

VICTORY SEEN BY ANTI-ROUFGANGERS

Out-of-Town Speakers During Field Day Exercises Confident of Early Success

A spirit of cordial co-operation on the part of the churches of Harrisburg in the fight against the liquor traffic which is being carried on with increasing vigor by the State Anti-Slavery League, was manifested yesterday when representatives of the league spoke from forty pulpits of the city and vicinity. It was "field day" for the Harrisburg district and the great temperance issue was expounded by men who are giving their time and talents exclusively to the cause.

Large audiences in nearly all of the Protestant churches greeted the speakers. At Market Square Presbyterian Church, Superintendent Swift, of the State League, talked to a capacity congregation. The Rev. F. F. Holsopple, superintendent of the Harrisburg district, occupied the pulpit in Grace Methodist Episcopal Church and had one of the biggest crowds of the day. District Superintendents Hartman, Scott, Topp, Bonnetts and Brandt also spoke to large congregations.

Sees Victory The Reverends Carpenter, Hutchison, Chaffant, French, Moore, Stanford and Stone, all prominent league workers, were here to assist in the work. Prof. Albert and Nye and J. Bay Brownlee, attorney for the league, contributed to the success of the day.

Superintendent Holsopple expressed himself this morning as highly appreciative of the loyal attitude of the local ministers and church boards in helping to make what he termed "the greatest field day rally ever held in Pennsylvania."

"All this gives 1917 a hopeful outlook. Twenty-three States have adopted prohibition and six or eight are on the verge of doing so. The constitutional amendment has a majority of supporters in the Senate and House at Washington. A dry District of Columbia is an almost immediate possibility. The Supreme Court of the United States having affirmed the constitutionality of the Kenyon-Webb-Sheppard bill, the greatest victory of its stamping out is due to date. Of 2543 counties in the nation all but 305 outlawed the liquor traffic and saloons are closing by tens of thousands each year."

Desire to Free Italians Now Living Under Austrian Tyranny Reply to Talk

Rome, Sunday, Jan. 28.—via Paris, Jan. 29.—Italy wishes once for all to free the Italians who are still living under Austrian rule. Francesco Ruffini, minister of public instruction, in a statement to the Associated Press in regard to President Wilson's address to the Senate, said: "Part of the President's message regarding the possibility of complete unity. This is justified historically and its completion will be a proper act, because Italy does not wish to live by the grace of others. She has already been able to contribute to national solidarity and is working today to settle finally the question of her unity."

GIVEN TRATREACK REPLY Berlin, Jan. 29.—By Wireless.—The German government today handed to United States Ambassador Gerard its answer in the case of the British steamer Tratreack, says an Overland News Agency announcement. The reply is as follows:

"The steamer was stopped by a German submarine on November 16 last. The crew left upon signal, without further complication. The ship was sailed away from the steamer in the boats. The ship was then searched and sunk as a hostile vessel."

The foregoing evidently refers to the British steamer Tratreack reported sunk in a Lloyd's Shipping Agency announcement of November 17 last. The Tratreack was a vessel of 2,998 tons gross, built in 1912 and owned in St. Ives.

Report on News Print Investigation to Be Given Congress Late in Week

Washington, D. C., Jan. 29.—The Federal Trade Commission's report on its news print investigation probably will be made to Congress late this week. Final agreement on legislation to be recommended and a report of the Canadian situation, it was learned today, are all that stands in the way of its coming to the Senate. The commission returned from Ottawa to-night with information on measures contemplated by Canadian officials. The commission's law board will put before it approval shortly recommendations for legislation designed to prevent a similar paper shortage situation in the future.

PROBE BILL WILL GET AMENDMENT

[Continued From First Page] vote to pass it in case any opposition develops.

Governor Brumbaugh is expected to send nominations of the board of bituminous mine examiners and some minor appointments to the Senate to-night. It is expected that a bill for Judge for Schuylkill county or send in the name of D. E. Long to be Superintendent of Public Printing and Binding could not be learned. Under recent terms the bill provides for appointment of county treasurers and other officers will be sent to the Senate.

The Senate will probably adjourn tomorrow for the week, but the House will likely have a Wednesday session. The committees will organize to-night or tomorrow and start considering the sixty bills in hand. Many more are expected to-night, including the woman suffrage amendment.

Thus far there has been no action taken regarding items for the conduct of the State government and the policy regarding to charities or the Governor's salary or expense funds.

