

BRIGHT LIGHTS FROM THE WORLD OF SPORTS, STAGE AND SCREEN

HERE'S A FORTUNE FOR JESS WILLARD

Chicago, Feb. 20.—Probably the greatest purse ever offered for a ten-round bout will be dangled before the eyes of Tom Jones, manager of heavy-weight champion, Jess Willard, and Frank Force, manager of Fred Fulton, when they get together here. It is proposed to stage a Willard-Fulton contest in New York late in March or early in April. Grant Hugh Browne, of Madison Square Garden, wants the bout. Here is what the articles offered Willard call for: The first \$50,000 that comes into the box office. Twenty-five per cent. of all receipts between \$50,000 and \$100,000, and fifty per cent. of all above the latter figure. Fifty per cent. of the moving picture rights or \$30,000 for his share in them.

ANNUAL MEETING LOCAL GOLF CLUB

W. F. Darby Is Given Unanimous Re-election; Recommends Improvements

Plans for the coming season were discussed at length last night. The annual meeting of the Harrisburg Park Golf Club was held at the office of the Park Commissioner in the Calder building. William F. Darby who has been president since the club organized, was given a unanimous re-election. He was also re-elected as secretary. Other officers elected were: Vice-President, T. J. Divine, secretary and treasurer, C. H. Sauers; executive committee, J. H. Thomas, C. H. Holling, H. D. Gilbert, H. T. Neiger, K. E. Richards.

Annual Report President Darby in his annual report, called attention to the successful year, and praised the work of the officers. He suggests the appointment of a manager for the coming season. He opposed the plan to raise the club's handicaps, and recommended a number of improvements, including the purchase of a lawn mower.

C.; George Myers Church, Tenand, N. J., will represent the east.

WELLY'S CORNER

No changes in baseball rules, according to reports from headquarters in New York yesterday. Ban Johnson went home after stating that the spitball was dying out, and that a livelier ball would mean more hits. John K. Tener, of the Nationals, had little to say. In connection with the military training for major league players, it has been suggested that there be a five-minute drill before every game, or at intervals during the season. This, in the opinion of many fans, would stimulate enthusiasm. Harry Rose is playing on the Gettysburg basketball team. He was a big factor last week in the victory over St. Mary's team. To-morrow night Gettysburg will play Bucknell at Gettysburg. This means a hard battle. Millersburg had another rousing baseball meeting last night. J. A. Brubaker, president, complimented the citizens on their loyalty. Plans for baseball and other sports were discussed. Herbert S. Gilbert was elected secretary-treasurer. T. E. Jones will represent the association at all league meetings.

Patronizing of home industry was urged last night at meeting of the Central Labor Union in its rooms at 221 Market street. Local contractors and a local architect, the members urged should be employed for the new school system. Plans for the erection of a labor temple by the various unions of Harrisburg and vicinity were discussed. No action was taken but a temple where all the unions may meet, seems a possibility of the very near future. Increase of the State constabulary, the Shant bill allowing corporations to maintain private policemen and the military school training law were condemned as being out of harmony with the ideals of the organization. A letter from C. J. Driscoll, of the Municipal Research Bureau of New York was read. Mr. Driscoll stated that a survey of sanitary and building laws could be made here if desired by the union.

Only one expressed opposition to the bill made, and that was by Miss Helen Grimes, of Allegheny, who declared that applications from dependent widows were decreasing. Governor Brumbaugh and Dr. J. George Becht, secretary of the Board of Education, spoke in favor of the increase. Miss Helen Glenn, State supervisor of pensions, stated that boards had been organized in thirty-five counties.

TELEPHONE RECEIVER AND TRANSMITTER IN ONE

A novel method for combining the receiver and transmitter of a telephone into one instrument is the invention of an enterprising woman, Rosa D. Hatch, of Memphis, Tennessee. You speak and hear out of the same device. The receiver is mounted where the transmitter is generally placed on other telephones, while the transmitter is secured directly in front of the receiver, according to the "Popular Science Monthly" for February.

