## JAMES ANTHONY GUILTY OF MURDER

Jury at Carlisle Brings in Verdict of First Degree in Newville Case

Carlisle, Pa., Feb. 17.—At 11.20 last night the jury in the murder case of James Anthony, a negro on trial for the killing of Michael Ury, brought in a verdict of guilty of murder in the first degree. The jury was out nine hours, the case having been placed in its hands at 2 o'clock yesterday afternoon. Anthony was charged with causing the death of Michael Ury, a foreman on

railroad construction work at Newville last fall. Anthony struck Ury with a shovel during a controversy about the use of coal belonging to the railroad company. Both men were employed on the Cumberland Valley Railroad improvement work at Newville. Anthony's lawyers immediately asked for a new trial. Judge Sadler gave them five days in which to file reasons. Attorneys for Archie Miller, also convicted of murder in the first degree asked for new trial and were given same time to file reasons therefor. James Moore, colored, pleaded guilty to charge of larceny and was given fine of \$15 and six months in jail. Elmer D. Wilson, of Shippensburg, convicted of assault on his two daughters, received a sentence of \$200 fine and costs, and five to six years solitary confinement in the Eastern Penitentiary. H. B. Crum, who raised the amount in his bankbook and then passed worthless checks, was given \$5 fine and four months in jail. Judge Sadler, in passing sentence on men carrying concealed weapons said

those convicted on that charge would hereafter receive severe sentence. Raymond Lane, of Carlisle, who tried to shoot a man with a pistol, got a fine of \$100 and from eighteen to twenty-four months in the Eastern Penitentiary, and John Dorsey, colored, convicted of cutting a man with a knife, was given eighteen to twenty-four months in the Eastern Penitentiary. Charles Squibb, of Mechanicsburg, found guilty of stealing chickens, was sentenced to a fine of \$50 and from twelve to fifteen months in the Eastern Penitentiary.

The Dial Eliminates That "Doubtful Waiting" Why wear out your nerves with old-fashioned "doubtful-waiting" telephone service? With the out-of-date manual, you are always "in doubt" as to how long it will be before an operator has time to answer you. You are always in doubt whether she "got" the number correctly. She increases your doubt by repeating the number; you are in doubt because she is in doubt! You are in doubt if she is really ringing the number; you are in doubt whether the line is actually busy when so reported; you are in doubt whether it was "your ring" when your telephone bell sounds, always wondering whether someone will sarcastically yell "wrong number" in your ear! Use the Dial It's Positive! You are positive it will take just six seconds until the number you dial is ringing. You are positive the bell is ringing—you can hear it! You are positive the line is busy—when it's in use you get a distinct "busy buzz." You are positive you are called when your Automatic Telephone rings, for every Automatic subscriber has a private ring and a private number. And here's another bit of positiveness— IT COSTS LESS Get in the Automatic to-day save, save yourself money and enjoy positive telephone service. Cumberland Valley Telephone Company of Pa.
