D. P. & S. Store to Open Two Big Sales Tomorrow

The doors of the Dives, Pomeroy & Stewart store will open tomorrow morning on dual merchandising events of magnitude and importance, the February Furniture Sale and the semi-annual Mill and Factory Sale of the store.

In the furniture department will be staged the big February furniture event. A full page of this paper is devoted to many of the offerings and prices that will feature this one sale alone.

The other departments of the big store will be entered in the Mill and Factory Sale. This semi-annual event is one that is approached by the big store year after year with increasing effort and enthusiasm.

Notwithstanding the scarcity of merchandise, through constant watchfulness and activity, buyers were successful in their efforts, and will tomorrow enter the event confident of exceeding all previous records made in these semi-annual sales.

German Raider Sought Within New York Area

New York, Jan. 31. — Shipping circles in this city are awaiting word of the chase or capture of either the German commerce raider which has raised havoc with allied shipping or the British steamship St. Theodore, which is being used by the Germans as an auxiliary commerce destroyer.

Belief that eventualities were impending followed the receipt of information that a powerful flying squadron of British men of war were heading for the New York area.

The ships which have been scouring the Atlantic for the raiders were reported to be heading for a point of concentration off this port after allied merchant ships had been warned to hug the coast.

It is believed that a mysterious ship seen about 700 miles east of Sandy Hook on January 19 was one of the raiders and that her presence in the North Atlantic indicated an intention to prey on shipping in the lanes leading from Norfolk, Baltimore, Philadelphia and New York.

PERSONALS

Other Personals Page 8.

\$6,000-and down!

The NEW EDISON

"The Phonograph with a Soul"
-NEW YORK GLOBE

is supplied in historic period cabinets ranging in price as high as \$6,000. In a musical sense, however, the more expensive models are not superior to the Official Laboratory Model which sells at \$250. The Official Laboratory Model was in fact the one used in all of the comparisons, at Carnegie Hall and elsewhere, between the living voice and the New Edison's Re-Creation of it.

There are other models as low in cost as \$100. There is no Edison cabinet which will not appeal to sophisticated taste, and there is an artistic type for every setting.

VISIT OUR STORE

and select from our stock, or from large colored prints of the historic pieces, the cabinet best suited to the furniture in your home.

NOTICE:-Please don't ask us to sell you Edison Re-Creations if you intend to attempt to play them on any other instrument than the New Edison. No other instrument can bring out the true musical quality of Edison Re-Creations. Furthermore, injury to the records is likely to result if you attempt to play them on an ordinary phonograph or talking machine.

U. S. Steel Has Greatest Year in Its History

New York, Jan. 31. — The United States Steel Corporation crowned with grandeur the greatest year in its history yesterday by reporting net earnings of \$105,968,347 in the final quarter of 1916 and a balance for common stock dividends in this quarter alone which amounted to \$16.62 for each of the 508,302 shares. The full year's income, before accounting for sinking fund and depreciation requirements, was \$333,625,086, an increase of \$203,273,790 over the preceding twelve months.

In order to make a profit so tremendous as this the corporation must have done a gross business in excess of \$1,250,000,000, a total hundreds of millions greater than any other year produced. This result is estimated on the proportion of gross income to net in the preceding ten years, and when the high prices of 1916 are taken into consideration it would seem that the aggregate turnover may have been much larger than this in value.

German U-Boat Reported to Have Crossed S. Atlantic

Rio Janeiro, Jan. 30. — The minister of marine, in a newspaper interview, confirms the report that German submarines have crossed the South Atlantic. He says that they have kept to the high seas and denies the rumor that a German naval base was being maintained in Brazilian waters.

FORECAST 20 BELOW IN WEST
Chicago, Jan. 31. — A forecast of a temperature 10 to 20 degrees below zero for Chicago and vicinity for tomorrow night was issued by the Weather Bureau to-day. The cold wave is moving in this direction from the northwest.

LIQUOR LICENSES UNLIFTED

Sunbury, Pa., Jan. 31.—Although this is the last day for lifting liquor licenses, more than fifty of those granted ten days ago for this year remain to be lifted. It is not expected that any of the license holders will allow them to lapse for failure to lift them.
