

Application of Brakes Makes Tires Wear Uneven

It is often that the motorist upon inspecting his tires finds that one rear tire is wearing very much faster than the tire on the opposite wheel.

Automobile Recognized as Legitimate Security

According to Walter H. Alford, vice-president of the Nash Motors Company, formerly controller of the General Motors company, and closely in touch with financial matters, the motorcar dealer no longer has difficulty in negotiating sufficient loans to finance the purchase and storage of cars during the winter months.

Premier Company Now Has Active Production

The Premier Motor Corporation has graduated from the prospect into the reality class. Twenty-one cars were shipped in a single day last week, and the daily average shipment for the week was twelve cars per day.

New Body For National Six-Cylinder Model

National dealers all over the country were given a pleasant surprise recently, when the National Factories at Indianapolis announced they were putting on the beautiful new luxurious body, without extra cost, on the new Highway Six-Cylinder model.

Haynes Is an All-Winter Car That Appeals to Many

The day when the motorist, figuratively speaking, puts moth-balls in his motorcar and shelves it away for the winter, seems to have gone into the discard. At any rate such is the case if the sales of Haynes cars to users is any criterion.

Overland Country Club Is Feature of Annual Shows

The Overland Country Club roadster is attracting more than the usual amount of attention at the various auto shows throughout the country, demonstrating clearly that this smallest member of the Overland family is going to be one of the best sellers of the 1917 line.

In design, finish and appointments it is new, beautiful, complete and up to the minute. It sets a new high mark in easy riding comfort. Long forty-eight inch cantilever rear springs, perfect balance, long wheelbase—125 inches, big tires—4 1/2 x 35 inches—provide the utmost ease and luxury of riding comfort. And the low, deep-cushioned seats are built over improved seat springs—each spiral separately encased and thus air cushioned.

COWBOYS FIGHT MEXICANS Battle Lasting All Day Reported Near Boundary Tucson, Ariz., Jan. 27.—According to telephone advices from Arivaca, Ariz., about forty miles south of Tucson, fighting has been in progress all day at a place called Stonehouse, between Mexican troops and American cowboys. When the cowboys attempted to drive their cattle from the boundary line, the Mexicans opened fire. The report said the Americans retreated and were re-enforced by a part of Troop B, Utah cavalry, who returned the fire. No American casualties have been reported, and it is not known whether the Mexicans suffered losses. Further re-enforcements were sent from Arivaca.

Saxon Dealers' Enthusiasm Inspires Increased Sales Announcement of the new series Saxon cars has been followed by a most enthusiastic reception, from the Saxon dealers all over the country and, according to reports that are coming in daily to the factory, the new machines have already found a distinct place in the eyes of the motor-car buying public.
