HOW GOOD THAT **MUSTEROLE FEELS!**

It Gets to That Sore Spot

Like Magic

A-2-h! That's delicious relief for those sore muscles, those stiff joints, that lame back.

Musterole is a clean, white ointment, made with the oil of mustard and other home simples.

It does the work of the old-fashioned mustard plaster, minus the plaster and minus the blister!

You simply rub Musterole on the spot where the pain is—rub it on briskly—and usually the pain is gone.

No muss, no bother. Just comforting, soothing relief—first a gentle glow, then a delightful sense of coolness. And best of all, no blisters like the old-fashioned mustard plaster used to make.

Use Musterole for sore throat, bron-chitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, conges-tion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilsprains, sore muscles, bruises, chil-blains, frosted feet and colds of the chest (it often prevents pneumonia).

There also is heavy traffic down the river, notwithstanding fog and floods. The river is used extensively for the transportation of troops.

Definite announcement will be made within the next ten days, it was said to-day, whether a large department store will locate at Second and Locust streets—the site now occupied by the United Evangelical Publishing House.

The property was purchased from the publishing house owners, by Samuel Fishman, Robert Rosenberg and Barnett Handler. Negotiations have been started, it was learned recently, with the Claffin department store syndicate, but terms have not been agreed upon yet, Mr. Rosenberg stated to-day.

It was also intimated that a western firm might make a bid for the building for a department store. It is planned, however, Mr. Rosenbers and to make highing road department store. On Tuesday the official board of the publishing house will meet to consider plans for the new plant to be built at Third and Reily streets. Work will probably be started on this by March 1.
