Simple Laxative A Household Necessity

Caldwell's Syrup Pepsin should Have a Place in Every Home.

Constipation, or inaction of the bowels, a condition that nearly everyone experiences with more or less frequency, is the direct cause of much disease. When the bowels become clogged with refuse from the stomach, foul gases and poisons are generated, and unless the congestion is quickly relieved the system becomes weakened and most susceptible to attack.

Various remedies to relieve constipation are prescribed, but many of these contain cathartic or purgative agents that are harsh and violent in their action and shock the system. The most effective remedy is the combination of simple laxative herbs with pepsin that is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin.

The Hon. John D. Keister of Maryland, W. Va., who has represented his district in the State Legislature for six years, writes that he uses Dr. Caldwell's Syrup Pepsin and finds it a splendid laxative, easy to take and mild, yet positive, in its action, and that it should be in every household for use when needed.

Dr. Caldwell's Syrup Pepsin is sold by druggists in all parts of the United States and costs only fifty cents a bottle. It contains no opiate or narcotic drug, does not gripe and is recommended as a family laxative, mild enough for the tiniest babe, yet sufficiently powerful to act easily on the strongest constitution.

To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 465 Washington St., Monticello, Illinois.

GIRLS! BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Hair becomes charming, wavy, lustrous and thick in few moments.

Every bit of dandruff disappears and hair stops coming out.

For 25 cents you can save your hair in less than ten minutes; you can double its beauty. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and charming as a young girl's after applying some Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first, yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

SOCIAL DR. BECHT SPEAKS ON AMERICANISM

Citizens Must Learn That Their Liberty Must Be Liberty Under the Law

"The new American spirit stands not for the elimination of whatever has not been produced on American soil, but rather welcomes the best of the culture, the arts and the crafts of the old world, that through the process of education and training these may be incorporated into our life and thus we may be enriched with this spiritual inheritance—the spirit speaking out from the great masters."

Dr. J. George Becht, secretary of the State Board of Education, in his discussion of "Americanism" before the Harrisburg Civic Club yesterday afternoon also said "Every third person in the United States is either foreign born or of foreign parentage" and that fifty different languages are spoken by this different population. He is learning, he said, that the chief items are news of the Fatherland, that the alien in touch and sympathy with his native land.

The adult foreigner must be prepared for citizenship no less than his children and even greater is his necessity for special training. The school for the adult is becoming to be as important a part of public education as the school for the child. We are learning that every recitation constitutes a lesson in citizenship and that there is an arithmetic of character, a geography of character, as well as the ethics of character. There is no branch of study that will not lend itself to training for civic righteousness and civic efficiency. Children must be helped to think through the problems of the community and the relationships of the individual to the social group to which he belongs as well as to the civic center and the alien as well as the native American needs to be instructed in the limitations of liberty. He must learn that his liberty must be liberty under the law.

"The problem of democracy is 'How to utilize without waste the tremendously potent forces of human life that are everywhere about us.'"

At the question of bread and butter the speaker, Harry D. Reel and at the close Mrs. William Henderson, president of the Civic Club, asked suggestions from members to keep the program of the club in any way to be sent her by mail.

First Annual Dinner of the Commonweal Club

The first annual dinner of the Commonweal Club was held last evening in the Y. W. C. A. with over a hundred in attendance. Miss Edna S. Kugler, the president, presided and Miss Ella Yost led the singing. The toastmaster was Mrs. Mabel Cronise Jones. Miss Mary Snyder spoke on "Our Commonweal—What It Should Mean To Us"; Miss Rachel Staples spoke on "Open Door"; Mrs. Jones on "Loyalty to the Republic"; Mrs. Virginia Nagle on "The Clubs of the Y. W. C. A."

Following the dinner, Deputy Attorney General Emerson Collins lectured on "The World War and Now." Mr. Collins said: "This war has robbed militarism of all its romance and glamor. The general no longer rides at the head of the column and leads his troops to glory. Instead of a one-man control, the army is directed by a staff miles away in a central position and with telephones, telegraph and wireless orders conveyed. The airship is chiefly responsible for this change. Napoleon was able to surprise the enemy again and again and gain his victories but that cannot be done now for the combatant has a fleet of airships and movements on both sides are always known. The question of to-day is which side will hold the longest. Effective peace must be just. When the victor demands unfair returns, peace will only remain rancor and hate and the vanquished will remain quiet only long enough to gather sufficient strength to assert themselves again."

ASTRICH'S

Much of Interest in the Central High Notes

Beginning last evening the Junior Boys' Glee Club met for practice on Monday. The Senior Boys' Club practice evening has been changed to Tuesday. This will be a permanent change, and other activities concerning the school will then harmonize as well as possible considering conditions which exist. Prof. E. G. Rose directs both of these musical organizations, as well as the girls' clubs, and they are making rapid progress. The Junior Boys' Glee Club numbers about eighteen students and last evening's practice was most successful. They are trying various difficult numbers, including many classical selections that are especially adapted to male voices.

The Mandolin Club met last evening at the home of Kenneth Downes, 1811 North Second street. Paul Selsam, Leon Simonetti, Emory Hartman, Blair Smith, Elwood Kennedy, Kenneth Downes, and others attended.

President Blair E. Smith, of the Centralians, states the next meeting will be held on Thursday, January 25 at the home of George Favord, 1514 State street. The secretary requests every member to help him have a perfect record as many important matters will be brought up, one of the major ones being the election of officers for the coming Centralian term.

The Rho Section is still leading in the contributions for the City Library Life Membership Fund. There is speculation as to whether the Senior are going to allow this Junior section to lead them continually.

The Central High five defeating the Harrisburg Academy's quintet last Friday was composed of men who were all on the varsity football squad this Fall. Chances are that if they keep playing at the speed displayed last week, Blue and Gray fans will have the pleasure of cheering another championship team and with familiar faces at the different positions. The Academy game was the first on High School's schedule.

Rumors are afloat among several musicians at Central of a new orchestra springing up, perhaps under the name of the Blue and Gray. In case this should happen the new organization would probably be under strictly student government, and as there are quite a number of talented musicians at Central now that are not in any organization a new orchestra would probably be very successful as well as efficient.
