

Dives, Pomeroy & Stewart

The Year's Most Important Carpet & Rug Event

Begins To-morrow in the

Sale of the Harrisburg Carpet Co. Stock

The Harrisburg Carpet Co. was one of the oldest and best known institutions of its kind in this vicinity, and for years it catered to the floor covering needs of Harrisburg families.

The recent death of Mr. H. G. Heyd left the store without an active head, and it was decided to discontinue the business.

Thus the entire stock has come to us at a figure which permits of the presentation of very exceptional values.

Thousands of Dollars' Worth of Rugs, Carpets and Linoleums Will Be Offered at Prices That Are Far Under the Usual Cost of Staple Floor Coverings

Extra salesmen will be in attendance and the stock has been arranged in a manner that will make choosing a matter of ease.

PENN-HARRIS HOTEL TO BE A MODEL

[Continued From First Page]

terior design of a building. The experience gained by years of travel and study and in the design and erection of many modern buildings should enable the architects to make this, the new Penn-Harris, an ideal hotel. Every effort will be made to produce a uniform standard of excellence to give the best impressions to the new arrival and to maintain these impressions throughout the corridors, rooms and all other portions of the building.

All of Highest Excellence

"Nothing will grade below the first impression and to this end even the lowest priced rooms will be provided with the principal items of service, including phones, bed lights, annunciators, etc., so that every patron is given the maximum of service. The hotel will be provided with 275 bedrooms, each and every one of which will be connected with either bath or shower. All rooms will be of standard size and many of the rooms along the Walnut street front will be larger. Corner suites of sitting room, bedroom and bath will be provided on every floor. The sample rooms will be located on the top floor and will be one of the features of the hotel building to cater to the commercial trade. Each room will be connected with bath and large storeroom, and sample tables (forming wainscote when not in use) will be provided on all sides of the room.

Seven Select Shops

"On the Third street side of the building seven stores will be provided to meet the requirements of select shops. The main entrance of the hotel will be located in the center of the Third street front. The Walnut street side will contain the automobile entrance to the lobby, elevators and grille. A beautiful grilleroom is to be located on the Walnut street side, facing Capitol Park, easily accessible either from the Walnut or Third street entrance. Back of this grille is located the main public toilets, barber shops, etc.

"The first or lobby floor will be about 5 1/2 feet above the Walnut street sidewalk level and this entire floor will be devoted to public rooms, including the main lobby, 37x78, lounging room, 34x78, and the main dining room, 46x47, facing Third street, ladies' sitting room, etc. In the main lobby will also be provided a newspaper, telegraph office, check room, telephone booths and other conveniences for patrons.

"On the same level as the dining room will be located the kitchen, extending back to Strawberry alley. The entire rear wing will be given over to the service requirements of the building. At the street level will be located the steward's department, containing storerooms, iceboxes, trunk storage, etc.

"Above this level will be the main kitchen, with direct service to the main dining room and lounging room. Above the kitchen will be located the laundry and service quarters, including service dining rooms, locker rooms, toilet rooms, storage rooms, auditor's office, etc.

"The second floor is arranged entirely for public entertainment, excepting the Third street frontage, which will be arranged with a number of state suites especially fitted up for official guests.

"The assembly hall and ballroom, 41x78, will be located in the rear wing of the building and will have in connection therewith a special service pantry, which will also be used in connection with the four private dining rooms. Surrounding the private dining rooms and ballroom will be located ladies' and gentlemen's toilets, coat rooms, reception rooms, etc. The assembly room will be provided with a stage, orchestra balcony and all other conveniences required for large gatherings or ballroom purposes.

"No Lost Motion. Careful thought and attention has been given by the architects and lessees, the United Hotels Company, to the planning of the hotel in all its departments, so that when in operation there will be no friction or lost motion; all parts being carefully arranged so that the minimum of help will be required to operate the hotel and the entire service will be of high class throughout.

"The exterior of the building as shown in the accompanying illustrations is designed along simple but thoroughly architectural treatment for a modern hotel building. The lower portion or base of the building is to be of plain polished granite and above this point granite terra cotta will be used. The shaft of the building will be of a warm gray brick. The cornice and topping out of the building will be of terra cotta similar to the lower treatment.

"The framework of the building will be of structural steel throughout and of the most modern fireproof construction. The staircases and elevators will be surrounded by fireproof enclosures and every effort will be made to take care of the convenience and safety of the guests."

Mr. Stoddard's Work. A recent copy of the Atlanta Constitution tells of some highly creditable work done by Mr. Stoddard in that city. Among other buildings which he designed in the South were the Georgian Terrace Hotel at Atlanta, the Hotel Savannah at Savannah, the Hotel Dempsey at Savannah, and the Tutweiler Hotel at Birmingham. He has also designed many other large buildings throughout the country. Mr. Stoddard is a graduate of Cornell University and stands high in his profession. Esenwein & Johnson of Buffalo, who are associated with Mr. Stoddard in the planning of the new Penn-Harris Hotel, have also designed large buildings to their credit. They have given particular attention to the designing of hotels and the United Hotels Company, which will manage the Penn-Harris, were responsible for securing the services of the Buffalo architects.

Building to Be Most Impressive. Many conferences were held before work was started on the plans and it is generally believed that the design finally chosen with the interior appointments will give Harrisburg one of the most impressive and complete buildings in the country.

