

THOSE AWFUL CRAMPS

Suggestions that may save Much Suffering

Marysville, Pa.—"For twelve years I suffered with terrible cramps. I would have to stay in bed several days every month. I tried all kinds of remedies and was treated by doctors, but my trouble continued until one day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for others. I tried it and now I am never troubled with cramps and feel like a different woman. I cannot praise Lydia E. Pinkham's Vegetable Compound too highly and I am recommending it to my friends who suffer as I did."

—Mrs. GEORGE R. NAYLOR, Box 72, Marysville, Pa.

Young women who are troubled with painful or irregular periods, headache, dragging-down sensations, fainting spells or indigestion should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.

Write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Only women open and read such letters.

AFTER SICKNESS

How to Recover Strength.

So many Harrisburg people are asking how to recover their strength after sickness that we are publishing this information for their benefit.

After grippe, pleurisy, pneumonia or any illness what you need is new strength and richer blood.

The most certain way to get this is by taking Vinol, which contains beef and cod liver peptones, iron, manganese peptones and glycerophosphates. It creates strength, improves the blood, sharpens the appetite and restores the entire system to a healthy, robust condition.

North Adams, Mass.—"After a long illness of pneumonia I was left in a weakened, delicate condition, and for a long time had searched for a body-builder and strength creator. I was attracted by an advertisement of Vinol and tried a bottle, and soon noticed a vast improvement. I continued its use for a while, and am now as able bodied and strong as any man in town." Samuel Wood, North Adams, Mass.

Try a bottle of Vinol. Your money will be returned if it does not restore your vitality and strength.

HIS GOLD GOES OVER NIGHT WITH NEW TREATMENT

Pottstown Father Uses One Application of Vick's VapoRub.

YOU JUST RUB VICK'S ON.

JOHN ELMER HANE, POTTSTOWN, PENNA.

Mr. Joseph Hane, 356 Apple St., is the father of this handsome youngster. Last winter, when the Southern remedy, Vick's VapoRub Salve, was being introduced in Pottstown, Druggist Chas. S. Bentz presented Mr. Hane with a jar, and asked that he give it a thorough trial and report the results. Mr. Hane writes:

"My little boy took sick one night very suddenly with a heavy cold, so we applied your salve on his chest and saved ourselves going for the doctor. The next day we could scarcely tell he had a cold."

It is a fact that most colds are relieved in one night, and croup usually in fifteen minutes just by applying VapoRub over throat and chest and covering with a warm flannel cloth. This preparation works in two ways—first it is absorbed through and stimulates the skin taking out the tightness and soreness, and then the heat of the body liberates the ingredients which are inhaled in the form of vapors. These vapors open the air passages and loosen the phlegm.

Three sizes, 25c, 50c or \$1.00. At all druggists.

Germany Is Far From Famished and Not Ready to Quit, London Belief

LONDON, Jan. 22.—

With the greatest confidence it can be stated that there is no expectation here of peace until after the next campaign. Nothing has come from the central powers recently to satisfy British leaders that the enemy is prepared to consider peace on any but his own terms.

Balfour's mild and temperate presentation of Great Britain's position apparently invites a reply from the German Chancellor, but whether the latter dare answer it in the face of the present opposition from von Tirpitz and the navy remains to be seen. It is unlikely that Hollweg's next move will be anything more than a repetition of his previous stand, except for a slight modification in the tone of the demands.

RECOMMENDATIONS FOR LOCAL CHARITIES COVER MAINTENANCE

No recommendations for buildings or other improvements at any of Harrisburg's charitable institutions except the State Lunatic Hospital, which is under State control, are made by the State Board of Public Charities in its biennial recommendations to the Legislature. All recommendations for local institutions are for maintenance.

In the case of the State Hospital it asked for \$59,500, including \$25,000 for barns and outbuildings; the proposed pigsty, various interior improvements and \$15,000 for improvement of the entrance to the grounds. The board recommends \$36,000, including \$20,000 for the livestock buildings, \$15,000 for the entrance and \$1,000 for improvements to the women's industrial building. The maintenance of the insane is provided for in the lump appropriation made for the purpose.

