How to Be Rid of Disgusting Dandruff

The only way to be permanently rid of disgusting, untidy dandruff is to correct its cause. Shampooing merely cleanses the scalp for a few days, then the scales form again as thick as ever.

To destroy the dandruff germ and get rid of dandruff for good, part the hair and apply a little of the genuine Parisian Sage directly on the bare scalp, and rub it in with the finger tips for a few minutes until absorbed by the scalp.

Only a few days' massage with Parisian Sage are needed to destroy the germs that cause the dandruff to form. The scalp becomes healthy, the hair will grow better and show more life and vitality, and you need never be troubled by dandruff again.

Parisian Sage can be obtained from H. C. Kennedy and druggists everywhere. It is not expensive.
