BELLANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

St. Valentine's Day was originally a church festival instituted in memory of Bishop Valentine, who suffered martyrdom in Rome, February 14, 278. February 14 was also the date on which Roman youths were wont to make a choice of sweethearts. The modern custom is an evolution of these two observances.

The Spirit of Valentine

The spirit of Valentine Day is one of sentiment—a day when lovers express their affection. And rightfully is this as it should be. For one thing which the world needs to-day is a rightful place for sentiment. And what will express sentiment as well as the dearest child of Mother Nature—FLOWERS?

There are many things which may purvey sentiment, but there is nothing which will bring the deep, full glance of loving appreciation to HER eyes as a bunch of her favorite flowers.

As a suggestion—heart shaped boxes filled with fresh, sweet violets at one fifty a box. Or one of the "new-this-year" Valentine "kids" with flowers artistically arranged in an attached cup. These at from fifty cents to a dollar fifty.
