

STATE BOARD TAX TO YIELD HEAVILY

Believe That Stites Bill Would Bring in at Least \$4,000,000 Additional

The bill presented in the House yesterday by Representative Fletcher W. Stites, of Montgomery, will require all public corporations and all corporations chartered under the laws of Pennsylvania to pay a four mill tax on the nominal value of all mortgages, bonds, scrip, certificates of indebtedness, car trust securities and every other security or loan bearing interest, except ordinary commercial paper or notes.

The tax is now paid upon about \$1,600,000,000 of these securities. The Auditor General's office figures that there is upwards of the same amount held by persons not residents of Pennsylvania, the theory now being that they pay a tax in the States in which they live.

Chairman James F. Woodward, of the House Appropriation Committee, thinks it is bad public policy to draw upon money from the treasury to be drawn upon without specific appropriation.

IF FOOD DISAGREES DRINK HOT WATER

When food lies like lead in the stomach and you have that uncomfortable, distended feeling, it is because of insufficient blood supply to the stomach, combined with acid and indigestion.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Back-ache or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy.
