little comment was made by President Judge Kunkel. Faust at January session of criminal court pleaded guilty to twenty-eight charges of felonious assault, felonious entry and larceny and burglary. On one charge of burglary he was sentenced to pay a fine of \$5 and costs, and to serve not less than nine years and six months and not more than ten years in the penitentiary. On all other charges the sentence was not less than two and not more than five years.

Robbed Scores of Places With the ending of the cases against Faust, an ex-convict, woman in court this morning, the police of the city have finally succeeded in bringing to justice the people they claim were responsible for one of the worst outbreaks of burglary ever known in this city.

For months houses were broken into at will, and many articles stolen. After the arrest of Faust, much of this property was identified.

Only one other sentence was given this morning. Oliver Harvey Adams, convicted on a charge of felonious entry and larceny was ordered to pay a fine of \$5 and costs and to serve ten months in the Dauphin county jail.

PENN COMMUNITY CLUB OPENS ITS DOORS

Notice was made by many individuals, churches and business firms in answer to an appeal sent out last week by a committee of ladies.

The clubhouse will be open every evening and Saturday afternoons and will be in charge of the committee of which Mrs. Herman P. Miller is chairman.

To-morrow evening at 7 o'clock the girls' class will be organized with Miss Rachel Staples, of the Associated Aid Societies, as instructor.

John Yates will have charge of the boys during the first two weeks and will form his class on Wednesday evening.

AGRICULTURISTS BY HUNDREDS TO ATTEND BIG SHOW

Exhibit to Be Opened Tomorrow Morning in Emerson-Brantingham Bldg.

HOLD MANY CONTESTS Various Allied Associations Will Hold Annual Meetings During the Week

The greatest agricultural show that has ever been staged in Pennsylvania will be opened to-morrow morning at 9 o'clock at the Emerson-Brantingham building at Tenth and Market streets, and will continue all day on Wednesday and Thursday.

The Pennsylvania Corn, Fruit, Dairy Products and Wool Show is the result of the joint efforts of the Pennsylvania Breeders' and Dairymen's Association, the State Horticultural Association of Pennsylvania, the Pennsylvania Vegetable Growers' Association and the Pennsylvania Department of Agriculture.

The exhibits will include about 5,000 ears of the finest corn grown in different sections of Pennsylvania, several carloads of the choicest apples from all parts of the State, butter made by famous butter makers and milk that is supposed to be of the highest standard.

Contest to Be Feature Features of the show will be demonstrations in butter-making, seed corn testing and poultry canning by a number of boys who have been prominent in the boys' club work throughout the State under the supervision of the officials of State College.

UP-STATE MILK VERY IMPORTANT

Tri-State Commission on Milk Conditions Make Important Report to Governor

The fact that Central Pennsylvania counts 8, notably those in the Cumberland, Lebanon and Juniata valleys are being depended upon more and more for the milk supply of Philadelphia is indicated by the report of the Tri-State commission.

The report was made to the Governor and demonstrates that in its department for milk Philadelphia is reaching out beyond the 100-mile limit and with this in mind the commission examined farmers from as far away as Blair county.

The commission holds that the cost of producing milk can be reduced by co-operation and scientific methods; that milk distribution should be made a public utility business, that publicity should be given to encourage the sale of surplus milk; that the surplus product in certain months can be used to better advantage; that there should be more encouragement of greater effort to encourage manufacture of cheese, ice cream, butter, etc., and that there should be State dairy inspection under the State Livestock Sanitary Board with a dollar license for every one engaged in the milk business.

More Agencies.—Probably ten additional State employment agencies will be opened in cities and boroughs of the State this winter through co-operation of chambers of commerce of various places with the State Employment Bureau.

British Intention to Lease Greek Ships Causes Stir London, Jan. 22.—A dispatch to the Times from Athens says: "The British government's intention to lease Greek shipping has caused a great stir. It is understood England will pay 30 shillings per ton per month for the ships, which they will insure at from 30 to 40 pounds per ton. The ships are to be chartered for the duration of the war and the subsequent six months. The owners must

deposit about one-fourth of their ships' value in London as surety for the execution of the charter. If they are unwilling to do this, the ships will be commandeered at the rate of 7 shillings per ton. The Daily News says it understands about 700,000 tons of Greek shipping now being held up in British and other allied ports will be affected. The newspapers add that in the event of war between the entente allies and Greece the ships will continue to be employed, but under the flag of the Greek provisional government. "SEND KAISER TO ST. HELENA" New York, Jan. 22.—Kaiser Wilhelm should be sent to St. Helena, and the United States should unite with Great Britain, France and their allies to send him there, in the opinion of George Haven Putnam, president of the American Rights League, who spoke on England's part in the new
