the other commissioners that he would not swear in Roat, until the appointee's record was cleared. He remarked that the sheriff of Green county had not communicated with city police asking the Harrisburg officials to detain Roat for the Green county authorities.

\$4,000 For Ambulance For the first time in the history of the city an ordinance was introduced authorizing the appropriation of \$2,000 to the Harrisburg hospital for the maintenance of city ambulance service during the year. This will be finally arranged until approved by the board of managers of the Harrisburg hospital.

It will insure the best ambulance service the city has had, as a call will be sent out on each call. At the same time an ordinance was introduced to appropriate annually \$250 for the use of the Policlinic hospital. Commissioner Gosch introduced ordinances for the payment of salaries of 23 fire apparatus drivers, with an annual salary of \$340, an increase of \$10 per month; and for the salary of the engineer for the park department at \$1,000.

Approve Appointment Council approved the appointment of the following officers by Mayor Meals: Stewart F. Foulz, 1529 Wallace street, and Charles J. Davis, 1327 Green street, effective February 1. Both men have had military training, serving in the Spanish-American War.

City Solicitor John E. Fox, appointed last week, was sworn into office and his bonds approved. Council also awarded the contract for printing the report of the department, to the Aughtinbaugh Press. Two bids were received, one from the Aughtinbaugh Company for \$32, and one from the Pennsylvania Post, for \$49.50.

Fix Water Rates Commissioner Lynch at the request of the Department of Public Safety, introduced the ordinance fixing water rates for the year. These will remain the same as last year with three exceptions in the rates to manufacturers. Owing to the increased cost in pumping, the minimum rate allowed will be 3 1/2 per thousand gallons, when the consumer uses more than 250,000 gallons. In explaining the elimination of the three lower rates, of 2 1/2 cents per gallon when more than 1,000,000 gallons were used; 2 1/2 cents for a maximum over 750,000, and 3 cents for a maximum of more than 500,000 gallons, it was said that the cost per gallon to pump the water during 1916 was 2 1/2 cents.

Before the business session opened Mrs. Mae I. Lemon, owner of property at Derry and Summit streets, appeared before Council with a petition that the city relinquish claim to five feet of a sidewalk, fifteen feet wide, adjoining her property, and a similar space across the street adjoining the property of J. C. Shumberger. No action was taken on the petition.

In making the request Mrs. Lemon referred to the action of Council in reducing the Market street entrance from Summit street, from 60 to 20 feet, declaring that it had depreciated the value of her property.

Auto For City Sealer Council passed finally the ordinance authorizing advertisements for bids for an automobile for the use of Harry D. Reel, city sealer of weights and measures. Slight changes were made in the ordinance authorizing the purchase of additional motor driven fire apparatus and equipment, as it may be necessary to purchase a new steam fire engine for the Good Will Company.

In the annual report for the Department of Accounts and Finance, a cash balance was shown in the city treasurer's office, totaling \$380,143.02.

Cash on hand January 3, 1916 was \$366,602.15; receipts during the year, \$323,971.83; total of \$1,290,573.83. Expenditures were \$910,430.81. The sources of revenue follow:

Cash balance, January 3, 1916, \$366,602.15; city general fund, \$601,895.99; water general fund, \$135,324.93; sewer tapage fees, \$5,962.86; street grading assessments, \$4,919.73; street paving assessments, \$75,942.25; water pipe assessments, \$3,246.42; milk and meat licenses, \$3,144.50; dog licenses, \$830.50; fines and forfeitures, \$5,937.62; sinking fund earnings, \$2,571.50; gasoline and oil funds, \$2,222.33; front street opening, \$272.70; sinking fund transfers, \$25,700.00; total, \$1,290,573.83.

Expenditures were: City general fund, \$543,684.71; water general fund, \$324.50; street grading fund, \$6,413.94; street paving funds, \$74,762.78; dog licenses, \$293.50; third public improvement loan, \$403.05; fourth public improvement loan, \$55,983.12; sewer tapage fund, \$5,489.44; outstanding warrant fund, \$449.62; special reserve fund, \$10,878.32; maintaining prisoners, \$2,925.02; bonds redeemed, \$119,700.00; gasoline and oil fund, \$1,941.34; outstanding interest fund \$404.25; investment Mulberry street bridge sinking fund, \$5,000.00; total, \$911,832.59; less outstanding warrants, \$1,402.78; total, \$910,430.81; to cash on hand, January 2, 1917, \$380,143.02; total, \$1,290,573.83.

During the year 27 accounts for street paving were closed making 246 that have been closed to date, and 175 are still open. The total bonded debt of the city is \$1,570,379.36, and of the water department is \$234,160.

Most Dealers Trying to Give Honest Weight Reports City Sealer

In his annual report to Council, Harry D. Reel, city sealer of weights and measures, announced that a total of 3,764 weights, scales, pumps and measures had been inspected during the year, 663 condemned and 3,101 approved and sealed.

The totals furnished by City Sealer Reel are as follows:

Table with 2 columns: Item, Quantity. Platform scales 52, Counter scales 194, Computing scales 191, Spring scales 130, Dry measures 1085, Liquid measures 728.

In his annual report to Council, Harry D. Reel, city sealer of weights and measures, announced that a total of 3,764 weights, scales, pumps and measures had been inspected during the year, 663 condemned and 3,101 approved and sealed.

The totals furnished by City Sealer Reel are as follows:

Table with 2 columns: Item, Quantity. Oil & gasoline pumps 77, Weights 897, Yard measures 35, Miscellaneous 375, Total 3764.

Referring to gasoline pumps he reported a big improvement during the year, due to the fact that the dealers were instructed to provide them with a standard measure of the capacity of the pump and then test

Bowman's Annual Sale of Quality Bed Spreads. The View-Point Is the Thing! Now For Our Eagerly Looked-for Annual SALE OF Quality Bed Spreads. The Event For Two Days Only. Wednesday, January 17th---Thursday, January 18th.

To us who are familiar with conditions, who are in daily contact with manufacturers, who have witnessed the rapid rise of prices—to us the values in this sale of bed spreads can seem but little short of "wonderful"!

But what is your viewpoint? Do you appreciate what a real opportunity this is? And is it to you do you think to "pass up" the chance this sale presents?

418 Spreads in This Sale--- The Event For Two Days Only

Wednesday, January 17th---Thursday, January 18th. Should any of these spreads be left over from this two-day sale they will be advanced to the regular prices.

We need not expatiate in detail about this merchandise. Those who have favored us in past sales are familiar with the superiority of our values.

NOTE:—Some of these spreads are manufacturers' rejected "firsts." One can hardly detect the flaw or tiny spot—usually it takes an expert to find the little trouble—simply enos are manufacturers' rejected "firsts."

Table listing various bed spreads and their prices. Goldenrod Spreads, May Queen Spreads, Marseilles Spreads, Snowdrop Spreads, etc.
