Early Prices Indicate Underlying Firmness: Leather Coppers Make Fraction Reacts S

By Associated Press

New York, Feb. 21. — Early prices
to-day indicated underlying firmness,
though the more substantial gains
were confined to specialties. Gains of
1 to 2 points were made by Continental
Can, General Motors, General Enamelling, American Sugar, Mexican Petroleum and New Haven, the latter
being most active of the rails. Fractional advances were scored by Central Leather and the coppers, while
United States Steel reacted slightly
on an initial sale of 5,000 shares. Marine preferred declined 1½ points and
Texas Company 1½ with fractional recessions in Crucible Steel and American Smelting. By Associated Press
