WITH NEURALGIA

Musterole Gives Delicious Comfort

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on the temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief. Musterole is a clean, white oint-ment, made with oil of mustard. Better than a mustard plaster and does not blister.

Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheu-matism, lumbago, pains and aches of the back or joints, sprains, sore mus-cles, bruises, chilblains, frosted feet-colds of the chest (it often prevents pneumonia). It is always dependable.

UTILITARIAN WEDDING GIFTS Some of the wedding gifts that are slown to visitors were so expensive and seemingly so useless that I asked about them. Some were in the form of great fish, made of bright red crepe, and some were ships of happi-ness fitted out with sails of gold bro-cade. As I had never seen these bright grotesqueries in Japanese homes, I wondered how they were used. The ship, with its flowing sails, is entirely constructed of precious silks and satins, not cut, but simply basted together, so that when the delicate compliment of a ship of hap-piness has served its purpose as a wedding decoration, it is unbasted and the fine crepe and brocaded silk are made up into a rich costume.—May-nard Owen Williams, in the Christian WAGE INCREASE ON CORNWALL The Conwall and Lebanon Railroad, which operates as a subsidiary of the Pennsylvania railroad, a twenty-two mile track between Lebanon and Cone-wago, has announced an increase of wages, effective January 1. The new wage scale, which is virtually a read-justment placing the local railroaders on a level with others employed by eastern roads, provides for increases from ten to fifteen per cent.

Get a 25-cent bottle of Knowiton's Danderine from any drug store or tollet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by carcless treatment—that's all. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.
