New Water Complaint.—The question whether a water company can refuse to furnish water to a property which had been sold at sheriff's sale with a bill for water incurred by the former owner, remaining unpaid has been raised before the Public Service Commission. The Rochester Building and Loan Association of Rochester, claims that the Beaver Valley Water Company, of New Brighton, has refused to furnish water to a property it bought at sheriff's sale and that the refusal, because of the unpaid bill, has made the premises unsanitary. The commission is empowered to accept money for its own valuations.

ALLIES MUST WIN TO ASSURE PEACE [Continued From First Page]

mand the expulsion of Turkey from Europe, restoration of Alsace-Lorraine to France, of Italy irredentia to Italy, and the other territorial changes set forth.

Those who think the future peace of the world may be insured by international treaties and international laws, the note says, have ill-learned the lessons taught by recent history. After charging that German influence in Turkey had resulted in conditions as barbarous and more aggressive than were known under Sultan Abdul Hamid, and that it had been shown Germany cannot be expected to respect treaty obligations, Mr. Balfour says:

"So long as Germany remains the Germany which, without a shadow of justification, overran and barbarously ill-treated a country it was pledged to defend, no state can regard its rights as secure if they have no better protection than a solemn treaty."

Germany Content to Horrify Assenting that Belgium was not Germany's only victim, and that "neutrals were intended to note outrages which accompanied its conquest," the note recites the "reign of terror" attendant upon Germany's method of warfare, and in that connection says:

"The war starts of the central powers are well content to horrify the world if at the same time they can terrorize it."

RECEPTION NEXT WEDNESDAY NIGHT

Plans to Be Completed at a Meeting of Committee Sunday

Final arrangements for the reception of Steelton members of the Governor's Troop will be made at a meeting of the committee of six gentlemen made up of representatives from each company in the Paxtang Hook and Ladder fire hall Sunday afternoon. A meeting of representatives of each company was held at the Paxtang Hook and Ladder fire hall last night. Burgess Wigfield, who was elected chairman of the meeting, was authorized to plan and to make final arrangements for the affair. On the committee are Joseph Gerdes, J. W. Bricker, Charles Boughter, J. E. Shupp, Jacob Eshelman and Clyde Hecker.

Premature plans have it that the affair will be held next Wednesday evening. Inclement weather is the only impediment to holding a parade. If walking is good, a walk-around over the principal streets will be held, followed by a banquet. The place for holding the banquet is not definitely decided upon, but is probable it will be held in the Bessemer House, Main street.

Committee members stated this morning that invitations would be extended to borough officials and efforts would be made to have Captain Jack and other troopers from Harrisburg attend the reception.

Deny Rumor That Schmidt and Hartman Will Erect \$50,000 Steam Bakery

Rumors in circulation on downtown street this morning were refuted by the fact that Bernard Schmidt, proprietor of Schmidt's Bakery, Harrisburg, had purchased a half interest in the W. H. Hartman bakery, Lincoln street, and that the erection of a \$50,000 plant in Front street were denied by both Mr. Schmidt and Mr. Hartman. When asked about the ground, that Schmidt had been heard of, but knew nothing about it. Mr. Schmidt recently purchased the C. C. Lau bakery.

FIREMEN TO ELECT OFFICERS

World if at the same time they can terrorize it."

The people of Great Britain, Mr. Balfour says, have a just and reasonable desire for peace, but do not believe it can be durable unless based on the success of the allied cause. Such a peace, it is argued, cannot be expected unless these three conditions are fulfilled:

Existing causes of international unrest shall be as far as possible removed; the aggressive aims and the unscrupulous methods of the central powers should fall into disrepute among their own peoples, and finally, that behind international law and behind all treaty arrangements for preventing or limiting hostilities some form of international sanction should be devised which would give pause to the hardest aggressor.

It is recognized that these conditions may be difficult of fulfillment, but the belief is expressed that they are in general harmony with President Wilson's ideas. The note declares confidence that so far as Europe is concerned none of the conditions can be satisfied, even imperfectly, unless peace is secured on the general lines indicated by the Allies' joint note.

Encourages Peace League Idea Great Britain's supplementary note amplifying the entente reply to President Wilson's peace note has given much encouragement to American officials who are looking forward to some sort of league of nations to preserve peace.

Although the principal portions in Foreign Minister Balfour's note delivered to the State Department yesterday are designed to justify the severity of the terms set forth by the entente in their reply to the note of President Wilson, the formal acceptance in principle of some sort of national sanction as a force behind treaties and international law is regarded as of great importance.

Next Step in Doubt It has been stated officially that President Wilson's next step has not been decided upon. Many officials believe the terms of the British note may afford the opportunity for a move toward the establishment of some such view of national sanction, even if it be the view of having it come into force

BULGARS TO SEEK CROSS IN RIVER

Epiphany to Be Celebrated With Elaborate Ceremonies Tomorrow

Bulgarians in the borough will celebrate Epiphany, the festival commemorating the baptism of Christ in the river Jordan, with elaborate ceremonies to-morrow. This celebration, which is the seventh consecutive one since the organization of the local church, is expected to be the largest ever held.

The celebration will include the usual ceremony of hurling a wooden cross far into the icy waters of the Susquehanna and its subsequent rescue by sturdy sons of the Balkans, a long street parade and services in the Bulgarian Orthodox Church, Front and Franklin streets.

The Rev. Father David Nakoff, rector of the local church, will have charge of the services at the church and at the river bank. Epiphany is celebrated by the Bulgarians thirteen days later than in the Roman Church because the Bulgarian church clings to the old Julian calendar.

