

**Velvet**  
THE SMOOTHEST SMOKING TOBACCO

**VELVET** isn't "the smoothest smoking tobacco" just because we call it so. It is the smoothest smoking tobacco because of its two years' mellowing in wooden hogsheads. But don't take our word for it. Try VELVET and take your own.

Rome wasn't built in a day, neither was anything else worth while. It takes more than two years to build a tin of Velvet.

### NEWS OF STEEL TOWN

#### ROBS MAN WHO SWEARS WARRANT

Walks Off With Valuables of His Accuser While He's at Squire's Office

While Gregoria Angelo, a Mexican employe of the Bethlehem Steel Company, was in Squire Stees' office yesterday afternoon swearing out a warrant for the arrest of Joseph Garcia, on a charge of larceny of five dollars, Garcia, it is alleged, disappeared from the boardinghouse at 261 Myers street, where both resided, taking with him two suitcases belonging to Angelo. The suitcases contained a watch, valued at \$2; cash, \$5; one pair low shoes, \$3.50; two pairs trousers, \$7, and three shirts, \$2.

#### Purchase Mingle Home to Teach Domestic Science

The finance committee of the local school board at a meeting held last evening decided to purchase the Edwin H. Mingle dwelling house, located at 235 Walnut street, to be used for headquarters for teaching domestic science, a new branch of studies which will be included in the curriculum for the coming school term.

#### Steelton Snapshots

**Arrest Foreigners.**—Constable Gibb and Detective Durnbaugh last evening arrested four foreigners on charges of larceny. The men arrested are Mate Peten, Basa Ilie, John Goris and Miran Zivancev. With the arrest of these men the local police department believe they have caught the gang of thieves who have been operating in the West Side for some time. A large amount of booty was found in the house where the men were caught.

#### TO ASK BIDS ON 4 MOTOR PIECES

Will Buy Two Triple Combinations, Service and Hose Chemical Trucks

At a meeting of the town property and finance committee of the borough council last evening it was decided to secure bids on four pieces of motor fire apparatus to consist of two triple combination trucks and engines, one city service truck and one combination hose and chemical truck. The triple combination type of apparatus is a motor truck carrying hose, chemical tanks and a pump. The specifications on this apparatus will call for a pump capacity of at least 300 gallons per minute, a body to carry 1,200 feet of regulation fire hose and a 100-horsepower brake test motor.

#### Oberlin United Brethren at Williams' Revival

The largest audience at any week-evening meeting of the Williams' evangelistic campaign started four weeks ago in Centenary United Brethren Church was present last evening. A feature of the meeting last evening was the presence of 80 persons from the Oberlin United Brethren Church. The theme was "The Tragedy of a Soul." To-morrow evening will be Highspire night, when 100 members of the United Brethren Church of Harrisburg are expected to take part in the services.

#### STEELTON PERSONALS

Frederic Novak, after spending one week as guest of Mr. and Mrs. Charles Minke, 214 Elm street, left to-day for his home, Montgomery's Ferry.

#### TO ATTEND CONVENTION

The following members of the local Croatian Sokol will leave Saturday, for Lancaster, Pa., to take part in a two-day convention of the Eastern Sokol League: Stanko Serbic, delegate; Anthony Serbic, vice-president; and Michael J. Horvath, secretary and treasurer of the league.

#### MIDDLETOWN

##### LADIES' AID MEETS

The Ladies' Aid Society of the United Brethren Church met at the home of Mrs. Jennie Detweiler, of Nissley street.

##### MISSIONARY SOCIETY MEETS

The Woman's Home and Foreign Missionary Society of St. Peter's Lutheran Church held its regular meeting last evening.

##### MRS. MARY BEARD

Mrs. Mary Beard, of Middletown, died this morning at 2:45 o'clock at her home in South Katherine street, aged 77 years. She is survived by the following children: Samuel, Charles and Titus Beard and Miss Edna Beard, at home; Mrs. Louis Welsh, Washington, Pa.; Mrs. Abiron Undergraph, Royaltown, Pa.; Mrs. Jacob Daugherty, Harrisburg. Funeral services will be announced later.

##### MIDDLETOWN PERSONALS

D. H. Palmer, of Columbia, is visiting relatives in town for several days. Harry Smith, of Lorain, Ohio, is spending some time here as the guest of his sister, Miss Sadie Knepper. Mrs. John R. Geyer is spending several days in Philadelphia with her husband, J. R. Geyer, who was operated recently at the Medical-Chirurgical Hospital.

