DAILY REPORTS **OF TWO SURVEYS**

Seek Highest Efficiency Possible in School Finance and Police Dept.

Daily reports will be made of the surveys of the police department and the business and financial administration of the Harrisburg School district. The surveys will be made by the New York Bureau of Municipal Research through the Harrisburg Chamber of Commerce.

through the Harrisburg Chamber of Commerce.

The work will be done with a view to obtaining the highest efficiency in the police department and financial work of the school board, and is being done in a co-operative spirit to show where and how the taxpayers' money can be saved.

Information gained by the police survey will give Mayor Meals and Chief of Police Wetzel exact details as to how the department should be organized and operated so as to give the citizens of Harrisburg proper police protection at an economical cost.

The school survey will also be done by an authority who will tell of modern methods in the upkeep and repairs of buildings, fuel and heating maintainence and the purchase of all supplies.

Many representative communities in

pairs of buildings, fuel and heating maintainence and the purchase of all supplies.

Many representative communities in this country have not only had surveys made by the New York Bureau of Municipal Research, but later public spirited citizens have endowed the creation of local bureaus of municipal research to be operated by trained men secured from the staff of the New York Bureau. Such progressive communities as Rochester, N. Y., Akron. Ohio and Minneapolis, Minn., have done this. The New York Bureau has recently completed a survey of all municipal departments in San Francisco and has under way surveys of Jamestown, N. Y., Columbus, Ohio, and Kansas City, Mo.

President David E. Tracy, of the Chamber of Commerce, is giving the surveys in Harrisburg, his personal attention, as he believes their results will be constructive work of the highest value to the community.

Engineer Has Another **Birthday Celebration**

WILLIAM H. COBAUGH

WILLIAM H. COBAUGH

This is the birth day anniversary of
William H. Cobaugh, a well-known
passenger engineer on the Philadelphila division of the Pennsylvania
Railroad. "Billy" as he is better
known, never misses a celebration.
His friends won't let him. To-day
they sent postcards, gave him personal congratulations and said all
manner of nice things. He runs the
Broadway Limited between New York
and Harrisburg, is prominent in
Brotherhood circles and belongs to the
veteran class of railroaders.

Ash Situation Grows Worse Instead of Better

The ash and garbage situation grows worse instead of better. The back yards and alleys are still littered with the unsightly mounds that are growing into miniature mountains.

The condition to-day is made worse with the city covered by inches of slush and the outlook for any immediate relief seems hopeless. At the city health office this afternoon it was said that not one application for collector has as yet been received and that about half of the regular force is on the job.

about half of the regular force is on the job.

The suggestion made last week by Dr. J. M. J. Raunick, city health officer, that an expert be engaged to go over the situation thoroughly and nake a report on a possible will be incorporated in his will be incorporated in his annual report to Council. That some drastic action be speedily taken by Council for an immediate, if temporary, relief from existing conditions is the only method that secms reasonable at this time in the minds of many

citizens.

As pointed out by Dr. Raunick last week, a number of local contractors would be willing to contract for the removal of ashes and garbage, but could not because they are unable to get enough men for the teams. With this condition Council would be compelled to import men to do the work. With one hundred men the city could be cleaned up in a week's time probe cleaned up in a week's time, according to Dr. Raunick.

Tech High School Notes

Frank Gipple, president of the senior class, has made his appoint-ments of committees who will be in connection with the exercises of the graduating class. The invitation committee consists of Paul Bratten, Jo-seph Todd, Charles Snyder, Carter seph Todd, Charles Snyder, Carter Wear, Kenneth Stark and John Demming. On the cap and gown committee are Charles Johnson, Hetzel Davies and Carter Wear. The invitation committee has arranged with the Charles H. Bilott Company, of Philadelphia, to furnish the members of the class with invitations. Waas & Son, also of Philadelphia, will supply the caps and gowns.

ENDS CATARRH, ASTHMA, Bronchitis, Croup, Coughs and Colds, or money back. Sold and guaranteed by

the fourth year class will have their Bethlehem Steel Seeks work completed, with the exception of the final semester. They will close their work about May 30 and devote the remainder of their time to precharge of arrangement of details in paring the commencement program.

Professor A. M. Lindsay, director of music at Tech, has extended an invitation to be present in the auditorium to-morrow afternoon at the close of school to all those who are interested in the formation of a glee club. While each class will have its own musical organization, Professor Lindsay will train a general chorus to represent the school. A concert by the glee, mandolin and guitar clubs in connec-tion with the school orchestra and band will be one of the musical fea-tures of the year at Tech the latter part of next month.

with invitations. Philadelphia, will supply the cape gowns.

Selecting the class flower will be Samuel Sherman, Edwin Harris, Edwin Garman, John McGann and Lewis Kraybill. The securing of a minister to preach the baccalaureate sermon on the Sunday prior to graduation will be left to Norman Todd, Harry Eyster, Roger Harmon, Martin Miller, George Stark and Frank Gipple, president, who will be an ex-officio member of each of the committees.
