St. Francis to Play Here; Meet Star Hassett Tossers

St. Francis College five will meet the Hassett School of Gymnastics team tomorrow night at Cathedral hall.

Philadelphia, Feb. 22.—President William J. Scheffer, of the Eastern Basketball League, announced last night that he had imposed fine of \$100 on each of Barney Sedran, Marty Friedman and Jack Fox, Jasper players, and Joe Dreyfuss, of De Nerl, for participating in the Jasper-Scranton exhibition game at Scranton on Monday.

These fines were inflicted for violation of the Eastern League rules, Dreyfuss, who is a DeNerl player, was in the Scranton line-up against Jasper, and as the former had no right to play with Scranton under the Eastern League rules, and as the latter team should not have played the game with Dreyfuss lined up against them, they violated the rule.

Dreyfuss used the name of "Barney" in the Jasper game, but President Scheffer announced that he has received reliable information from his Scranton embassy that these four men played in the game and that they could not play in last night's Jasper-DeNerl game, scheduled in this city, until they paid their fines.

Mr. Frazee said the Hawaiians had agreed to pay all expenses while the club was at its training quarters and also transportation expenses to and from San Francisco.

The signed contract of Everett Scott, the Red Sox shortstop, was received yesterday.

DUTIES OF SCOUTS IN WAR TIME

Trained For Wide Variety of Service Under the Flag

Members of the Boy Scouts of America who are yet boys will not be acceptable for military service because our country will not permit a boy to do the work of a soldier, which requires a matured and fully developed man.

Every Boy Scout and every official of the Boy Scout movement will leave no room for doubt as to their patriotism and loyalty to the President and the government of the United States.

As troops or groups in our larger cities, services of the Scouts will be made available to the civic authorities for either temporary or, in some cases, permanent service as the needs may make necessary.

Service of this character will include: Distributing notices and gathering statistics for the use of the city and military authorities; Co-operating in the protection of property by accepting definite assignments for the purpose of giving alarm in case of danger.

How to Do It. In every scout center where there is a local council and in all other communities, committees should be formed through the proper authority, that is, the Mayor, the services of the Boy Scouts of America in accordance with a view of further preparing for any possible emergency, it is suggested that in every community where there are two or more troops of scouts, that through the duly constituted authorities, plans be made and actual practice be had of mobilization of Scouts in the shortest possible time.

Adequate As Now Organized. The Boy Scout Movement will prove adequate for any emergency. Every God and our country, and obey the Scout Law. They will help other people at all times.

They will keep themselves physically strong, mentally awake, and morally straight. They will do their good turns daily. Every Scout will be trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent. Every boy who becomes a Scout pledges himself to do these things.

Useful Things Scouts Can Do. Because of their specific training the Scouts will be prepared to do many useful things. Every Scout who wears a second

perfect. C. Aubrey Smith takes the part of Jack Brookfield, the man whose singular telepathic power furnishes the basis of the story. His personality is pervasive, and his presence and poise the kind that center all interest upon himself, with no need of placement or director. Jack Sherill is the boy, Marie Showell, whose work deserves special praise—the mother.

Others in the cast are: Robert Connors, Lewis Sealy, Helen Arnold and Robert Ayerton. It is a good selection and the parts are well played.

Among the notable scenes of Wm. H. Kibbles "Uncle Tom's Cabin," which is to be at the Orpheum next Wednesday, is the St. Claire "Tom's" home, showing the tropical garden with its fragrant muscadine and orange trees, among which nestles the typical Southern plantation residence, the home of the great plantation owner, Mr. Legrand, on the Red River, with the cotton in full bloom, the wild, rocky pass through Ohio, and the scene changing Ohio river by moonlight.

For the first time in a number of weeks Harold Lockwood and May Allison, the two popular stars, will be at the Colonial Theater to-morrow and Wednesday.

"The Witching Hour" (Seven Parts) By America's Foremost Dramatist, AUGUSTUS THOMAS

Tells the most astounding and absorbing story ever visualized, with situations that belie description. A marvel of photoplay construction with a pre-eminent cast.

class or first class badge is prepared to render first aid to the sick or injured. He could assist at a hospital.

Scouts are trained to observe and remember. They know the public buildings; the locations of fire alarm boxes, hospitals, police stations. They could assist the police and firemen.

Scouts' pace enables them to cover distance quickly on foot when there are no conveyances. With knife, hatchet and cooking kits they would help by shelter and feed persons temporarily homeless.

Practical nature study has taught them the uses of the trees, plants and vegetables. Their training of other boys in the tenderfoot requirements has made them teachers. They would multiply the results of their own efficiency by imparting it to others.

sees it according to the facts peculiar to his case. There must, however, be no uncertainty of purpose, no opportunity for hysteria and ill-advised action on the part of any of our troops or local councils. The stability of the splendid movement to which we are all pledged alike is perhaps about to be tested. The loyalty to those in authority as exhibited in the past is, we believe, a guarantee of the support of every officer and Scout no matter where he may be.

Keep the Troops Going. An important duty will devolve upon those Scout officials who remain at home. Under no circumstances should any troop be allowed to disband or go through the summer without adult leadership because a Scoutmaster or Assistant Scoutmaster has patriotically responded in the present emergency. The Troop Committee, or the Patrol leaders in case the Troop Committee is inactive, should see to it that a nucleus is made, first through the institution with which the Troop is connected and then through the parents of the members of the Troop, until someone is found who will assume the leadership of the Troop, so as to have adult supervision until the return of the Scoutmaster.
