100 Canadian Officials to Examine Fredrick VIII When It Reaches Halifax

Halifax, N. S., Feb. 14. — One hundred government officials and inspectors arrived here to-day from Ottawa to take part in the examination of the steamer Frederick VIII, which will stop at this port on her way to Copenhagen with Count Von Bernstorff and his suite.

Unusual precautions are being taken to guard the members of the party during the stay here. The steamer will not stop at quarantine, as previously reported, but will enter the harbor and anchor a short distance off shore.

It was announced that the examination of the cargo would begin immediately upon her arrival. While Count Von Bernstorff and his suite had been granted a safe conduct by the allied governments, officials said this agreement would not prevent a careful inspection here by experts to determine whether the Frederick VIII carried contraband.

NEWS OF STEELTON

HIGHSPIRE WATER GETS INTO COURT

Public Service Commission Sharply Criticizes Financing of Concern

The Public Service Commission, in a decision handed down to-day by Chairman Alney, declares the rates of the Highspire Water Company, operating in the borough of Highspire, south of the city, are excessive, and orders a new tariff filed by March 1.

The opinion denounces the financing of the company, declaring that a bond issue of \$100,000 made immediately after purchasing the company for \$31,000, was "outrageous."

The decision sets forth that the company was incorporated in 1901 and that a bond issue of \$25,000 was made, \$15,000 being sold and the remainder used as collateral, the revenue increasing until in 1910 it was about \$1,800. In 1910 David Gring acquired the company for \$31,000 cash, the incorporators setting about \$7,500 for their interest in the property. It is declared that "almost immediately" a bond issue of \$100,000 was authorized and that the additional investments made since that time for extension would not exceed \$1,500.

"At the first interest period the inevitable default occurred in the payment of interest on the bonds and has continued to this day," says the opinion. "It is also said that the purchase price of \$31,000 was considerably in excess of the fair value of the property and that \$24,000 is not in excess of actual cost to date. From 1910 to 1915 the property had a gross income sufficient to pay reasonable operating costs, provide for depreciation and leave a net return of not less than six per cent. value. The commission declines to accept a valuation of \$56,836.89, made by an engineer for the company, saving some charges are not based on substantial grounds. It is also stated that the proposed rate should not exceed \$250 per year and that until the present management secured control it was generally about \$100 per year. It is declared that by careful management the revenue can be increased and no allowance should be made for the \$100,000 bond issue tax, and that \$100 should cover "all fair charges" of the company.

Church Workers From Middletown and Mt. Wolf to Be Present at Campaign

OAKLEY SERIES TO BE FINISHED

Remainder of Senate Paintings Will Be Put in Place Within the Year

Settlement will be made in a few days by the State Board of Public Grounds and Buildings with Miss Violet Oakley, the artist, for the paintings in the Senate chamber and Miss Oakley will then begin the completion of the series for the upper house. There are two panels to be painted and they have been stretched out, the themes having been approved by the board. These panels will be in the rear of the hall. They will refer to the history of the State.

When this commission is finished Miss Oakley will begin the series for the Supreme Court chamber. This will deal with the development of law from oral tradition to the codified form of the present day. They will be finished in two years.

In all probability the two Senate paintings will be placed before the end of this year.

Special Agent Here.—Edward C. Wilson, special agent of the State Board of Public Charities was here yesterday on an inspection tour of institutions in this part of the State.

Judge Visits Capitol.—Judge Henry C. Quigley, of the Center county courts, was among visitors to the Capitol. He met a number of the legislators.

Commissioners Here.—Members of the Anthracite Coal Commission were among those at the Capitol yesterday. They filed their report this week and are devoting their work to the report will be considered by the committees on mines.

To Sit in Pittsburgh.—The Public Service Commission will hold hearings in Pittsburgh, Harrisburg and Johnstown to-morrow. The Pittsburgh hearings will be on jitney cases.

To Complete Bill.—The bill providing for State dairy inspection will be completed within a few days, the views of a number of persons interested having been obtained by State authorities.

Accounts Closed Up.—The State Board of Accounts sat until late last evening to close up pending accounts for corporation taxes. The accounts involved thousands of dollars.

To Give Hearing.—It is probable that a hearing will be arranged in a few days for the bill making an appropriation to the State Prison Labor Commission. There is also pending a measure which would vote salaries to the members of the board.

Many to Attend.—Representatives of practically all of the mothers pension boards of the State will be here next Tuesday to attend the hearings to be held on the pension bills. The appropriations committee will sit and the whole subject will be gone into.

Can't Pay For Speeches.—Deputy Attorney General Hargest has given an opinion to Commissioner Jackson in which he holds that there is no State appropriation which would permit of the printing for general distribution of speeches of State officials or members of the State Commission Board. The publications of the State file folders are severely limited by law.

Official Files Report.—Insurance Commissioner J. Denny O'Neil yesterday filed in court his reports on the State Mutual Fire Insurance companies.

Change of Interest.—The Public Service Commission has issued a ruling in which it is held that while 6 per cent is the legal rate of interest on an overcharge claim, the commission does not regard it as unlawful for a person to accept the amount of the claim without interest if settled promptly.

Named as Major.—Marshall Henderson, of Pittsburgh, for seventeen years connected with the National Guard, has been named as major and quartermaster on the staff of Major General Clement.

Lansdale to Fight.—The borough of Lansdale is now arranging to make a contest against the decree of State Commissioner of Health Dixon regarding the sewer in the borough. The matter will go to court in a few days.

