Dr. Ferdinand King says: EVERY WOMAN EVERY MOTHER EVERY DAUGHTER NEEDS IRON AT TIMES

To put strength in her nerves and color in her cheeks.

There can be no beautiful, healthy, rosy-cheeked women without iron. The trouble in the past has been that when women needed iron they generally took ordinary medicinal iron, which often irritated the stomach and did far more harm than good. To-day doctors prescribe organic iron—Nuxated Iron. This particular form of iron is easily assimilated, does not irritate the stomach, it will increase the strength and endurance of weak, nervous, irritable, careworn, haggard looking women 50 per cent. in two weeks' time in many instances. I have used it in my own practice with most surprising results.—Ferdinand King, M. D.

NOTE: Nuxated Iron recommended above by Dr. King can be obtained from any good druggist, with or without a physician's prescription, on an absolute guarantee of success or money refunded. It is dispensed in this city by Croll Kellers, G. A. Gargas, J. Nelson Clark, and all good druggists.

YOUR EYES  
are you giving them the proper attention? Most anyone by a few simple tests could tell that your sight was defective and that you need glasses of some kind but to tell the exact trouble and fit the proper lenses requires more than ordinary skill. I have made this one thing a study and correct eye defects by looking into the eyes with modern appliances, taking the exact form and shape.

### 2,500 TICKETS TO POLICE BALL SOLD

Police Chief Details Every Man of Day Force to Be on the Job

With 2,500 tickets sold, the Police-men's ball this evening is expected to show a record crowd. All preparations have been completed to make this the record event of the social season and to outclass every other ball ever held by the police.

Just to make sure that every officer of the day force will be there tonight, Chief J. Edward Wetzel "detailed" every man to be on duty at Wintertide to-night. It was hardly necessary, however, for every "copper" on the force has been looking forward to the event for weeks.

Early this morning only nine of the original 2,500 tickets remained unsold. Since Pat Hoffman can sell any amount of tickets Pat got the tickets. An hour later Pat's round face wreathed in smiles, reported these tickets sold. That makes just 344 for Pat at 50 cents per, or \$172.00.

Among the bills passing second reading in the House to-day was that authorizing second class townships to name policemen and the third class city electrical construction license system.

### Legislature Will Adjourn Wednesday Until March 12

The Legislature will reconvene again on Monday night and the plan is to sit until Wednesday afternoon when adjournment may be taken after a fight until March 12. Meanwhile committees will be at work. Several met this afternoon, including the House appropriations committee.

Speaker Baldwin in the course of the morning served notice on members of the House that they must sign their names to bills both as presenters and as reporters from committees. Bills are not being signed by clerks, he said, but the proper practice is for the signature of the member which will be required hereafter.

The bill to provide for some State aid for the borough of Butler in its celebration of a centennial was affirmatively reported by the committee on centennial affairs by Mr. Eby, of Perry.

Among the bills passing second reading in the House to-day was that authorizing second class townships to name policemen and the third class city electrical construction license system.

### CORPORATION TAX FOR HIGHWAY USE

Four Mills on Dollar on All Corporate Loans Is Proposal of Stites' Bill

Mr. Stites, Montgomery, introduced in the House to-day a bill providing for a tax of four mills on the dollar for all loans of public and private corporations and dedicating the proceeds for construction and maintenance of State highways.

The House cleared its third reading calendar with exception of the Perry Frankford arsenal bill which was postponed in the absence of its sponsor. The bills passed finally regulate the employment of persons on compressed air work and transferring several balances of departmental funds.

Mr. Scob, Philadelphia, created some stir in the House to-day by denouncing as "cheap graft" acceptance of free tickets to an amusement enterprise. The remark was called out by introduction by Mr. Phillips, Clearfield, of a resolution thanking the donor of the tickets. The resolution was adopted.

The House adjourned at 12.10 p. m. until 9 p. m. Monday.

A bill making the bureau of township highways in the State Highway Department in accord with the proposed township code was presented by Mr. Siggins, Warren, in the House to-day. The bureau has been in existence for several years.

Mr. Scott, Center, introduced a bill appropriating \$1,250,000 for continuation of construction at the new Western Penitentiary in Center county.

Other bills introduced were: Mr. Vickerman, Allegheny, appropriating \$800,000 for mothers' pensions.

Mr. Ross, Allegheny, prohibiting motor vehicles weighing over four tons from moving over public bridges at over four miles per hour.

Mr. Baker, Washington, providing that public highways be improved by counties and made a part of State routes, can only be taken over by the State on written request of county commissioners and making bridges on State highways a part of official routes.

