CARTER'S IRON PILLS will help this condition.

THE GLOBE THE GLOBE

Mrs. William Henderson, president of the Civic Club, views the matter very seriously.

"Our streets are a disgrace," she said, "when we are so far ahead of cities of our size in some ways—open-air schools, schools for deficient children, etc.—why in the world must we suffer this? It means a fearful outbreak of disease if it is not corrected at once. I know it is hard to get the men; they promise to work and then break their word and there is a woeful lack of finance but something must be done and if the Civic Club can find the way, you can rest assured we shall accomplish it."

There is pathos in the fact that, in the city of Philadelphia, the Child Federation has been the first organization to urge the attention of the city to the need of clean streets this spring because of the dread and imminent danger of another epidemic of infantlle paralysis. Never before in the world's history has there been an age when childhood meant so much, when the conservation of the lives of the future men and women was of such tremendous national importance. The children of the war-torn countries of Europe are virtually their only hope for the future and who can prophesy when America shall be drawn into the blood-sucking vortex? It seems such a little thing to do. Such a little care and foresight is needed to save our bables and allow them to grow to normal, healthy manhood and womanhood instead of into crippled, deformed wrecks passing their mute condemnation upon the absurdly inadequate management of municipal afairs by the citizens of the present-day Harrisburg.

Must Incinerate Garbage
In Great Britain it has been found

dicipal plant for the disposal of all arbage and rubbish and municipal sollection of ashes.

Something Must Be Done

Mrs. William Henderson, president of the Civic Club, views the matter of the Civic Club, views the matter. the juvenile court in the solution of the problem.

The committee includes: Archdeacon E. L. Henderson, President, William Page, vice-president; Dr. J. E. Oxley, secretary; C. J. Henderson, assistant secretary; John W. Fields, treasurer; W. L. Winstun, Miss A. C. Irons, Miss I. Fisher, Mrs. E. L. Henderson, Mrs. Ethel Jackson, M. A. Garvens, Marshall Ficklin. The com-mittee will submit their report at the next meeting of the league which will

YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You simply say to the drug store man, "Give me a quarter of an ounce of freezone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops of this new ether compound applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that, while freezone is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whittling at his corns, but clip this out and make him try it. You simply say to the drug store

CODES TAKEN UP WITH THE CHIEFS

House Committee Wants to Know How the Departments Are Affected by Them

The judiciary general committee of the House to which was referred the sixty-two bills providing for repeal of obsolete laws has asked

for repeal of obsolete laws has asked the head of each branch of the State government to inform it whether proposed repeal would interfere with the conduct of business of his department. The committee will probably act in a very short time on the repealers, which were drawn to meet objections raised in the veto of the omnibus repealer last session.

The township code presented very tready will be a seen to be a seen t

raised in the veto of the omnibus repealer last session.

The township code presented yesterday will be given immediate consideration by committees and it is possible that hearings will be given if asked. The code is the most exhaustive study of township laws ever made and goes back 200 years.

More Fertilizer—According to officials of the State Department of Agriculture, the registration of fertilizers by manufacturers and dealers in Pennsylvania has exceeded former years. Over 1,300 brands have been registered at the Capitol, the fees amounting to aver \$21,000. The Department has given warning that dealers selling unregistered brands will be prosecuted.

Opening Branches—Branches of the State Employment Bureau will be opened in co-operation of Chambers of Commerce in Williamsport on Monday and in Beaver Falls next Wednesday, the chambers in Allentown, Lancaster, Coatesville, Phillipsburg and DuBols having recently opened such agencies.

Addressed Mecting. — Jacob Lightner, chief of the State Employment Bureau, addressed the Reading Chamber of Commerce on employments bureaus yesterday.

Taken Under Consideration. — The House appropriations committee has taken under consideration the request for additional funds for mothers pensions. The request for \$800,000 has been listed along with the other demands for more money.

Company Complains — The Scranton Railways Company has complained to the Public Service Commission that jitneymen directed to procure State certificates have failed to do so.

SWEEPING CHANGES IN CATHOLIC CLERGY

[Continued From First Page] The Rev. F. Sohl, Mt. Carmel to St.

Authority on History of Church
In addition to being a successful
rector, Dr. Hassett has distinguished
himself as an authority and writer, on
the history of the Catholic Church,
and the relation of church and State
from the beginning of the modern era.
He has made exhaustive studies in
Christian archaeology, having taken
special work in this subject in Rome,
where he received his degree of doctor of divinity in 1903.