Minister May Be Elected by Reformed Congregation

Election of a minister for the local First Reformed Church will be considered at a congregational meeting to-night. The local pulpit has been vacant for some time and several ministers are in view for an election to-night. The Rev. Charles A. Huyette was former pastor.

Inclement Weather Holds Up Work on Negro Quarters According to an announcement at the local steel plant offices this morning, work on the completion of the brick quarters for lodging the Southern negroes employed in the steel plant at Locust Grove was held up on account of inclement weather. The negroes who were made homeless by a recent fire there are being taken care of in the new recreation hall at the grove.

Rest with all home comforts. Few of them were in a talkative mood regarding their experience in the South, preferring to wait until they have been mustered out. Those who did any talking were pleased with the military training and the manner in which they were cared for by Uncle Sam.

Merchants Robbed 'Em Some troopers severely criticised the merchants of El Paso, claiming they were roasted in most cases. One trooper said the only danger of being held up was when soldiers went to El Paso to spend their money. The troopers only purchased things they could not get from the supply department of the army. One trooper remarked, "Everytime we went into a store, it was a signal for a boost in prices."

TO MUSTER OUT TROOPS ON MONDAY

[Continued From First Page] Papers ready for presentation to the mustering officer.

Troopers Have Easy Time The troopers are having an easy time. They report at intervals, take their turn in doing guard duty and looking after the storing of equipment at the army on State street. Those who reside in Harrisburg have the privilege of eating and sleeping at home. Others have been provided with quarters at the army. All members report for roll call three times daily.

Captain Jack reported to-day that a number of troopers were suffering with slight colds. He has given instructions to his men to be careful when they go out doors, and to wear their overcoats. Some of the colds were contracted on the way from El Paso to Harrisburg, because the cars were without steam at times.

Weber Has Pneumonia Trooper Frank Weber, who was yesterday taken from the train, is now in the Harrisburg Hospital. He has a slight attack of pneumonia, and his early recovery is looked for. He contracted a cold while the troop train was enroute to Pittsburgh. He was in good shape to-day, having passed a comfortable night.

The horses are being looked after by a special detail. Several were reported to be suffering with influenza, due to the long period on the road in cold cars. They will be kept close to the stable until next week when arrangements will be made to have the horses exercised daily.

The troopers were all in good spirits to-day, having had a good night's

YARD EXTENSION NOW UNDER WAY

Pennsylvania Railroad Company to Provide More Tracks For Steel Company

Work on the extension of yard track for the Bethlehem Steel Company, is progressing satisfactorily, in spite of the bad weather, and labor shortages. This improvement, announced by the Harrisburg Telegraph early last December, will cost \$250,000. There will be fifteen new tracks when the job is done. The work of grading is in charge of the McManus Construction Company of Philadelphia.

The big improvement will be completed about July 1. It includes a filling in from Loch to Highways. The railroad company will lay its own tracks. This part of the work is under the direction of Supervisor Clarence V. Moore, who is in charge of the section of Philadelphia division between Dock street, this city, and Elizabethtown.

Filling Orders For 3,000 Field Cannons For France

Bethlehem, Pa., Jan. 18.—A large order recently received by the Bethlehem Steel Company, about which little or nothing was made public at the time, is for 3,000 field cannon for France, of 4.71, 5.71, 6.1 and 6.5 calibers. The draftsmen have just about finished their work and the forgers have begun making the guns. Guns of these calibers range in length from twelve to eighteen feet and their diameters are just a bit different from anything made for any other nation, so that the ammunition will not be interchangeable or so that if captured they cannot be turned on the French troops.

For a large proportion of the order the Bethlehem Company will also make a reception for two members of the camp who have just returned from the border in the lodgerooms next Tuesday evening. The members will be Henry Blaker and William H. Shipp.

CAMPAIN FOR UNIFORMS

Arrangements for a campaign to raise some funds to purchase uniforms will be made at a meeting of the Steelton band in the band hall Tuesday evening at 7.30 o'clock.

RECEPTION FOR MEMBERS

Washington Camp, No. 102, Patriotic Order Sons of America, is planning a reception for two members of the camp who have just returned from the border in the lodgerooms next Tuesday evening. The members will be Henry Blaker and William H. Shipp.

ANOTHER MILK RAISE? "Better Not Spoil Good Thing" Says Cooper

Milk may go higher in price if the feed cost again goes up, it was the general opinion last evening at a meeting of the Dairymen's League of Dauphin and Cumberland counties at Oberlin. On the other hand if feed prices go down they said they will also reduce the price of milk.

C. E. Cooper, president of the city dairymen's league, said that the dairymen had raised the price of milk twice in three months and that they had no more to raise. He said that they have it by attempting another raise.

THIS STOPS HAIR FROM FALLING OUT

Ever try to count the dead fallen hairs in your comb and brush? They are nature's advance warning of baldness and proof that the dangerous little dandruff germ is busy on your scalp.

Dr. Sangerbund, the famous Paris specialist, first discovered that dandruff and falling hair are caused by a microbe. Then came the discovery of the value of the real Parisian Sage (liquid form) in destroying the dandruff germ and promptly preventing further loss of hair. The effect of only three days' use of Parisian Sage is simply marvelous, and the American people have now awakened to the fact that dandruff is just as unnecessary as it is unhealthy, and that they can be quickly rid of it and save their hair by using a few ounces of Parisian Sage.

Parisian Sage is sold for not more than 50 cents a large bottle at drug and toilet counters everywhere. It is an ideal, daintily perfumed liquid free from grease and stickiness, and will surely cause hair to grow soft, lustrous and really seem twice as abundant.