Mr. Stern, Philadelphia, regulating practice of drugless therapeutics under State board to be named by the Governor.

Mr. McPeake, Washington, authorizing counties, boroughs and townships to enter into contracts for road improvement.

Mr. Scott, Center, appropriating \$2,246,000 to State College, of which \$1,061,000 is to be for buildings.

Mr. Dauphin, forbidding holding elections in places where liquor is sold.

Sixty-two bills to repeal obsolete laws were reported affirmatively to the House to-day by Chairman Eby, of the Judiciary General committee. Over 40 other bills were reported out, several committees having met during the morning.

The Judiciary Local committee indefinitely postponed the bill to place upon operators of automobiles burden of proving they were not negligent during an accident.

NATIONAL GUARD WORK GOES ALONG  
Transfer of Millions of Property Is Now in Progress at the State Capitol

Military property valued at millions of dollars is being transferred by Governor Brumbaugh to the United States disbursing and property officer at National Guard headquarters, who under the national defense act has charge of the property instead of the Governor to whom for years the federal government issued such property.

The disbursing officer is Major Jere M. Leaman, who has been selected by the Governor and War Department. He is an officer of the quartermaster corps.

The quartermaster stores and signal property have already been transferred and the ordinance, including the artillery and arms, is now in process of transfer. Semi-annual reports will be filed.

The military committees will act very promptly on the proposed military code which was drawn to place the organized militia of the State in line with the national defense act.

The appointments in the National Guard and Naval Militia of Pennsylvania have been announced.

Robert F. Gordon, Rutledge, to be captain of Company F, Third Infantry.

C. Francis Linn, Monongahela, to be first lieutenant and assistant surgeon, Tenth Infantry.

Albert L. Byrnes, Philadelphia, to be lieutenant and paymaster, naval militia.

H. M. Righter, Philadelphia, to be lieutenant and assistant surgeon, naval militia.

Thomas W. Rudderow, Philadelphia, to be lieutenant, naval militia.

On Record For Ittner As School Architect  
Until the entire high school improvement program involving an expenditure of \$1,250,000 is completed, the Harrisburg Chamber of Commerce will do everything in its power to see that pledges made last November during the campaign for the passage of the loan are carried out, it was stated to-day.

Directors of the Chamber, in session yesterday afternoon, went on record favoring William E. Ittner, of St. Louis, as architect for the high school development plans. Mr. Ittner was recommended to the School Board by a special committee composed of school directors and members of a citizens' advisory committee. Five members of the School Board voted against Mr. Ittner's appointment.

While Chamber of Commerce directors have not decided any program, it was announced to-day that a close watch will be kept on all high school development work resulting from expenditure of the big loan, so that the money of city taxpayers is spent to best advantage. For this reason, it was explained, the directorate favors Mr. Ittner, claiming they believe him better fitted for the work than any local architect.

ELEVATOR FALL HURTS 20  
New York, Feb. 21.—More than a score of persons were injured yesterday, several of them seriously, when an elevator fell six stories from the roof garden to the ground floor of a Broadway theater. When the cage struck the bottom of the shaft the floor was shattered, the sides gave way and the occupants were hurled together in a heap. Several of the injured were taken to a hospital in their motorcars which were waiting for them outside the building.

13 HURT IN SHIP CRASH  
New York, Feb. 21.—Thirteen persons were injured last night, when the Spanish steamship Joaquin Mumbro, swinging to midstream from her North river dock, crashed into the ferryboat Scandinavian, bound for Hoboken with 75 passengers. The prow of the steamship was driven several feet into the portside of the ferryboat below the water line.

This Little Girl Had the Whooping Cough

There isn't any "cure" for this disease, but her mother wisely rubbed her with the "external" treatment—Vick's VapoRub salve, which loosens the phlegm, and eases the coughing paroxysm. Better than internal medicines for all forms of croup or cold troubles.

Mrs. Walter Bishop, 139 Wright St., Corry, Pa., keeps a "Bodyguard" on hand to protect the family from all forms of cold troubles. This Bodyguard is the Southern remedy, Vick's VapoRub Salve, and you just apply it externally—no harsh medicine to swallow. VapoRub is absorbed through the skin, taking out the tightness and soreness, and is also inhaled as a vapor.

Remember that Vick's VapoRub can be used freely with perfect safety on the smallest child, 25¢ and up.

Keep a little Body-Guard in YOUR home! VICK'S VAPORUB SALVE