Considering Appropriations Chairman James F. Woodward, of the House Appropriations committee, said today that his committee would organize immediately and get to work upon the deficiency bill presented last week. He said he has in hand \$25,000,000 for the conduct of the State government for the remainder of the fiscal year. The plan is to start hearing of department heads tomorrow. When they are introduced the information regarding the sums appropriated by chiefs as needed to conduct their work for the rest of the official year he suggested that there might be chances to trim the amounts. Many Mr. Woodward said in talking about the matter, "The people of Pennsylvania are expecting a businesslike consideration of all bills, especially appropriations, and we will endeavor to have everything explained and accounted for. Everything possible will be done to get to the bottom of these fast-growing deficiencies. There will be no factious or anything like that in these hearings. We will simply ask reasons and we will cut off what we think is not needed. The demand to be shown and be impartial."

The various departments and subdivisions of the State government which have items in the general deficiency bill which was introduced in the House last Tuesday will have to "go on the carpet" before the House appropriations committee and do some tall explaining. The aggregate of the appropriations is \$25,000,000 and Chairman James F. Woodward, of the appropriations committee said this morning that it would be the aim of the committee to cut that deficiency down to the smallest and the greatest amount possible to the State.

It is not the intention to bully or threaten officers of the government but they will have some strong questions to answer. From the standpoint of party responsibility, the Republicans are determined to save every cent possible to the people and the pruning knife will likely work overtime on the deficiency bill.

BANKER, ONE OF TRIO, DENIES CHARGES

[Continued From First Page] bed by telephone. Lawson also said he had heard Fisk was connected with the peace note "leak."

After denying that his firm had ever received from the Treasury department "any advantages which any other Wall street firm might not have received," Fisk admitted that the Federal Reserve Bank had leased offices in a building owned by his firm after he had suggested to Secretary McAdoo that the offices were "the best adapted of any in the street."

PEACE BY SWORD KAISER'S MESSAGE

Tells of Determination to Press War in Birthday Announcement

London, Jan. 29.—In reply to birthday congratulations, Emperor William Saturday sent from German great headquarters to the Berlin Academy of Science the following message:

The unshakable will to victory of the German people, who are prepared for every sacrifice of blood and treasure, will insure God, preserve the Fatherland from the ruin contemplated by its enemies and will force by the sword the peaceful and happy development of the people.

The Emperor's message comes in the most unexpected manner in certain quarters in Germany and in some of the Entente capitals that he would make a notable peace move in an address at a meeting of Teutonic State military advisers assembled at German headquarters to celebrate his birthday.

Titanic Struggle at Sea Believed Certain Soon; Britain Makes Ready

London, Jan. 29.—A development of the week that tends to justify confidence in the Ministry of War is the fact that the allied navies, which in the past have had a reputation for being unready, are signs of an intense and unrelaxing activity at the Admiralty that fits into the general picture of the Entente countries on and particularly under the sea. The visibility of preparations was not noted here as being unusual, but the most resolute defense ever made by either seem to be staged for a future so near that it may be only to-morrow.

POLES CONGRATULATE KAISER

Berlin, Jan. 29. (By Wireless)—A congratulatory message sent by the Polish count of appeals to Emperor William on his birthday is quoted by the Overseas News Agency as follows: "We beg Your Majesty to accept the expression of our deepest gratitude for the proclamation of peace on November 5 in which Your Majesty's wisdom recognized the promotion of humanity as a war aim and by which, together with your exalted ally, you guaranteed the re-establishment of the Polish state."

The city councils of Warsaw, Piotrkow and Lublin, adds the announcement, have sent messages to the Polish state council greeting it as the highest Polish authority.

DOUBT IF RAILROAD LAWS WILL PASS

[Continued From First Page] await House action on Representative Adamson's new railroad bill. The bill, which would give the Interstate Commerce Commission authority to regulate leasing measures might be called up in that case and general sentiment toward it determined.

The termination of some Republican senators in the debate on President Wilson's peace address also threatened to disarrange further the legislative program. The district court ordered an adjournment until 7:30 o'clock to-night after the attorneys for the defense declared they did not want to proceed until after hearing the testimony of Mrs. Jenkins.

Two witnesses had been examined this morning when the State gave notice that it expected another witness. On both sides expressed the belief that all testimony will be completed to-morrow. J. H. Youree, a partner of the Sixth Cavalry, Lieutenant Colonel Butler's regiment, was the first to take the stand today. He said Butler never drank intoxicants, but always "sober" and "clean."

Program of Legislation on Railroad Laws Is Announced by Trumbull

Philadelphia, Jan. 29.—Reiterating with emphasis his outline of the legislation desired by the railroads of the nation, as announced recently by him at a session at Louisville, Pa., Trumbull made an address last night before the American Academy of Social and Political Science on Railroads of the United States, by the Eight-Hour Law. Mr. Trumbull is chairman of the Railway Executive Advisory Committee and chairman of the board of directors of Chesapeake and Ohio Railway Company.