The United Hotels Company is now managing the Robert Treat at Newark, the Ten Eyck at Albany, the Tutweiler at Birmingham, the Lawrence at Erie, the Bancroft at Worcester, Mass., the Hamilton at Ontario and other large hotels. One of the features of the Penn-Harris will be a series of mural paintings on the mezzanine floor, the subjects being typical of Central Pennsylvania.

Already an order has been placed with the Bethlehem Steel Company for the steel to be used in the structure and everything is being done to facilitate the building operations with the opening of spring.

A fine water color sketch of the new building will be displayed in the large window of Harry's Store, at Third and Walnut streets, for a few days.

CONFERRING DEGREE. The past chief degree was conferred on a number of local officers of the Improved Order of Red Men of Octobera Council, No. 50, of this city, Saturday, by Edgar A. Pritchard, Grand Poochohantas of the Degree of Poochohantas.

Will pay for the chance to heal Catarrh

After an experience of 25 years, during which time 50 million Americans have used Kondon's Catarrhal Jelly, the manufacturers of this remedy feel so sure that it will relieve catarrh—that they offer to pay for a chance to prove its benefit to any catarrhal sufferer. They announce that any resident of this community can go to almost any drug store and get a complimentary trial can at the expense of the manufacturers. If the druggist has no gratuitous packages, the person may buy a 25 cent tube with the unqualified understanding that if that first tube does not do that person more than 2 dollars' worth of good, he or she can get their quarter back from either the druggist, or the Kondon Company at Minneapolis. Over 35,000 druggists know Kondon's Catarrhal Jelly is effective, harmless, clean and pleasant to apply—and they know that the Kondon people will gladly live up to this offer—"quarter back if not worth a dollar." Address—

HONOR WAYNE MACVEAGH

Philadelphia Bar Holds Memorial Session

Philadelphia, Pa., Jan. 22. — In honor of Wayne MacVeagh, Attorney General of the United States under Grant, a memorial session was held by the Philadelphia Bar at the Supreme Court chamber in City Hall.

Chief Justice J. Hay Brown presided. Memorial resolutions presented by C. Stuart Patterson, were passed. Addresses were made by Mr. Patterson, John Cadwalader, Judge John B. McPherson, of the United States Circuit Court of Appeals; A. H. Winterstein and Hampton L. Carson, Franklin MacVeagh, a brother of Wayne MacVeagh, came from Washington to attend the meeting.

Mr. MacVeagh resided in Harrisburg years ago for about ten years. His wife was Miss Mary Cameron, a daughter of Simon Cameron.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Brest Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold is inexpensive and entirely vegetable, therefore harmless.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry-bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitude of "nervé wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

AMSTERDAM. — A Sofia dispatch says Premier Radoslavoff has handed to the diplomatic representatives of neutral countries the reply of Bulgaria to the entente note regarding peace conditions. The text of the Bulgarian reply will be published on Wednesday.

BULL'S COUGH SYRUP
TASTES GOOD

Breaks up children's coughs and colds quickly. Mother's dependence for 50 years as a safe and sure treatment for croup and whooping cough. Make it your family cough-and-cold doctor, too—it's the right remedy to have at the right time, right in your own home. 25c at your druggist.

DEEP SEA DEAD LINE ABOUT ISLES

New York, Jan. 22. — Germany will declare a deep sea barrier around the British Isles commencing February 1. This news comes to New York from passengers arriving alike from both British and Baltic ports.

BERLIN. — The relief work being conducted by the Rockefeller Commission for the children of Poland is in danger of interruption owing to the stoppage of the supply of condensed milk, which previously has been coming from Switzerland. The stocks on hand in Warsaw, Lodz and other cities will be exhausted within a few days.

BEGIN MUSTERING OUT OF TROOP C

The mustering out of the Governor's Troop from the volunteer service of the United States started at 3 o'clock, this afternoon at the Armory, State street near Fourth. Captain R. M. Campbell of the United States Army, sent here to relieve Captain A. G. Pendleton, was in charge. It is probable that the final work in transferring the Troop from the United States service to the National Guard of Pennsylvania may not be completed until to-morrow.

The orders are to muster out Troop C, First Pennsylvania Cavalry to-day. Troopers who will be detained to complete the invoices and reports will be paid extra. Captain George C. Jack was of the opinion that he would wind up business with the United States Government to-morrow at noon.

Perry County Judge Makes Ruling For Better Roads

New Bloomfield, Pa., Jan. 22. — A fight for better roads in Perry county looms up as a result of the outcome of a case in Perry county court last week. Three supervisors of Green-wood township pleaded guilty to not having properly cared for the roads within their districts. President Judge W. N. Seibert deferred sentence until the April session of court. In defense the supervisors asserted that they were unable to employ help at the prices which the township was able to pay.

President Judge Seibert made the comment that it was the right and duty of supervisors to employ men and teams regardless of costs; that the roads must be kept in safe condition at all times and that if labor cannot be obtained in their own districts they must go elsewhere, but the work must be done.

EL PASO. — As he stood at attention while the regimental band played "The Star-Spangled Banner," at retreat, late yesterday, in the Fourth Ohio camp, Private Harry L. Baker, of Marietta, Ohio, was shot and almost instantly killed, when the rifle of one of his comrades was discharged.