For two years he was professor of
church, history and archaeology at
the Catholic University on Washington, D. C. He spent six months in
Rome in special preparation for teaching. He is a strong advocate of social
center work.

center work.

Rev. Carcy Priest 15 Years

The Rev. D. J. Carey, pastor of St. Francis church, who succeeds Dr. Hassett as rector at St. Patrick's Cathedral, was ordained a priest intended from Holy Cross College in 1897, he took a course in philosophy at St. Mary's College, Baltimore, and was ordained a priest at Niagara University February 22, 1902.

His first parish was Conewago chapel, Adams county. From this place he was transferred to Centralia. Later he was sent to York. He came here seven years ago as assistant rector at the Cathedral. From Harrisburg, he was sent to the First church at Lewistown. Five years ago he was made rector at St. Francis church.

The Rev. D. J. Carey has built up a large congration at St. Francis. He has also cut down an indebtedness of \$22,000 to \$5,000, having raised \$11,000 in a very short time.

GEORGIA TO BE 'BONE DRY'

IF REED MEASURE PASSES

Atlanta, Ga., Feb. 21.—Governor Harris yesterday told a delegation of Prohibitionists he would call an extra session of the legislature to pass a 'bone dry' bill should the Reed amendment to the postal bill, now before Congress, become a law.

The Reed amendment would make it a crime to ship liquor into states which

OBERLIN NOTES

Frances Baker, six-year-old daughter of Mr. and Mrs. David Baker, died last evening of rheumatism of the heart. She had been ill but a short time. Funeral arrangements have not been made.

The program for the Patrons' Day exercises to be held to-morrow afternoon, in the High school building, is as follows: Song, by school; essay, by school; debate, "Resolved, That State-wide Prohibition is a Better State-wide Prohibition is a Bette

Says Nervous People Should Read Testimony

People Gladly Tell About Benefits Derived From Cadomene Tablets

Interesting, Sensational Facts

A Rheumatic Convalescent writes

Gentlemen: — Last September I was Gentlemen: — Last September I was taken with what the doctor called Rheumatism. I tried to cure myself with all kinds of Rheumatic Medicines, but they did no good. I got a doctor and he came all last winter and by the first of June I was able to get about after a fashion. I saw about that time an advertisement in the Boston Globe of Cadomene Tablets, and it read just about like I felt—except the pain—and I decided to try it. I took one tablet after each meal for a week with the Rheumatic Medicine and then stopped the latter and just took the Cadomene Tablets and I have gotten well. I am now on my sixth tube. People stop mon the street and want to know what I got hold of to make me look so well, I always tell them Cadomene. There are severally yours, Peter Krauther, S29 Highland Ave. Needham, Mass.

Oct. 21, 1916, Dear Sir:—I am now on my fourth

Dear Sir:—I am now on my fourth box of Cadomene Nerve Tablets and I like them very much, etc.

Respectfully,

J. M. Cain, R. 3, Box 38, Atlanta, Ga. Dec. 2, 1916.
Dear Sir:—Having used several boxes
of your Cadomene Tablets, thought I
would write and let you know I have
received great benefit from them. Your
ad. in our paper is a good thing and
I hope you will keep it up, etc.
Yours truly,
Frank I. Murphy,
3822 Foster St., Pittsburg, Pa.

Note.—Thousands have been bene-field and cured by Cadomene Tablets when all else failed. They are the prescription of a great physician for nervous ill-health and the manufactur-nervous ill-health and the manufactur-

A DELICATE CHILD

Made Strong By Our Vinol

Fayetteville, N. C.—"My little daughter was in poor health, delicate and so weak it made us very uneasy. I heard about Vinol and decided to try it and the results were marvelous, her appetite improved, she gained in weight, and is now one of the health-lest children in town. Mothers of delicate children is town. Mothers of delicate children should try Vinol."—Mrs. Gordon Jessup.
Vinol contains beef and cod liver peptones, iron and manganese peptonates and glycerophosphates which make it a constitutional remedy which creates an appetite, aids digestion and makes pure healthy blood. All children love to take it.

George A. Gorgas, Druggist; Ken-

Mrs. Miles Gets **Back Her Strength**

Rheumatism Had So Crippled Her She Couldn't Pick Up a Pot

or a Pan ACHES AND PAINS ARE GONE

Glass of hot water before breakfast daily keeps the doctor away.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research

water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire allimentary canal before putting more food into the stomach. The action of not water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, billious stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarrer pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.
