**"Vigorous Action" Is Planned if Old Guard Is Unfair, Says Perkins**

New York, Jan. 20.—George W. Perkins made the Progressive a new hymn which he used to characterize the new Progressive movement just as "Onward, Christian Soldiers," typified the spirit of the national conventions of the party.

Asked what could be done if the Republican national committee is not called to make adjustments demanded by the Progressive movement, Perkins said: "I can only refer you to the old song we used sing in our church choir, 'Lead, Kindly Light, One Step Enough For Us.'" "Let them meet and decide what they have to offer and then we will decide what will be done," he said.

Mr. Perkins got back from his Albany trip, which resulted in the announcement that Governor Whitman had thrown his support to the new Progressive movement against the Republican Old Guard. "I told Mr. Perkins I was with him in this and he is making," was Governor Whitman's announcement.

Supplementing his recent attack on the Republican machine, which followed the election of John T. Adams, of Iowa, to the vice chairmanship of the national executive committee, Mr. Perkins pointed out that the new revolt got back to "first principles" which caused the Roosevelt bolt of 1912.

"Our fight is not against the rank and file of the Republican party, but against the machine of the Old Guard, which for years has refused to allow the voters to have a voice in party affairs," said Mr. Perkins. "That is why I caused the split in 1912."

"Does this mean, then, a revivification of the Progressive party?" Mr. Perkins was asked.

"I don't know," he replied. "I cannot say what this will lead to, but I can say definitely, 'but I do know that it means vigorous action.'"

**IF KIDNEYS AND BLADDER BOTHER**

Take Salts to flush Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse. Again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, it is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.
