GREEK BLOCKADE IS ABSOLUTE Canned Goods Up 500 Per Cent.; Cold Causes Great Suffering

(Correspondence of the Associated Press) Athens, Jan. 25.—This message is sent by hand on the first ship carrying passengers for America that has left Greece since the declaration of the allied blockade of Greece on December 8...

The blockade of Greece is absolute. The only vessels of any nation allowed to make Greek ports are the rare Italian ones, themselves forbidden to discharge foodstuffs or mails for the island...

All Business The blockade was officially declared on December 8, but has been in practical effect since the first of December...

But primarily this should be a sanitary and not a financial question. Who complains because a sewerage system is not self-supporting?

The Telegraph urges all householders, men and women who have an interest in their city's development...

Lovers Bid For Girl; Ask Judge to Decide

Baltimore, Feb. 22.—Torn between love and more love and loving both loves in equal measures, a prospective bride appealed to Justice Gerecht in Eastern Police Court today to auction her to the highest bidder of her two ardent lovers...

The object of the affection of the two men is Mary Smith, nineteen years old, 768 West Lexington street. The rivals for her hand are Antonio Straccia, twenty-three years old...

In the bidding before Justice Gerecht Sausoni said he had a good business, loved Mary most, earned \$40 a month and will make an ideal husband...

Until the girl can decide for herself which of the two men she will marry she must remain in the hands of the court.

Buncoed, Turns Tables On Crooks, Loses—Wins

San Francisco, Cal., Feb. 22.—James G. Spitzer, of Salina, N. D., who was fleeced out of \$2,800 at Richmond in 1914, got nearly one-half of his money back yesterday and he is now looking for more bunco men who are seeking an easy mark...

February 17, 1915, was the big day for Spitzer. He was approached by a bunco man in Oakland, who saved him \$1,000 in currency to bet on a horse race...

When the Oakland police calmly announced that they would keep the \$1,000 as evidence, Spitzer let off a wail of anguish that bounced off the Berkeley hills...

Spitzer sued and won his case in the lower court. Yesterday the Appellate Court affirmed the findings of the lower court, an opinion by Associate Justice Richards stating that Spitzer "was in sole and peaceable possession of the money" when he was tricked out of it.

Spitzer is now daring the bunco men to come at him again, for he feels that he is still \$1,800 shy on the original transaction.

Bodies Are "Salted" Away by Undertaker

Pittsburgh, Pa., Feb. 22.—A startling discovery was made by Sanitary Inspectors Steinecke and Skirba when, in answer to a telephoned complaint, they investigated the undertaking establishment of A. L. Ballard, a negro, and found the bodies of twenty-five children, a man and a woman in the upper loft of his stable at the rear of the undertakings rooms.

Eight New Carnations Soon Ready For Sale

Milwaukee, Wis., Feb. 2.—Eight new carnations, the result of years of experimenting, will make their debut to the flower-loving public in the next year, having qualified for the honor of being marketable at the annual carnation convention just held at Indianapolis.

C. M. Ward, of New York, has contributed "Crystal White" and "Cottage Maid." The former is said to be the finest pure white carnation ever produced...

"Merry Christmas" is the name of an unusually large red blossom, and the product of an Indianapolis horticulturist. "Pink Sensation," "Fochantosa," a beautiful maroon and "Yellow Prince" are the results of the untiring labor of F. J. Goddard, Boston, Mass.

"Yellow Prince," according to C. C. Pollock, is the first real successful yellow carnation. The finest ones come from Maine, Boston, northern parts of Indiana, Illinois, Wisconsin and from New York.

University Opens Auto Class For Society Folk

Milwaukee, Wis., Feb. 22.—If car-bone collectors on the balance sheet, they will make one part heavier than the other?

These are samples of the questions asked by Milwaukee society women in the weekly meetings in automobile instruction conducted by the University of Wisconsin extension division in its building, Oneida and Van Buren streets.

The classes are conducted every Tuesday afternoon by H. E. Wilson, of the Wilson garage, and are illustrated with lantern slides of automobile parts.

GERMANY USES ZINC WIRE. In order to save as much as possible of her copper and iron, Germany has developed the zinc wire. She is now using it for both ordinary electric wiring at home and for telephone work at the front.

But after innumerable experiments however in perfecting the various stages of manufacture, the process of drawing the wire was especially difficult. But after innumerable experiments however in perfecting the various stages of manufacture, the process of drawing the wire was especially difficult.

Corns Loosen Off With Magic "Gets-It"

2 Drops Do the Work, Painlessly. "I tell you, before I heard of 'Gets-It' I used to try one thing after another and corns still had them. I used bandages and they made my toe so big."

It was murder to put on my shoe. I used salves and other things that ate off more of the toe than they did the corn. I'd cut and dig with knives and cutters, but now no more fooling for me. Two drops of 'Gets-It' did all the work. It makes that corn shrivel and get so loose that you can just pick it right off with your fingers! There has been nothing new discovered for corns since 'Gets-It' was born. It is the new way—the common sense, simple, sure way. 'Gets-It' is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.