##### CLEANSING GARMENT SPOTS

Simple methods for cleaning spots and stains from clothes are often invaluable to the housewife. Clothes free from soil add much to personal appearance. To remove grass stains the following suggestions are offered by Miss M. Jane Newcomb, assistant in home economics extension at the Pennsylvania State College: Wash in cold water without soap with molasses. Let stand a few minutes and wash in warm water. For tea and coffee stains boiling water should be poured through the spot. If the stain is obstinate, rub with cerise or borax. As a last resort use Javelle water, which is made as follows: Put one-half pound of washing soda in an agate pan and add one quart of boiling water, mix one-half pound chloride of lime in two quarts of cold water and allow the mixture to settle, then pour the clear liquor secured from the lime and water into the dissolved soda. Javelle water should be kept in a colored bottle. To remove ink spots moisten with salt and lemon juice and lay the garment in the sun. Another method consists in applying alternately a few drops of oxalic acid and a few drops of Javelle water and rinsing the garment in warm water. This operation should be repeated until the spot has disappeared. Iron rust may be removed by the lemon juice and salt treatment advised for ink spots. To remove mildew, wash the garment in a solution of chloride of lime or Javelle water.

##### Chalmers Sedan Is Favorite at Show

Milady has chosen the convertible sedan. This type of closed car with its year round type of body is easily the favorite at the Automobile Show. Among the makers showing up-to-the-minute sedans is the Chalmers Motor company, whose new "parton wheels" command more than ordinary attention. Fitted with front seats of the club chair type and luxuriously upholstered, the Chalmers sedan interior suggests a sunny companion on a coast cruise. Five other passengers are seated in comfort in the rear. The all-glass construction of the body affords an unobstructed view in all directions. With the glass removed the car offers all the cool comfort of an open touring model.

### OUCH! LUMBAGO! RUB IT ON BACK

Rub away pain, soreness, stiffness, backache, with "St. Jacobs Oil."

Ah! Pain is gone! Quickly? — Yes! Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacobs Oil." Apply this soothing, penetrating oil directly upon the ache, and like magic, relief comes. "St. Jacobs Oil" conquers pain. It is a harmless backache, lumbago and sciatica relief, which never disappoints, can not injure and doesn't burn or discolor the skin. Straighten up! Stop those torturous "stitches." In a moment you will forget that you ever had a back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of "St. Jacobs Oil" from your druggist now and get this lasting relief.

### IMMIGRANTS PASS THROUGH

Four Italian girls from Florence Italy, and one Greek, passed through Harrisburg to-day. They were the first immigrants to reach New York in eight weeks. The ship was five weeks enroute to the United States, being obliged to take a long route for safety. Those who came to Harrisburg were four attractive Italian girls. They were three sisters, Sento, Mary and Eva Marasko, enroute to Johnsonburg; and Marsiko Sentyre, bound for Warren. The Greek gave his name as Anto Mazagoly and was enroute west. These foreigners had plenty of money and came to this country to reside permanently.

### NEW YORK VISITORS HERE

Mr. and Mrs. J. V. W. Reynders, of New York city, former residents of Cottage Hill, Steelton, will spend the week-end as guests of Judge and Mrs. George Kunkel, of 603 North Front street.

### NEED MORE ROOM FOR GUN MAKING

Bethlehem Steel Company to Enlarge Departments at Lehigh Plant

South Bethlehem, Pa., Feb. 14.—In order to meet the manufacturing requirements of the new 16-inch 50-caliber guns recently designed by the Ordnance Department of Navy, the Bethlehem Steel Company is enlarging the necessary departments of the Lehigh plant in order to make these guns. The open hearth department will be changed most.

### Use Large Cranes

In order to transport the ingots very large cranes are used. A building 460 by 95 feet is required to house this equipment. For machining and rifling these huge guns a machine shop 160 by 7,000 feet will be required to turn out two of the largest guns a month. The total amount involved in the construction of the new buildings will be \$5,000,000. The new buildings will cover seven acres of land. More than 400 skilled workmen will be employed.

