The Sale of the Stock of Harrisburg Carpet Company Is the Homefurnishers' Golden Opportunity

Thousands of Dollars' Worth of Standard Grades of Rugs, Carpet and Linoleum Offered at Savings of Extraordinary Interest

The sale of the stock of the Harrisburg Carpet Company offers all grades of carpet, rugs and linoleums at substantial reductions. Values like these are only possible in a transaction of this character, for the high cost of wooleh yarns, the dye situation and advanced productive costs brought higher prices all along the line months ago and made specials almost prohibitive.

So the chance to share in the notable savings resulting from this important disposal of this well-known indeed a rare occasion.

HOW TO CHOOSE GOOD POTATOES

Smooth More Desirable Than Rough Ones Says **Specialists**

Washington, Jan. 23 .- The follow ing suggestions to housewives by home economics specialists of the United States Department of Agriculture are made in regard to the selection of po-

States Department of Agriculture are made in regard to the selection of potatoes for table use:

In purchasing potatoes for table purposes, the following points should be kept in mind: First, that smooth potatoes are more desirable than rough ones, because they are more easily prepared, and less loss is involved in the paring. Second, that tubers which have been exposed to light for any considerable period soon acquire a more or less acrid taste; for this reason, newly harvested potatoes, if mature, are preferable for the winter's supply to those which have been kept for any considerable period under unsuitable conditions. Third, that very large potatoes are not especially desirable, partly on account of the greater length of time required to cook them uniformly, and partly because they are often very variable in texture. Fourth, a good potato should be firm and crisp when cut, and a thin cross section when held between the eye and the light should show a relatively uniform distribution of starch throughout its whole area; as opposed to a large, translucent, watery, central area which denotes a lack of starch in this portion of the tuber. The even distribution of starch insures greater uniformity in cooking and in texture of the fiesh when cooked.

If a lot is not uniform, it is often worth while to sort them and use the large ones with roast meats, or at other times when the oven need not be especially heated, and save the small ones for occasions when quick cooking is more convenient. When the potatoes are very large, or time is pressing, it is often desirable to increase the surface exposed to the heat by cutting them in pieces before cooking, in spite of the fact that this slightly increases the amount of nutrients lost. If they are pared and cut into small cubes or thin slices, they will cook very quickly and may then be creamed, mashed or served in other ways.

POSTAL DEPOSITS INCREASE Gain of \$26,000,000 Reported in Last Half of 1916.

Half of 1916.

The increase in postal savings deposits for December, 1916, was \$3,500,000 or almost four times that for December, 1915. During the period from July 1 to December 31, 1916, the deposits in the United States increased \$26,000,000, or about \$4,000,000 more than the gain for the entire fiscal year ended June 30, 1916. From January 1, 1916, to January 1, 1917, the deposits increased about \$37,650,000, or 50 per cent.

NARROW ESCAPE AT CROSSING

NARROW ESCAPE AT CROSSING
Mechanicsburg, Pa., Jan. 23. — C.
L. Coover, a dairyman from Lower
Allen township, had a narrow escape from being caught with the
Westbound Cumberland Valley passenger train yesterday morning at
8.12 o'clock, when he crossed the track
directly in front of the incoming train,
to deliver milk at Sunnyside, at the
lower end of town. Not being aware
that the train was so close, he just
cleared the track as the engine rushed
past. The horse frightened and jumped to one side, crashed against a post,
but the greatest damage was a torn
harness and broken shafts.

THEFT AT COLUMBIA

THEFT AT COLUMBIA

Columbia, Pa., Jan. 23. — Four colored men entered Frederick Kaufhold's jewelry store about 10 o'clock yesterday morning, and asked to look at some rings. The clerk placed several trays before them which they examined, but they left without making a purchase. Soon after the men left the clerk discovered that three rings, valued at about \$25 were missing. Officers found the men in the home of a colored woman, in North Front street. They did not recover the rings, but the four men are held pending an investigation.
