Free From Pain At Last Says Mrs. Straub

Long a Sufferer From Neuralgia She Sought In Vain For Some Respite

TANLAC RELIEVED HER

"For many years I suffered indescribable tortures from neuralgia," says Mrs. Jerome H. Straub, of 915 South Nineteenth street, Harrisburg, Pa. "I tried remedy after remedy, external and internal but all to no purpose for the pain continued to hold me in its grip and I suffered agonies."

"I had pains in the back of my neck and head; and excruciating pain in my forehead and temples so that often I thought I couldn't stand it another minute but try what I would I could get no surcease."

"Then I read in the paper about another whose pains had been relieved by Tanlac and I seized on the suggestion as a drowning man clutches at a straw."

"Imagine my joy and delight when I found that my pains were rapidly fading away. Then came a day when I was free from them altogether and since then they have not returned."

"I feel as if a great weight had been lifted from me, I am happy again and I eat and sleep so much better that I am fast regaining all the strength that was worn away from my suffering."

Tanlac, the famous reconstructive tonic, is now being introduced here at Gorgas Drug Store, where the Tanlac man is meeting the people and explaining the merits of this master medicine.

Tanlac is sold also at the Gorgas Drug Store in the Pennsylvania Railroad station.

OUTGREW HER STRENGTH

A fine, tall daughter, the pride of her parents, may have grown too fast. If, with her height, she is calm, even-tempered, rosy, with bright eyes and a springing footstep, you have nothing to fear for your girl. But this rapid growth is sometimes gained at the expense of her strength. Wayward temper, a constant hunger for sweets, headaches, and a pain in the back and side after a little healthy exertion mean that instead of entering womanhood smoothly and without disturbance, as she should, she is paying already the penalty of thin blood. Watch for moods. Look, after she has climbed a hill or run upstairs, for breathlessness, a color that comes and goes, and a heart that beats fast and painfully. These mean anemia, and an anemic girl will never make a healthy, blooming woman. She is bloodless. Let her have Dr. Williams' Pink Pills for Pale People. Soon a better appetite, bright eyes, calm temper and fresher color in lips and cheeks will tell you she is making new blood. Then all will be well. "Building Up the Blood" is a useful booklet that will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills. Price 50 cents.