"The committee of which I am chairman," said Mr. Trumbull, "representing about ninety per cent of the railroads of the United States, advocates the following program in the belief that such a platform, enacted into law, will greatly improve and more adequately meet the needs of commerce."

Federal supervision of railroad securities. Federal incorporation of interstate carriers. Exclusive Federal regulation of all rates. Wages and service are not divided by State lines.

A regional and functional division of the work of the Interstate Commerce Commission. Regional commissions under unified authority would keep regulation clear to the people, and it ought to be.

Restriction of rate suspensions to not more than sixty days. Giving the Interstate Commerce Commission power to prescribe minimum as well as maximum rates.

Supreme Court Recess Arouses Speculation as to Disposition of R. R. Law

Washington, Jan. 29.—A recess of the Supreme Court for four weeks from February 5 to March 5 to prepare opinions, was announced today. The Harvester and Steel cases and other important cases assigned for February 26 were recessed for hearing on March 6.

The unusually long recess gave rise to speculation regarding prospects for a decision in the Adamson eight-hour law case. It was suggested in some quarters that, few opinions having been given to-day, the Adamson law decision might be in process of preparation for announcement next Monday. If the case is not decided then, no decision would be possible until after Congress adjourns, as the next regular "opinion day" will be March 6, two days after the adjournment.

The same situation applies in the contempt case against United States Attorney Marshall, of New York, who is asking a habeas corpus writ to prevent him being brought before the bar of the four Representatives. The power of the present House to inflict contempt punishment expires with adjournment of Congress.

KILLED IN FALL George W. Baer, 49 years old, tripped at the top of the stairway at his home, 541 Woodbine street, yesterday morning and fell to the bottom of the stairs. He died several hours later. Coroner Eckinger who investigated the death, stated that the death was accidental. Mr. Baer is survived by his widow.

A luncheon meeting with Mayor Meals and members of City Council will be held to-morrow at the Harrisburg Club. It has been postponed because the Mayor is confined to his home with a severe cold. Russell H. Allen, of the same bureau, who will survey the business department of the schools, will begin work here on February 8.

Spain Trial Delayed by Summoning of Another Witness; Nearing End

San Angelo, Tex., Jan. 29.—The trial of Harry Spang, charged with kidnaping his wife and Lieutenant Colonel M. Butler, U. S. A., at Alpine, Tex., last July, was delayed today when the State announced it had subpoenaed another witness, Mrs. E. F. Jenkins, of San Angelo, who is here today to-night.

The district court ordered an adjournment until 7:30 o'clock to-night after the attorneys for the defense declared they did not want to proceed until after hearing the testimony of Mrs. Jenkins.

Two witnesses had been examined this morning when the State gave notice that it expected another witness. On both sides expressed the belief that all testimony will be completed to-morrow. J. H. Youree, a partner of the Sixth Cavalry, Lieutenant Colonel Butler's regiment, was the first to take the stand today. He said Butler never drank intoxicants, but always "sober" and "clean."

Gallagher on Saturday morning for failure to pay the sum of \$293.70, which includes the judgment and costs of a verdict rendered by the Supreme Court in December, to Mary Gosh, aged eight years, who was run down and injured by a motor car on the corner of West State street, several months ago. Patterson was placed in the county jail, where he is held until he can arrange for a bond, whereby he will be allowed to remain at liberty within the legal jail limits.

GENERAL DANKL RETIRED

Amsterdam, via London, Jan. 29.—The Berlin Vossische Zeitung reports the retirement of General Dankl, one of the best known commanders in the Austrian army, from field service. Emperor Charles has written to General Dankl regretting that the commander's ill health prevents his remaining in active service and appointing him captain of the imperial bodyguard. The emperor also has accepted the resignation of General Count Beck, who was adjutant general to Emperor Francis Joseph.

General Dankl was in command of the Austrian forces on the Russian front at the time of the great Russian drive in 1914. It was reported that he quarreled with Field Marshal von Hindenburg and the following year he was transferred to the Italian front and promoted to colonel-general.

DUFFY LEWIS HOLDS OUT

San Francisco, Cal., Jan. 29.—Duffy Lewis, outfielder for the Boston American baseball club, has returned to the team after having been held out by the Boston management. The figures, he said today, were the same as in the last season and he felt he was entitled to an increase. Lewis denied that any contemplated action of the baseball players' fraternity was responsible for his action. "I have written the Boston management a nice letter," he said, "and am sure the matter will be adjusted satisfactorily."