The board says that the increased cost of maintenance and the demands for buildings for institutions require so much of the public funds that the members do not feel justified in making any recommendations for buildings for private institutions.

Many Cared For
Figures given show that there are 86,589 persons dependent on the State, as follows: In insane institutions, etc., 20,585; home for children and aged persons, 20,120; State hospitals for miners, 750; various private hospitals, 11,125; private sanatoria for consumptives, 37; institutions for weak-minded, 3,760; reform schools, 1,647; deaf and dumb institutions, 969; institutions for blind, 335; penal institutions, 2,377; jails and workhouses, 6,756; almshouse, 17,802. "In addition to this current population," says the report, "nearly 220,000 persons were cared for in State and private hospitals for a longer or a shorter period during the year," and these figures do not include the number in State tuberculosis sanatoria under the State Department of Health. In the hospitals and homes 873,444 persons were treated free in dispensaries; there was accorded free hospital treatment for 1,685,000 days and there were 4,422,083 days of free care in various homes aided or supported by the State.

The board recommends a State institution for inmates of the State who will put control of jails in the hands of boards, declaring that some jails "are a blot on the otherwise fair name of the State"; system of workhouses or penal colonies; immediate working out of a plan for delinquent children and the weak-minded; establishment of a psychopathic hospital for criminal insane at the new Western Penitentiary and use of Farview institution for general insane; that admission to the new Western Hospital for the Insane in Westmoreland county be only by the county; that in addition to the case at Wernersville; codification of the poor laws; that new buildings be erected by trustees and by builder commissions; a system of pensions for superannuated disabled employes in State institutions; completion of the village for feeble-minded women and an institution for incurables.

ROBBERS BLOW SAFE IN BAKERY

Three Charges of Nitroglycerine Throw Door into Plate Glass Window

Glass Window

Waynesboro, Pa., Jan. 22.—Burglars early yesterday morning blew open a safe in the office of the Wyand Baking Company, here, and secured about \$100. A cash register in the office was also broken open and \$10 taken.

The robbers broke into the office about 2:30 o'clock and with hammers cracked off the combination knob of the safe and placed dynamite or nitroglycerine in the hole with a fuse attached. It required three charges to blow open the safe and the detonation awoke the people in the neighborhood. The third explosion threw the safe door into the large plate glass window in the office, breaking the pane into small pieces. The reports awoke R. M. Hall, living across the street from the bakery, and he immediately started out to hunt officers but when he returned with others the robbers had fled.

The men came to town in an automobile, which they left standing along the railroad at the edge of the town and when they ran away they went to the machine and rapidly drove off in the direction of Hagerstown. There were three men in the party, one remaining outside, while the others operated in the office.

It is believed the robbers intended to start a fire in a barn on the farm of C. M. Hunter, a short distance from town, in order to take the people out of the neighborhood. When Mr. Hunter went to the barn yesterday morning he found a bundle of cloth, containing a lot of nails and matches, the whole package was saturated with oil. This was placed under a pile of hay in the loft, with the idea, it is believed, that spontaneous combustion would fire it.

Several weeks ago what was at that time thought to have been a plot to rob the postoffice, here, was frustrated by Postmaster Warehime; becoming suspicious of several strangers coming in and out of the office and had them watched. They disappeared, but the same night a large bakery storage building, about a square or more from the postoffice, was set on fire and completely destroyed.

WOMAN HIT BY BULLET FIRED BY MAN AT WIFE

Alleentown, Pa., Jan. 22.—

Mrs. Celia Corder, 80 years old, was wounded, perhaps fatally, last night by Andrew Pender, a neighbor, when she became the target for a bullet intended for Pender's wife.

The Penders have been separated for several weeks, the woman finding a home with the Corders. Pender made an effort to force his way into the Corder house to see his wife and as he fired at the latter Mrs. Corder stepped into the path of the bullet, the shot entering her chest near the heart. Pender ran away, but was arrested soon after and locked up.