"INTOLERANCE" AT ORPHEUM

Superb Spectacle Teaches Lesson of Tolerance and Love's Struggles in the Ages

"Intolerance," the new David Wark Griffith film shown at the Orpheum yesterday and which will be shown for two days more, is not a story—it is a series of spectacles, as the subtitle has it, "Love's Struggle Throughout the Ages." It aims to show how intolerance is the factor at root for the social evils of to-day as in the times of Christ, in Babylonian times, as in the medieval French period. "Intolerance" isn't exactly what one would expect amusement to be. It is entirely too vigorous for that—it is more inclined to be educational with an extra large amount of philosophical broad-mindedness thrown in. "Intolerance" is by far the greatest film ever shown. Magnitude has received a new impetus under the masterful directing hand of the man who gave us "The Birth of a Nation." Scenicly the last is greater than the first, for driving home its lesson it is weaker. The so-called "intolerance" is in reality a visual plea in disguise for the living and let live, and most especially in the teaching more than being an actual chronicle of the times. Charity, in the film, suffers from the interpretation given to it. For its magnitude, "Intolerance" has set a new standard. The cast of characters numbers a galaxy of stars which will scarce be found again on a program. The immensity of the staging and the strict adherence to the historical are marvels of production, as is also the manner in which the counterparts of each period are shown in the three periods of the film. For the film is divided into three parts: Modern scenes are recorded, "Warfare is shown as a reign of terrorism that exacts its toll in the tears and sufferings of the women and children it grinds down. We are fortunate in being able to secure the big film for a return," says Manager Gold. "It is in great demand.

AMUSEMENTS

ORPHEUM — To-day and Wednesday, with daily matinees—"Intolerance," Friday, matinee and night, February 23—"The Other Man's Wife."

Saturday, matinee and night, February 24—"The Girl Who Smiles."

MAJESTIC—Vaudeville. "The Black Butterfly." COLONIAL—"The Black Butterfly." REGENT—"The Right Direction."

"Should a woman's life and conduct be judged by a distinctly different code of ethics from a man's?" Who Shall Judge? a woman have her chance for happiness the same as a man without being judged and condemned by some act of indiscretion in her past life? In a man would simply be winked at? Upon this "motif" is woven the story of "The Other Man's Wife," the cleverest and most interesting of the Orpheum on next Friday, afternoon and evening. Mr. Lambert will be remembered here for his performance of "Manson" in "The Servant in the House."

Added to a reputation for having achieved unlimited success during a run of 200 performances at the Longacre Theatre in New York, and the country-wide popularity of his musical burlesques, "The Girl Who Smiles," cannot fail to command unusual consideration on the occasion of its visit at the Orpheum on next Friday, matinee and night. It is seldom that a musical comedy carries with it such conviction and confidence as an entertainment well calculated to win the most cordial approval.

The season's biggest matinee crowd greeted the new bill of vaudeville which opened at the Majestic yesterday. The Majestic attractions are headed by Fred Hill Ardath and Company, who present an excellent rube comedy act, entitled "A Corner Store." It is, without a doubt, one of the biggest and most hilarious comedies of the year. King and "Harvey" are a popular number on the bill, and they not only sing a number of songs in delightful fashion, but also produce quite a bit of good, clean comedy into their act. The Dancing Golds were enthusiastically received, and their dance offerings pleased their many friends, who turned out in large numbers to greet them. Raymo and "The Birth of a Nation" are also on the bill, and the Great Johnson, trapeze artist, complete the bill.

War, as an argument against war, is the theme of Thomas H. Ince's great "Civilization" cinema spectacle. "Civilization" was first shown in New York last June and run for many months. It comes to the Family Theater for a two days' engagement, Friday and Saturday, February 23-24. "Civilization" is said, cost a million dollars to produce and over a year was spent upon it. Mr. Ince made the work his crowning achievement and it has been hailed by New York and Chicago critics as "Greater than 'The Birth of a Nation.'" For nearly three hours the big spectacle depicts the horrors of war as now conducted in Europe. Battles by land and sea, aerial combats, trench warfare, gas, machine gun massacres, destruction of cities, torpedoing of battleships, sinking of the Lusitania and other grim scenes are recorded. "Warfare is shown as a reign of terrorism that exacts its toll in the tears and sufferings of the women and children it grinds down. We are fortunate in being able to secure the big film for a return," says Manager Gold. "It is in great demand.
