

AWAKENS IN HIS LAND OF DREAMS

By Dorothy Dix

There's one search that never goes unrewarded, and that is the search for happiness...

Now, it is a platitude to say that nobody in the world is so fortunate as to have some sorrow or grievance in life...

I am reminded of these timeworn truths by the multitude of letters that I get from fretful and discontented wives who, having everything to make happiness in their lives...

The trouble with these women, and all the rest of us, is that we never strike a balance when we audit our accounts with life...

The woman who has lovely children is blessed and has her life filled full of sweetness, no matter if her husband isn't all that she would like to be...

We speak of happiness as if it were an elusive ghost of joy, but it is a concrete substance that we can make for ourselves...

VOSHILL DEFEATS HERD New York, Feb. 22.—S. Howard Voshell, Brooklyn, won the national indoor tennis singles championship today by defeating Clifton B. Herd, Los Angeles...

MEXICO TO PAY PENSIONS. Mexico City, Feb. 20.—An order has been issued by the department of the treasury re-establishing payment of the pensions to soldiers of the former army...

GIRLS! LOTS OF BEAUTIFUL HAIR

25 cent bottle of "Danderine" makes hair thick, glossy and wavy.

Removes all dandruff, stops itching scalp and falling hair.

To be possessed of a head of heavy, beautiful hair: soft, lustrous, fluffy, wavy and free from dandruff, is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and luster...

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

INSTITUTES DRAW MANY THOUSANDS

Expect That Records For Attendance Will Be Broken to Pieces This Season

Officials of the State Department of Agriculture who have been following the opinion that the attendance at the institutes this season will run away above the 160,000 mark made last season...

The institutes will close about March 10 and the final weeks will be in large counties. Berks county is turning out large crowds at the sessions this week and the greatest interest is being displayed in the cooperative selling and buying propositions and soil conservation.

Lancaster, Schuylkill York and Crawford have their attendance away up and the section in the northwestern part of the State is 25,000 ahead of last season. Somerset and Indiana attendances has about doubled.

The attendance has not only been expected, but very gratifying and the interest shown in the big questions has kept the veteran lecturers sitting in Pittsburgh—Members of the Public Service Commission are holding a series of hearings in Pittsburgh. To-morrow hearings will be held in Erie and this city.

May Organize More.—It is probable that there will be additional forest fire organizations formed in the western part of the State. The meeting at Pottsville next month will establish the largest organization of the kind in the State and it is understood that some other districts are waiting the results.

A move is on foot for an organization in the Central Pennsylvania coal region. Foster Resigns.—Adjutant General Stewart today announces acceptance of the resignation of Lieutenant Samuel D. Foster, company C, First Infantry. He was formerly chief engineer of the State Highway Department and a colonel on the staff of Governor Tener, entering the Guard in order to secure service on the border.

Ferry Right Given.—The Public Service Commission has approved the application of Milton Hess for the right to operate a ferry on the Susquehanna river, near McCall's Ferry, the first grant of the kind for the river in a number of years.

First Inspectors.—Sub-committees of the House Appropriations Committee today visited hospitals in Clearfield, Centre and Luzerne counties. A committee of the State Board of Charities is holding an investigation at Greensburg into charges against the Westmoreland county poor directors.

Senator Speaks.—Senator W. C. Sprout was one of the speakers at the welcome home of the Chester company of the Sixth Infantry. Wilkins Resigns.—W. G. Wilkins, noted Pittsburgh engineer in a speech at Pittsburgh, attacked the proposed ship canal, which has been criticised because of the expenditures on the project.

Arrests in Carbon.—Arrests of several men for sale of milk not conforming to state standards, have been made in Carbon county. The arrests were ordered by Commissioner Foust.

Big Rush on Commissions.—There was not much of a holiday for the commonwealth of the Secretary of the Commonwealth. Over 650 commissions for notaries were sent out.

