

Most Effective Remedy Mother Had Ever Used

Dr. Caldwell's Syrup Pepsin Relieves Baby When Other Medicines Failed.

There is nothing so necessary to a child's health and comfort as regularity of the bowels. All children are especially susceptible to stomach trouble and any overstrain of the sensitive organs has a tendency to obstruct elimination. This condition is responsible for much of the illness of childhood.

Mehodist Pastors' Fund Is More Than \$8,000,000

Chicago, Ill., Jan. 26.—More than \$8,000,000 has been subscribed toward the fund for retired ministers of the Methodist Episcopal Church, it was

announced by Dr. Joseph B. Hingley, corresponding secretary of the board of conference claimants.

In addition, Doctor Hingley said large contributions toward the fund have been provided for in wills. The amount actually distributed to the retired ministers and widows by the church exceeds \$1,400,000.

500,000 MEN IN TRAINING PLAN

Argentina's System Model For Army General Staff's Universal Service Bill

Washington, D. C., Jan. 26.—Argentina's military system is serving as a model for the universal service bill now being drafted by a committee of the army general staff. Officers familiar with staff opinion said that while details had not been completed, the measure would follow closely the Argentine scheme, and was designed to keep half a million men under training, with 2,500,000 trained reservists subject to a call.

It probably will be weeks before the bill and accompanying estimates of costs are ready for submission to the secretary of war. The chairman of the house military committee has asked to see it, and it will be sent to the capitol for the committee's information, though there is no indication that it will go with any sort of endorsement from the administration. Secretary Baker has not said whether he will approve or disapprove.

The main feature of the staff bill will be its provision for one year of intensive military instruction for all youths subject to its terms. It is expected that exemptions due to physical disqualifications and for other reasons, including possibly the conscription of certain men for work in industrial plants necessary in war times, would leave available for army training between 450,000 and 500,000 of the 1,000,000 boys who reach the age of eighteen each year.

In fixing upon a year as the minimum time for training, the general staff has followed the theory that the United States seeks to provide only for an army of defense. It has been stated to the house committee by Major General Scott that although European nations give every soldier at least two years of hard work before turning into the reserve, because of the geographical position of the country a year will suffice here. The argument advanced to support this view was that there would be sufficient time to give finishing touches to military education of reservists after war had broken out and before invading expeditions could be landed in force.

Woman Stops Workmen by Waving Old Glory

Wilkes-Barre, Pa., Jan. 26.—When workmen for a telephone company endeavored to place a pole in front of the property of Mrs. Jennie Hoffer, she warned them to stop. When they refused, she secured a large American flag and declared she would place Old Glory in the hole the men had started to dig.

(Continued) She was well-nigh frantic at four o'clock, but at that hour the elevator checked, and she was at the door. Tavy fired, but flushed and wide-eyed, and full of happiness of her triumph. Not Billy, tall and smiling, and proud, that he had taken away so precious a charge and returned that charge in safety. Tommy Tinkle and Geraldine Benning! "Where's Tavy?" Mrs. Stuart's voice had a shrill break in it. "There hasn't been an accident." "Not to Tavy," Tommy's tone was grave. "Billy had a slight accident." She knew! Knew the whole bitter truth!

CHAPTER XXVIII Happiness is a Selfish Pleasure What should she do with Billy; that was just now? Tavy studied Billy in dull silence as he sat huddled in the corner of the car, asleep. Her repugnance of him had passed. He had not only offended her delicacy, but he had destroyed it, for the time being; and now she could be true to this sordid, practical question. They were well into the city, by this time, so she told the chauffeur to drive to Park until she gave him further orders. She had much to deliberate; for, on what she did with Billy now, might depend what she did with him in the future.

Let her look conditions squarely in the face. First of all, she had no illusions left about her love being able to hold Billy safe against his enemy. Her mother and father had both been right. Through life, Billy might expect to meet this foe at any unforeseen turn, and be beaten by it, and kicked aside with disdain, a helpless, formless, brainless—what? —Bow-Wow!

TO STOP BAD COUGH

SOOTHE DRY, IRRITATED THROAT WITH PARMINT SYRUP. SAYS THIS OLD FASHIONED COUGH MEDICINE IS THE BEST. We are told that the old time remedies are the best and most reliable. There is less harmful yet better medicine than those which are in use today. Being unobtrusive, the old-fashioned old-fashioned recipe which is quick acting will be welcomed by many as there seems now such a prevalent epidemic of coughs at the present time. Secure from your druggist one ounce Parmint (double strength) and add to it one tablespoonful of water, and add to it a quarter pint of hot water and four ounces of granulated sugar. Stir well and take a spoonful four times a day. No more racking your whole body with a cough. Your nostrils should open, air passages of your head should clear and your breathing become easy. Parmint wrap is pleasant to take, easy to prepare and costs little. Every person who has a stubborn cough, hard cold or catarrh in any form should give this prescription a trial.

"Gained 32 Pounds in Sixty Days"

Says Young Lady Who Formerly Was "Horribly Thin and Anemic." Advises Thin Blooded People to Use Hypo-Nuclene Tablets. A brief extract from a letter from Miss Cassie Brown, Danville, Ill., reads: "Doctor had given me up to die. I was subsisting on milk alone. My stomach would not retain solid food. I was deathly pale and my blood was watery. As a last hope I tried three-grain Hypo-Nuclene Tablets. The effect was marvelous. I began to gain and in a few weeks could eat and digest anything. My strength grew by leaps and bounds and I soon became plump and contentedly well. This is an extraordinary case, but any thin, bloodless, anemic person can increase weight, strength and health through the use of Hypo-Nuclene Tablets. One or two packages will prove that this new compound of the salient extract from yolks of eggs, hypophosphites, iron, and simple vegetable tonics in tablets is a blessing and benefit taken with meals to produce new blood, new flesh and induce plumpness. The process is intricate, but the results are certain. Sold by druggists 90 cts., or direct from the laboratory of The Blackburn Products Co., Dayton, Ohio.

mal which slumbered there in stupor, shrugged in impatience at the weight which cramped it. It was the shoulder of a stranger upon which she leaned, and she straightened swiftly, shocked, but not hurt. No, it was too late to be hurt. That had been done, and the wound had been so deep, so vital, that no other cut could add to her suffering.

Women and Young Girls Who Suffer from Bloodlessness Should Start at Once To Take a Course of Iron.

In Anemia or Bloodlessness, the red corpuscles of the blood, which nourish the system are more or less deficient. The face becomes white and pasty, the eyes grow dull and heavy with dark circles round them and a feeling of intense weariness prevails through the whole body. To overcome this condition, the blood supply needs recharging and it is here that Iron which is best taken in the form of Liquid Ironocel possesses such wonderful power. Being a blood builder, Liquid Ironocel secures a wealth of new, rich, red blood which brings the roses back to the cheeks and sparkle to the eyes. Iron in the form of Liquid Ironocel does not stain the teeth and the Iron being already in solution is at once absorbed by the blood. Make no mistake, start taking it to-day. Your druggist can supply you.

Eggs Too High, So Magician Quits

Chicago, Ill., Jan. 26.—Because of the high cost of eggs, a magician doing an egg trick at a vaudeville house here quit his job. The illusionist, who breaks eighteen eggs at every performance, was doing "two a day," but was asked to make it seven turns instead. In seven days, it figured, he would use 882 eggs, worth \$28.22 at the current price of 52 cents a dozen.
