SACRED HINDOO SECRET
QUICKLY KILLED MY
SUPERFLUOUS HAIR

Let me tell you Free how I Banished it Forever so it has Never Returned, after Twenty Years' Failures.

Until middle age, I had a horrid moustache on my lip, a tough beard on my chin and a heavy hairy covering over my arms. I tried everything possible without success, including the electric needle, which only made it worse. I was so discouraged, I gave up in despair, when my hair grew, a Surgeon in the British Army, while on service in India secured from a native Hindoo soldier whose life he had saved, the closely guarded secret of the Hindoo Religion, under which the native women of India are forbidden to have even the faintest trace of Superfluous Hair anywhere on their body. This is a fact which any traveler in India can verify. With much misgiving I tried the secret Hindoo remedy. Much to my surprise in a few days my hair grew, had entirely disappeared—for good. To-day not a trace can be found. It was so successful in my case that I have decided to send free and without obligation, to any other victim, full information and complete instructions to destroy all trace without having to resort to the dangerous electric needle. So stop wasting your money on worthless depilatory preparations and write me to-day, giving your name and address, stating whether Mrs. or Miss. All I ask is that you send me 2 cent stamp for return postage. Address: Mrs. Frederica Hudson, Box 471, 8 North Main Street, Attleboro, Mass.

IMPORTANT NOTE: Mrs. Hudson belongs to a title family, high in English Society; she is connected with leading officials there and is the widow of a prominent officer in the British Army, so you can write her with entire confidence. She has opened an office in America for the benefit of sufferers from Superfluous Hair. Address as above.
