## NEWS OF THE LEGISLATURE CITY SUGGESTED AS ART CENTER BY LEGISLATORS LINCOLN HONORED

### Governor Would Have Commission Buy Artist's Works For Capitol Exhibit

Harrisburg as the home of the finest gallery of art in America!

Governor Brumbaugh left this thought last evening with the distinguished gathering that witnessed the formal unveiling of the Violet Oakley mural paintings in the Senate chamber of the Capitol.

"I cannot allow this occasion to pass without urging this assembly to initiate a procedure that will ultimately make the Capitol City a great art center," the Governor said. "My suggestion is that a commission of three be provided and that annually they be given authority and funds to purchase such artistic products of Pennsylvania genius as will in the aggregate assemble here for the generations to be the finest gallery of art in America." Great applause greeted the Governor's address.

### Ceremonies Doubly Impressive

The unveiling ceremonies were doubly impressive, being held on the anniversary of the birth of Lincoln, who as the subject of one of the paintings, is depicted delivering his famous Gettysburg speech. Words of praise and congratulation were liberally bestowed on Miss Oakley, of Philadelphia, the artist, who was present and interpreted the meaning of the series of canvases. The chamber was taxed to its capacity with members of the Senate and House, State officers and their families and hundreds of invited guests.

### McClain Makes Presentations

Lieutenant-Governor McClain presided at the exercises and presented the paintings to the State in behalf of the artist and the Board of Public Grounds and Buildings. Mr. McClain paid a tribute to the memories of Penn and Lincoln.

The Governor's speech of acceptance was marked by his suggestion of making this city the art center of the country, and his words of praise for Miss Oakley.

When the artist made her bow from the rostrum she was given an ovation. Miss Oakley explained in detail the meaning of her paintings, three of which, extending the full width of the chamber forty feet above the floor, represent "Unity." To the left of the Speaker's rostrum is the carving of Lincoln at Gettysburg, and to the right the painting showing Washington addressing the constitutional convention at Philadelphia in 1787.

Representing the faith and religion of William Penn, Isaac H. Clothier, of Philadelphia, made a brief address and drew a round of applause when he declared: "Let us inscribe on our banners 'Peace with honor but honor always.'"

### Governor Carries Ladder

A mishap occurred as Lieutenant-Governor McClain pulled the cord releasing the curtains and they could not be pulled away until W. W. Trout, of the Chaplain Decoration Company, Philadelphia, climbed up 40 feet on a step ladder to the narrow ledge along which he cautiously crept, tearing down the coverings. Both Governor Brumbaugh and Lieutenant-Governor McClain helped to carry the big ladder across the front of the chamber.

"Pennsylvania," "America," and "The Star Spangled Banner" were sung by the audience. Miss Katherine D. Hoppes was the pianist.

### SURPRISE ON BIRTHDAY

Marysville, Pa., Feb. 13. — Miss Lydia I. Miller of Marysville, celebrated her 61st birthday recently and was surprised at the home of Albert Miller when thirty-nine of her friends quietly met at the home of George Hipple and marched to the home of Mr. Miller where Miss Miller lives. The evening was spent with games and music and refreshments were served.

### Assert U-Boats Did Not Fire on Lifeboats

Berlin, Feb. 13. — (By Wireless) — Reports from British sources that the life boats of the British steamer Eavestone were fired upon by a German submarine are mentioned in an Overseas News Agency announcement which adds:

"As soon as the submarine reports, all the details regarding the question of the Eavestone will be given out. Meanwhile it is reiterated that no German submarine ever fired at lifeboats nor will one do so in future."

A report from American Consul Frost at Queenstown received in Washington on February 6, stated that Richard Wallace, of Baltimore, an American, was killed during the shelling of the Eavestone's boats by the German submarine which sank her.

### SHE KILLED HER SEVEN DAUGHTERS

(Evelyn W. Sites, in World Outlook For February.)

A Chinese mother told me day before yesterday that she had disposed of seven of her own daughters.

She told it with a laugh! She had borne nine; had given away two, and had drowned the other seven in the slop-bucket.

When I tried to find some appeal to conscience — to a sense of wrong — it simply was not there. And the pastor's wife, who was with me at the time, when I asked her what these people do regard a sin, said, "Why, nothing! They do not think anything is wrong! If they carry the idols round twice a year, they may do as they like."

### United States Appeals For Peace in Cuba

Washington, D. C., Feb. 13. — An appeal to the Cubans not to plunge their country into another revolution has been sent to Havana by Secretary Lansing. Aroused to the realization that the contested Presidential election in Cuba already had reached the incipient stage of rebellion, the State Department decided to issue to the people an urgent injunction to await the outcome of the voting and to abide by the decisions of their courts.

The communication was sent to the American Minister, with instructions to have it published throughout the island.

It has been reported that the opposition party has appealed to the United States to supervise the special election that had been called for February 14, but at the State Department it was denied that such request had been received. Through the American Minister at Havana it was made clear that the American Government would regret any necessity for interfering again in Cuban affairs, but it was intimated that the United States could not countenance the recurrence of civil war.

### Supreme Court Holds Operation of Jitneys

In a decision yesterday upholding the action of the Common Pleas Court of Luzerne county, the Supreme Court in Philadelphia held that any municipality has the right to regulate the running of jitneys, but that such regulation is not to be carried to the extent of prohibition and that personal security can be filed.

The decision was reached after hearing the appeal of jitney drivers from Wilkes-Barre, who took exceptions to the \$2,500 bond required by city ordinance there. The Supreme Court rules that it is not necessary to require a bonding company to act as bondsmen.

In this city by the initiative and referendum movement jitneys succeeded in having an ordinance passed which amended the other jitney regulations and abolished the clause requiring a \$2,000 bond, substituting in its stead filing of personal surety, at the rate of \$5 per month, until a sum of \$1,000 has been paid into the city treasury.

This is the first ruling of its kind to be given by the Supreme Court in jitney law cases, and jitneys in Harrisburg predict that it will have a marked effect on ordinances passed in the future by City Commissioners in all parts of the state.

### CAR JUMPS TRACK

New Cumberland, Pa., Feb. 13. — Last evening as the trolley car which left Harrisburg at 4.15 with forty-two passengers on board neared Church avenue the car jumped the track, throwing several passengers to the floor. One man's head struck a window, breaking the glass to pieces. Fortunately, no one was injured, but all were badly shaken up.

## Speaking of smoking sensibly—

WITH all their good taste, Fatimas would not be a sensible smoke if they weren't comfortable.

In other words, Fatimas would not be sensible if they ever bothered your throat or tongue; or if they didn't leave you feeling all right even after smoking more than usual.

Fatima Cigarettes never

disturb. They can't. The milder tobaccos in their Turkish blend are in such perfect balance with the richer, fuller-flavored leaves as to off-set entirely all of that uncomfortable "oily heaviness" found in so many other cigarettes.

You'll realize this with your first package of Fatimas.