Compensation to Come Up At Councilmanic Session City Council will hold an informal meeting tomorrow afternoon at 3 o'clock with City Solicitor John E. Fox, to discuss the question of awarding the contract for insuring employees of the city under the workmen's compensation act provisions.

Council originally intended giving the policy to the State Insurance fund. Later representatives of the United States Surety and Guaranty company, of Baltimore, spoke to the commissioners with the result that the ordinance introduced at first was amended to set the contract with that company named to set the contract. The ordinance came up for final passage two weeks ago, but was held over after representatives of the State fund and also the stock company, appeared before council.

By giving the contract to the State fund, council would save the city several hundred dollars, at least, it is claimed.

Other legislative questions relating to forms of preparing ordinances and conducting work in various departments, will be discussed also.

A general cash and garbage situation and the appointees to be selected as inspectors.

Steelton Snapshots To Assist in Program.—The Lyric Musical and Dramatic Troupe of the borough, composed of forty voices, will present a musical comedy, entitled "The New Minister," at the second annual entertainment honor of executive officers and delegates of the District Grand Lodge of Pennsylvania, in Armory Hall, Harrisburg, March 18. The local delegation will make the trip to the city.

NEWS OF STEELTON HIGH PRICES IN CLOSING HOURS

STEEL AND IRON OF POOLROOMS

Worst Railroad Tangle in History of Country Believed to Be the Cause

With the worst railroad tangle known, and with scores of men from the largest manufacturing concerns trying to ferret out cars containing raw materials for their works, it is not surprising that a spot market, with numerous high prices, has developed in steel as well as in iron.

In summarizing the situation the Iron Age writes: "First and foremost pig iron is stronger both for prompt and last-half sales. Foundry iron has been marked up 50 cents to \$1 per ton. Malleable iron is \$1 higher and low-phosphorus and charcoal irons are quoted \$2 above last week's figures. Business has been done in charcoal iron at \$40 at furnace and in low-phosphorus iron at \$45. Basic iron has firmed up; all told in the Pittsburgh district probably 25,000 tons were sold at \$40 and better at furnace address. Iron is scarce, but an inquiry for 15,000 tons for Italy unsatisfied.

"Immediate delivery business in iron was somewhat temporary, owing to the quick realization on the part of consumers that the market was uncertain. The situation took a twist in that consumers near producers found they could secure iron held up by embargoed plants at a price lower than that of the embargoed purchasers to plants near mills.

"Much is expected from the co-operation promised between the railroads and the government, growing out of the recent conference in Washington. Lack of terminal facilities, particularly at several points, has long been a recognized weakness in the transportation system, but it can hardly be charged as causing the present jam in the country. With the few exceptions noted in the great publicity, movement of ocean vessels is substantially as regular as ever. Under an arrangement of some months standing, produce under certain contracts has been stored at terminals, thus to relieve cars. The one loaded car which is not moved except it can meet the 10 cars carrying merchandise for domestic consumption. Several feet of snow over different sections of track and inadequacy of locomotives, however, is the true explanation of such conditions as 18,000 cars stalled on the tracks of one line between Pittsburgh and Buffalo."

Program by C. Class of High School To-Morrow The C. Class of Steelton High School in celebrating the birthdays of George Washington and Abraham Lincoln, will present a program in the high school auditorium to-morrow afternoon.

To Tell of "Steelton's Most Damning" Sin Evangelist E. O. Williams in his speech at the Centenary United Brethren Church tonight will tell of "Steelton's Most Damning Sin." Citizens' Night will be observed. This will be the strongest sermon preached by the evangelist during the campaign.

Mrs. Williams, wife of the evangelist, at the service last night sang a solo, "The Face of My Mother." The theme of the evangelist's sermon was "The Cross and Crowns of Motherhood." The text was, "Take this child and nurse it for me, and I will give thee thy wages." The foundation of the speech was based on the birth of Moses. The speaker declared that a father does in hardheaded reason only by a softer route.

CHOR ENTERTAINED The church council of St. John's Lutheran church, with members of the church choir, Tuesday evening.
