ORPHEUM—To-night—"The Girl Without a Chance." Saturday, matinee and night, February 2.—Mrs. Fiske in "Erstwhile Susan." Tuesday and Wednesday, John Cory presents "Mother Carey's Chickens." MAJESTIC—Vandeville. NEVER HAVE I BEEN SO HAPPY AS I DID WHEN AT HIS LAST MOMENT, HE LEARNED THAT THE GIRL, WHOSE MARRIAGE HE TRIED TO CAUSE, WAS HIS OWN DAUGHTER.

The characters and the situations of "The Girl Without a Chance," which comes to the Orpheum tonight, are so interesting and so free from artificiality and in a manner that is perfectly logical and natural. It is a good, round measure of warm human sympathy, through which the hard-hearted commissionaire, who had been true to the principles taught him when a child, he would never have met the end as he did, when at his last moment, he learned that the girl, whose marriage he tried to cause, was his own daughter.

Mrs. Fiske, who is always assured of a warm welcome in Harrisburg, as well as to the Orpheum to-morrow, Mrs. Fiske in "Erstwhile Susan." Tuesday and Wednesday, John Cory presents "Mother Carey's Chickens." MAJESTIC—Vandeville. NEVER HAVE I BEEN SO HAPPY AS I DID WHEN AT HIS LAST MOMENT, HE LEARNED THAT THE GIRL, WHOSE MARRIAGE HE TRIED TO CAUSE, WAS HIS OWN DAUGHTER.

The interest shown by the music-loving people of Harrisburg, as well as sympathy towns in the coming concert by the New York Symphony Orchestra, conductor, with Paul Altmeyer, tenor of the Metropolitan Opera Company, as soloist, gives evidence of the appreciation of the highest class of music in our midst, and the indications, it is said, are that a large audience will be present on this occasion. Music students realizing the educational advantages offered are especially interested, and the popular prices prevailing brings it within the reach of all, as the management have allotted a liberal number of seats at a reasonable price, owing to the number of requests sent in for a popular request number. Dr. Damrosch has consented to add such a number to the regular program, and such requests, if left at Sigler's Music Store, will be considered among the rest; among those already submitted are the following: "In the Aul" by Rimsky-Korsakoff; "The Boatman's Song of the Volga," by Gady; "Anitra's Dance" (Perr Gryn), by Grieg; and "The Makarenko, a prima donna, renders several selections in pleasing fashion, surrounding this attraction are Mascart and Bradford, presenting a laughable comedy sketch, entitled "Love, Honor and Obedience"; Lillian Calvert, singing popular songs in a delightful manner; Lazar and Dale, two men in blackface, who offer an excellent comedy act, with some instrumental music introduced; and the Patterson Brothers, in some clever juggling feats.

Ask Your Druggist About S. S. S. He Has Sold It For Many Years

Every Druggist Knows That S. S. S. Is Thoroughly Reliable.

There is not a medicine on the market more highly regarded by the druggist than S. S. S. He has sold it ever since he has been in business, and in personal touch with many who have used it with highly satisfactory results. If you are in need of a remedy for any blood disorder, ask your retail druggist his opinion of S. S. S. He will tell you that this wonderful blood remedy has been on the market for more than fifty years and that he has never known it to fail to accomplish all that is claimed for it. This is indeed a most creditable recommendation, yet it is in every way

deserved, for S. S. S. is undoubtedly the most thoroughly satisfactory medicine that has ever been offered to the public. It was first used by the Indians, being made from the roots and herbs of the forest, for they knew nothing of chemicals. S. S. S. is today the same purely vegetable blood remedy that the Indians made, guaranteed to contain not a particle of mineral substance whatever. S. S. S. is used with highly satisfactory results for Rheumatism, Catarrh, Scrofula, Eczema, Tetter, Malaria, etc., while as a general tonic it is without an equal for building up the entire system. Supt. J. Kelso Green Does Not Agree With Congressman

Carlisle, Pa., Feb. 2.—J. Kelso Green, superintendent of county schools and a schoolman of many years' experience, takes exception to the statements of Congressman L. T. McFadden, relative to the abolishment of county teachers' institutes. Characterizing the annual meetings as "one of the greatest educational forces in the State," Superintendent Green says: "These annual meetings of teachers and parents have contributed much to the growth and development of our school system. Public education has been popularized; an educational interest has been awakened and maintained; and as a result but people are accepting and commanding the best things."

State Firemen to Meet in Butler October 2-4

The next meeting of the Pennsylvania State Firemen's Association will be held in Butler, October 2-4. The president, Eugene C. Bonawit, met yesterday in Philadelphia with the members of the executive committee and fixed the date. Johnstown applied for the convention, but as nearly all meetings of recent years have been in the eastern part of the State it was decided to go to a western city. City Solicitor Connelly, solicitor of the association, explained the bill introduced in the Senate by William C. Spreul to provide for the payment of

the entire two per cent. tax on the premiums of foreign fire insurance companies to the relief and pension fund, instead of only one-half of it. For Philadelphia this would mean annual appropriations of \$90,000 to \$100,000. The committee tentatively approved a bill presented by Wilkes-Barre firemen for the establishment of civil service in the fire department of third class cities.

Prohibition Will Be 1920 Issue, Says Knox

Washington, Feb. 2.—The younger C. Knox, Republican senator-elect from Pennsylvania, who passed through Savannah, exhibited a lively interest in the prohibition situation in Georgia and predicted that national prohibition will be an issue in 1920 and that William Jennings Bryan will be the best figure in dry politics. "Without attaching any political significance to the statement," Knox said, "I believe that national prohibition will be a keen issue in 1920. Even a blind man can see that from the present trend of sentiment, I believe that William Jennings Bryan, as leader of the national movement, will prove a powerful factor in national affairs between now and that time. "Whisky must be recognized as a detriment to the person or the community. It causes inefficiency and irresponsibility in the person who uses it even moderately. Consequently, it has been made a moral issue. Mr. Bryan knows well how to present such a subject, which has done nothing to deter him yet that can be increased when he champions an issue that has an increasing support. "Even in my home State, though I believe prohibition would not get even a good vote, much less a majority, a candidate suffers when the liquor interest is tacked on to him. I believe that the manufacturers in Pennsylvania would welcome prohibition, but the voters hardly are ready for it."

Will Censor Music in Inaugural Parade

Savannah, Ga., Feb. 2.—Phlander generation—and some of the group-ups are going to be disappointed March 4 if the expected order barring the drum majors who make a specialty of throwing their batons while leading their bands is issued. This feature of the inaugural parade was barred four years ago, and it looks now as if a similar order would be issued. Scott and his associates on the military committee have not yet reached a decision regarding the drum majors. The committee will also take up the musical program of the bands. Until the last inauguration nearly every band passing the president's reviewing stand struck up "Hail to the Chief," "Marching Through Georgia" or "Dixie." After about five hours of repetition of these three numbers it became monotonous and the committee will give the bands a list of airs which they are to play.