Big Company Sued.—The American Car and Foundry Company, which operates the big plant at Berwick, has been prosecuted for alleged failure to install a sewer in the Berwick area. The matter will go to court in a few days.

ADJUSTERS WORKING ON SETTLEMENT OF FIRE LOSS

Adjusters from several insurance companies were working to-day on settling up the loss caused by fire at the warehouse of the Steelton Store Company yesterday afternoon. The exact amount of the loss has not yet been given as \$10,000. The report that the driver on the apparatus used a whip on the team in answering the alarm yesterday was denied by Fire Chief O. E. B. Janner to-day. The chief stated that when coming down Highland street the double-tree broke and when the team reached Front street the wagon-pole broke, throwing the horses into the canal.

RHEUMATIC VICTIM FREED FROM PAIN

Mrs. Jones, of Lingiestown, Tells How She Got Rid of Pains That Harassed Her

LIFE IS NOW WORTH LIVING

"For years I was tormented and tortured by rheumatism and neuralgia pains," says Mrs. Carrie Jones, of Lingiestown, Pa., "my suffering was intense and I did not have a day free from pains for months on end."

"I had pains in my shoulders, neuralgia in the back of my neck and head and over my temples and to add to my troubles I was subject to the most violent headaches imaginable."

"I tried remedy after remedy but the best that I could get was a temporary relief and my pains would come back as soon as the effects of the medicine wore off."

"I was discouraged and miserable and often feared that I was doomed to a life time of suffering. But when I read in the papers of so many people in this vicinity who had been benefited by Tanlac, hope arose in me once more and I decided to give this medicine a trial."

"And now I can say that this wonderful remedy has freed me entirely from pain and suffering and life is once more worth living. All signs of rheumatism and neuralgia are gone and I feel better than I have felt in years."

Tanlac, the famous reconstructive tonic, is now being introduced here at Gorgas Drug Store, where the Tanlac man is meeting the people and explaining the merits of this master medicine.

Tanlac is sold also at the Gorgas Drug Store in the P. R. R. Station.

Found Way to Health Without Using Knife

MRS. MARY A. FERREE

Traxo she was entirely cured. I pray of helping others to health."

Fruitoia and Traxo are compounded from the original Edsall formulas at the Pinus Laboratories in Monticello, Ill., and can be purchased in drug stores; a doctor's prescription is not necessary. Fruitoia is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. One use is usually sufficient to indicate its efficacy. Traxo is a tonic-alterative that is most effective to rebuild and restore the weakened rundown system.

A booklet of special interest to those who suffer from stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

Doctor Recommended Operation for Gall Stone Trouble but Mother Objected.

In her work as an evangelist in the mountain districts of West Virginia, Mrs. Mary A. Ferree, who lives at 1964 Madison Ave., Huntington, W. V., was frequently called on to relieve suffering among her charges and became familiar with the practical value of remedies easily available. When her daughter became ill and the doctor finally said the trouble was gall stones and that an operation was necessary, Mrs. Ferree would not consent. In a letter to the Pinus Laboratories she says: "After four doctors had treated my daughter, and we had tried various remedies without avail, I heard of Fruitoia and Traxo and tried it as a last resort. The first dose brought immediate relief and after using three bottles of Fruitoia and two bottles of Traxo my stomach trouble was cured. My testimony may be the means of helping others to health."

HIGH PRICE OF THRESHING NEW WORRY FOR THE FARMER

"Why should the price of threshing be increased?" This question was put up to members of the Pennsylvania Threshermen and Farmers Protective Association at the annual session in Chestnut Street Hall and brought forth a loud and unanimous answer, "It should be!"

The discussion was a "free-for-all," and because of the vital and personal interest of the question to every thresherman, as many as could get on the floor took part in it. Increased cost of machinery repairs and the continual rising expenses of operation were the chief reasons advanced for an increase in threshing prices.

Addresses were made at the morning session by Ira M. Hart, Mechanicsburg, on "How to Strengthen Our Organization," by E. C. Mervine, president of the National Association of Tractor and Thresher Manufacturers, on "Threshing as a Business," and Mr. Mervine said that the threshing business can be made as profitable, proportionately, as any other pursuit, provided the thresherman has an up-to-date equipment, practices economy and runs his business along modern lines. The thresherman must keep himself posted on present-day methods of doing business as well as manufacturers if he would be successful, the speaker declared.

J. A. Rose, secretary-treasurer, read reports of the association's activities during the past year and outlined the work to be done in the future.

THE SIX PARISIAN MODELS IN "OH! OH! DELPHINE"

MRS. HENRY WITMER DIES

Berrysburg, Pa., Feb. 15.—Mrs. Henry Witmer, aged 67 years, died at her home here yesterday, after a week's illness of pneumonia. She is survived by her husband, three daughters, Mrs. Andrew Derr, and Mrs. Metzger, both of Harrisburg, and Mrs. Stouffer, of Center county, and two brothers, Charles Witmer, of West Fairview, and William Witmer, of Wilconisco. Funeral services will be held on Saturday afternoon at 2 o'clock, at the Lutheran and Reformer church, the Rev. C. P. Weber officiating. Burial will be made in the cemetery adjoining.

EMBARGO ON D. L. AND W.

New York, Feb. 15.—An embargo on freight consigned to points west of Buffalo was announced yesterday by the Delaware, Lackawanna and Western Railroad, effective at midnight last night. Weather conditions in the middle west, including the presence of ice, making ferrying across the Detroit river virtually impossible, was given as the reason. The road has 3,323 cars loaded with freight at Buffalo, which cannot be moved westward, it was stated.