### ONLY ANSWER POSSIBLE

London, Feb. 14. — The reply of the United States to Germany's offer to negotiate is editorially declared here to be the only answer compatible with America's self respect. The Morning Post sees in this incident an even more profound misapprehension of the American character by the Germans than usual for, it adds, "it does not seem to have occurred to them that the proposal was an insult." The Daily Mail comments approvingly on President Wilson's reply.

### PATROLS SWARM AROUND SHIPS

New York, Feb. 14. — Travelers from Europe arriving here on British ships speak of the extreme activity of the British patrolboats which they say swarmed about them during their journeys through the submarine war zone. Passengers on the Laconia and Ascania, which got in yesterday, testified to the fact that armed trawlers and other patrolboats accompanied them part of the way in relays.

### German People Doubt, but Hope For Way Out

Peace or war hangs by a hair and chance will have a great deal to do with the outcome is the view of the German people, as expressed in Berlin.

There is no sign that the Kaiser will recede from the "ruthless" U-boat order, and it will be followed along the lines originally laid down. All consequences were considered before the order was given and it will be adhered to.

Yet the German people apparently hope that somehow something will occur which will avoid the precipitation of hostilities.

Hall, Millersburg; Christian Hess, Steelton; John Snyder, Harry W. Keeny, William K. Houck, East Hanover; Francis Lentz, Rush; Peter S. Blackwell, Steelton; George W. Raudenbush, Williams-town; William F. Forrer, Thomas Harrison, Hummelstown; George F. Madden, Steelton; Donald G. Hepford, Susquehanna.

## THE PANGS OF RHEUMATISM

Cannot Be Rubbed Away With Liniments

You who are afflicted with this most painful disease—who know from experience just how excruciating its pangs are—get this fact fixed firmly in your mind, and it will aid you in finding a way to a complete recovery. Rheumatism cannot be rubbed away with liniments,—its pains and pangs cannot be wiped out as if by magic. A disease that is so full of torture and finally renders its victims so helpless, is a deep-seated one; it is not on the surface, hence it cannot be reached by external, surface remedies. This is no theory, for your own experience doubtless has shown you that you can never expect to rid yourself of the disease in this way. For the chances are that you, like thousands of other sufferers, have been misled into the hope that liniments, lotions and other applications would cure your rheumatism. But what has been your experience? The pains possibly have been lessened for the time being, but have they not promptly returned, often with increased severity, and are you really any nearer a cure than before? You certainly are not, and you never will be as long as you rely upon treatment that at best is merely a makeshift.

See what Mr. J. L. Agnew, of Mt. Vernon, Ohio, says of his rheumatism: "For ten years I was badly afflicted with rheumatism, the pains in my knees, legs and ankles being almost unbearable. I tried various remedies without results, until a physician advised me to use S. S. S., stating that the disease was in the blood. After taking a few bottles the pains and soreness were greatly lessened. I continued this medicine until all pain, soreness and inflammation were gone, and I was completely cured." J. L. AGNEW, 606 E. Gambler Street, Mt. Vernon, Ohio. This is a typical case, and everyone who has had the slightest experience with rheumatism will continue to suffer and grow worse until they are finally practically helpless, unless they realize that the disease must be combated at its source. Rheumatism is a diseased condition of the blood, the disease attacks the body through the blood, hence the system can be rid of its pains only after the blood has been cleansed of the germs of the disease. Lotions, liniments and ointments applied to the surface may in some cases deaden the pain for the time being, but until you attack the disease at its foundation, you are making no progress toward a cure, and you are permitting the trouble to get a firmer hold on your system every day. This is one reason why Rheumatism is usually a permanent disease, staying with its victims year after year. Getting rid of the disease is merely a matter of treating it intelligently. Knowing that it cannot be cured by external applications, it is folly to rely upon such treatment. S. S. S. is without question the most thorough blood medicine ever made, and it promptly cleanses the blood of every trace of impurity or disease germs. That is why it never fails to give satisfactory results in even the severest cases of Rheumatism. Being purely vegetable without a particle of mineral or chemical in its composition, it works by eliminating and forcing out of the blood all impurities and cleansing it thoroughly, acting as a tonic to the entire system at the same time. It has been in use for more than fifty years, and thousands of sufferers from rheumatism give it unstinted praise. You are invited to write our medical department for full information and advice about the treatment of your own case, for which no charge is made. Address Swift Specific Co., 27 Swift Laboratory, Atlanta, Ga.
