# TURN DOWN PLAN TO RAISE GRAIN STORAGE CHARGE

## Interstate Commerce Commission Disapproves Proposals of Railroads

Washington, D. C., Jan. 19.—The Interstate Commerce Commission today disapproved proposals by railroads to double and quadruple storage charges on export grain at elevators at New York, Philadelphia, Baltimore, Boston, Newport News and other Atlantic ports where such grain is held longer than sixty days.

New charges for the storage of export grain in cars awaiting unloading at Baltimore and Philadelphia also were disapproved.

The proposals, made by the trunk line railroads, were designed as a measure to relieve congestion at Atlantic ports and to insure, through enforcement of penalties, a freer flow

of grain through the elevators. They were opposed by the Baltimore Chamber of Commerce, the Commercial Exchange of Philadelphia and other similar organizations. A considerable proportion of the millions of bushels of grain shipped to Atlantic ports for export to the warring nations of Europe would have been affected.

Another intention of the railroads was to prevent the premature shipment of grain to the seaboard without export contracts or prior to making arrangements for its ocean transportation. The scarcity of ships is said to have resulted in choking the elevators with grain which could not be moved without long delay.

A large number of cars also have been withdrawn from traffic because of the congestion at the elevators, augmenting the general car shortage and tending indirectly to increase the cost of living.

In its decision the commission holds that the objects sought by the railroads should be attained by other methods than the one proposed, which would place heavy penalties upon the traffic.

**Must Correct Misuse**  
 "We are of the opinion," reads the decision, "that the carriers should study the situation in all its aspects and that they can and should devise methods to correct the misuse of their equipment and facilities which would have the full sanction of the commission."

"It has not been shown that the proposed charges will accomplish the end they seek, nor will they be free from unjust discrimination. The possibility of abuse leads to abuse and the present chaotic conditions of the carriers' terminals, of their tracks and facilities make it imperative that corrective measures should be carefully studied and analyzed and established and enforced rigidly to the end that the equal treatment of all which the law requires should not be easily capable of being frittered away in the hands of those who take advantage of the least loophole to escape the obligations which should rest upon all. While abnormal conditions require drastic remedies, the cure must be one which is lawfully permissible."

The proposed increases in storage charges varied slightly at different ports. At Philadelphia, Baltimore and Boston they provided for an increase of 100 per cent, or from ¼ to ¾ of a cent a bushel for each five-day period after sixty days, and for an increase of 300 per cent, or ½ cent per bushel, for each five-day period after 120 days. The elevators affected have a capacity of approximately 15,000,000 bushels.

# N. J. Penal Conditions to Be Probed by Judge

# Nine Americans, All That Were on Sunk Vessels, Are Landed

Washington, Jan. 19.—Nine Americans were among the crew of the British ship St. Theodore, taken by the German raider, and landed with other survivors at Pernambuco on the Japanese ship Hudson Maru. Consul Stewart to-day reported they were all safe and that so far as reported no other Americans were on the other ships.

The State Department to-day made public the following cable from the consul, dated January 18 and received this morning:

"Hudson Maru brought 237 St. Theodore crew. List shows Americans, Ben Stevens, Royal Gregory, Frank Magee, David Johnson, E. Judy, all colored, and Fred Smith, Harry Picot, Guy Vandoren. Minieh shows Charley Jones. No Americans on other vessels named. All safe here."

"Survivors state that Yarrowdale, Georgic, Mount Temple, Voltaire, Snowdon Range, King George, one Norwegian schooner to December 12 when prize crew and 440 were placed on Yarrowdale and not heard from since."

Another dispatch from Mr. Stewart dated January 16 and received here January 17 says:
