THE GLOBE

COMPENSATION CHANGES ARE DUE

Belief That State Board and Other Interests Will Present Them Together

Decisions in regard to what amendments to the State compensation act shall be backed by the State Board will be reached by a short time as the propositions have been under general discussion for some time and drafts of bills have been prepared.

It is likely that in the event that the Board determines upon any amendments that the bills will appear along with those favored by the medical profession and discussed here last Wednesday and those which have been discussed by the labor people. The idea would be to put the whole scheme of amendment in at one time so that the committees of the legislature can consider them at the same time.

The State administration has been

having a careful study of results of the compensation act made in connection with the amendments proposed and will soon announce its policy in the matter.

Commission to Meet—The State Commission of Agriculture will have a meeting here within a few days to complete work on the budget. As soon as the deficiency bill is out of the way the budget will be sent to the House committee for incorporation in the general appropriation bill.

To Close Thursday—The list for the February meeting of the State Board of Pardons which will meet February 21 will be closed Thursday.

State Society Meeting—The annual business session of the Pennsylvania State Society will be held to-morrow, when officers will be elected.

Appointments Today—Governor Brumbaugh to-day sent to the Senate the nomination of Mrs. Elmer Buckley, Littlestown, to be a member of the Board of Mothers' Trustees for Adams county and R. A. Tomb to be justice of the peace for Washington township, Westmoreland county.

Officers Detailed.—Announcement was made at the Adjutant General's Department of the resignation of Major C. E. Koepfer, chief medical officer of the Pennsylvania division. He is a United States army officer.

Deficiency Cuts.—The House appropriations committee to-day cut \$268,970.68 from the deficiency bill which was presented carrying \$25,000. The cuts were as follows: Printing, \$76,025.29; public grounds, \$29,800; education, \$75,000; fire marshal, \$20,000; agriculture, \$6,667; livestock board, \$40,500; forestry, \$3,500; mines, \$2,500; highway, \$30,320.87; fisheries, \$1,000; House of Representatives, \$4,500, while an increase of \$842.18 was allowed the Board of Censors for expenses incurred.

Notaries Named.—Nearby notaries public named include Mary E. Whitmore, Greencastle; Elizabeth M. Ruth, Warwick; Lanester; David R. Forbes, Quarryville; W. L. Gelbach, Lebanon; Isaac Kergeries, Richland; Charles A. May, York.

Legislative Visitors.—John A. McStewart, master of the State Grange; ex-Representatives C. F. Swift, Beaver, and R. S. Frey, York, were at the Capitol to-day.

Orders Changed.—Adjutant General Stewart received word last night that the orders for return of various Pennsylvania military organizations had been countermanded for the present.

Committee Here.—Venango county commissioners called on Highway Commissioner Black yesterday to secure road improvements. The commissioner said that it was up to the Legislature.

Checking Disease.—The work of the State Department of Health force is

commencing to tell in the typhoid outbreak at Osceola Mills. There has been a drop in cases.

Senator Beidleman's Amendments Come Out

Senator Beidleman's bill amending the third class act in order to eliminate the necessity of holding a special election to fill the vacancy caused by the death of Harry F. Bowman, city councilman, was reported out of committee last evening.

An effort will be made to get prompt consideration for it in order that no time may be lost in giving Harrisburg the full representation to which under the law it is entitled. The bill passed first reading this morning.

The Senate also placed on its calendar last evening the Snyder bill abolishing the Public Service Commission and transferring its duties to a commission to operate under the direction of the Department of Internal Affairs. Senator Snyder reported the measure from committee.

Hills were presented last evening for the regulation of teachers' salaries throughout the State, the better protection of game birds, the elimination of the nonpartisan feature from the election of judges and for appropriations for a number of State-aid institutions.

GAS FAILS; MUCH DISTRESS

Pittsburgh, Feb. 6.—Thousands of persons in the Pittsburgh district suffered last night and to-day because of the insufficient supply of natural gas. Managers of the various companies supplying domestic consumers were a heavy demands made upon the lines, had resulted in such consumption that the supply they considered ample in ordinary times had proved inadequate. They placed the cause of this demand to the high price and scarcity of coal. Rising temperatures promised for to-day was expected to materially aid the situation.

HOGS GO TO \$12.90

Pittsburgh, Feb. 6.—Active buying, credited to speculative interests, at the Her's Island stockyards to-day forced the price of hogs to \$12.90 per hundred pounds, 20 cents higher than yesterday's close. The record here is \$14, reached during the Civil War.

TO TELL OF WILD FLOWERS

Members of the Harrisburg Natural History Society will meet to-night at 7.15 o'clock at the State Museum. Professor John F. Kob will talk on "Spring Wild Flowers."

COCOA PLANT BURNS

Jersey City, N. J., Feb. 6.—The manufacturing plant of the Brewster Cocoa Company, was destroyed by fire to-day. The property loss was estimated at upwards of \$75,000.

NEWS OF STEELTON

WILL REGULATE CLOSING HOUR

Council Passes Ordinance Fixing 11.30 as Poolroom Closing Time

An ordinance regulating the operation of poolrooms, billiard parlors and tennis alleys was passed on third reading by Council last night. The ordinance will be put into effect in about two weeks.

It is provided in the ordinance that these places open at 7 o'clock in the morning and close at 11.30 o'clock and pay a license fee of \$10. Violators of this ordinance will be fined \$10. Numerous complaints were made by Burgess Wigfield about conduct in these places after midnight and Council passed the measure on the burgess' recommendation.

A move to turn over the property of the Citizen Fire Company to the borough, started several years ago came up again when a committee composed of J. W. Bricker, George H. Roberts and A. H. Roberts from the company asked Council to take some action. The matter was put in the hands of the borough solicitor.

The annual report of the fire department was presented by Fire Chief O. E. B. Malehorn. The department responded to fifty calls, forty-nine for fire and one for hook and ladder apparatus. The lone call was for rescuing purposes when several employees of the National Brewing Company were injured in the upper story of the brewery.

Fire Loss \$76,707

The total loss by fire handled by the department was \$76,707. The largest losses were sustained by the steel plant when the pattern rooms burned, entailing a loss of \$40,000, and the Franklin street fire, a loss of \$9,600.

Other losses were: Bethlehem Steel Company, \$51,880; Borough of High-spire, \$7,500; Swatara township, \$1,500; borough of Steelton, \$15,828.

Steelton will be represented at the meeting of Associated Boroughs in Harrisburg, February 14 and 15 by Council A. J. Sellers and Charles Reich.

Suspend Work on Sewer Because of Cold Snap

Because of the cold snap, work on the intercepting sewer has been discontinued for the present. The Water Board is having considerable trouble with frozen pipe lines. The line supplying residents of Walnut street froze this morning and a force of workmen were busy repairing this loss. No other leaks were reported to-day.

It was necessary to suspend work on laying tile underneath the railroads on account of the high water and cold weather. It was believed to-day that work would be resumed in a few days.

Health Board to Meet For Election of Officers

Election of officers and closing up of business for the fiscal year will take place at a meeting of the borough Board of Health in the Council chamber to-morrow evening at 8 o'clock.

Mr. O. Smith, South Second street, who was elected to succeed Nicholas Ferris to succeed A. F. Leeds, resigned, by Council last night will probably take the oath of office to-morrow so that the election of officers to-day might be postponed until the meeting next Monday night.

GROSS "HOPES TO RIP-RAP SLOPES"

Equipment for swimming. A decrease of 5,000 in attendance during 1916 at the Island Park and Seneca street bathhouses conducted by the park department was reported in the report. Supervisor Staples explained that many of the boys who formerly went to these places, sought other parts of the river where the water was better.

Statistics furnished by the supervisor showed that a total of 7,811 boys and 4,929 girls used the Island Park and Seneca street bathhouses last year. Attendance at the various parks was estimated as follows: Reservoir, 329,700; River Front, 955,976; Island, 65,866; Twelfth street, 75,962; Sycamore, 26,638; Wildwood, 99,461; Cameron Park, 120,587. A drop in attendance at Wildwood it was explained, resulted during the trolley strike last summer; while at River Front and Reservoir there was a noticeable increase.

Increases in attendance at camps, cooking and sewing schools and in raffia classes were announced. Totals for 1916: Cooking, 1,150; sewing, 1,072; raffia, 1,261.

Evening Work Successful

Evening playground work proved successful and will be continued this year. Reference was made to the many athletic events at the playground, the development of better sportsmanlike conduct among the youngsters, and the teaching of folk dancing through the program.

In the Park Department report submitted by Commissioner Gross, lengthy explanations were made of all improvement work in various parks. Attention was called to the need of a concrete bottom for the wading pool at Twelfth street; reference was made, the change in the Island Park track necessitated by the building of the Cumberland Valley Railroad bridge; changing the location of the Fourth street playground to Third and Harris streets; extensive improvements to Emerald and Sycamore playgrounds; road improvements at Wildwood; completion of the stretch of the Parkway from Cameron Park to the eastern end of Reservoir Park.

City Forester O. B. Gipple, in his report stated that there was a lack of funds to properly carry out the work in the forestry and arbor department, but that despite the handicap, big improvements had been made.

Of the permits issued, 251 were for spraying, pruning or removing trees, and 22 for planting. The survey of city shade trees from Market to Division and from Front to Seventh streets, has been completed, but the report on this work was not given Council.

Improvements during the year including planting of 2,350 vines on the river slope between Market and Walnut streets, preparation of 2,700 cuttings for the nursery, planting of 8,000 white pine trees in McCormick's Island; changes and planting work at the pumping station and at Camp Curtis Fire Company. One hundred complaints were investigated.

Only \$125 of the appropriation for the Park Department last year remained in the treasury at the end of the year. The \$100,000 loan authorized in 1915, only \$5,820.48, \$3,500 of which is to be used for rip-rapping the river slope.

Commissioner Lynch raised objections when the ordinance increasing

Mother Praises Remedy That Relieved Her Baby

Dr. Caldwell's Syrup Pepsin Is a Dependable Family Laxative.

Nearly all the sickness incident to a baby's life is due to constipation, or inaction of the bowels. At the first indication of irregularity in this important function, relief should be afforded promptly. A mild laxative should be administered to gently carry off the congested waste and leave the stomach and bowels free to perform their allotted tasks.

Of the various remedies recommended to relieve constipation, the combination of simple "Saxaty" herbs with pepsin, as prescribed by Dr. W. B. Caldwell and sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is the most effective. It contains no opiate or narcotic drug, is pleasant to the taste, mild and gentle in action, and quickly brings the desired relief in an easy, natural manner.

Mrs. C. J. Douglas, Mason, Ill., writes that she cannot say enough in praise of Dr. Caldwell's Syrup Pepsin as a dependable family laxative. Little Mary Eva had been badly constipated until they tried Dr. Caldwell's Syrup Pepsin, which brought the first natural relief the child had had in two weeks.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere and costs only fifty cents a bottle. To avoid imitations and ineffective substitutes be sure to ask for Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

Pupils Refuse to Sing "Der Wacht am Rhine"

Waynesboro, Pa., Feb. 6.—One of the teachers in the public schools here to-day announced during opening exercises that the next number to be sung would be "Der Wacht Am Rhine." Ordinarily half a hundred lusty young voices would have joined in the song.

Quick to appreciate the sentiment that animated the pupils, the selection was changed to the "Star-Spangled Banner." The resulting chorus hardly lifted the roof.

SCHOOLROOMS COLD

Janitors in local school buildings are having trouble with their heat pipes, and it was necessary to discontinue school in six rooms of many buildings because the radiators would not heat the rooms. To-day pupils in one room in the Stevens, one in the Paxtang and two in the Cameron buildings were dismissed. At no time has it been necessary to close an entire building. It is said the trouble is partly due to valve troubles.

COMMITTEE TO MEET

The Washington's Birthday observance committee of the Patriotic Order Sons of America will hold its final meeting to-morrow evening at 7.30 o'clock in John W. German's office in the Harrisburg National Bank building to make final arrangements for both the afternoon and evening sessions. The district convention, which meets in this city, will also be given attention by this committee.

Your eyes are worthy of the best attention you can give them. Bel-singer glasses can be had as low as \$2.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting in the doing its work. The proprietors have by their faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. CHESNEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.
